Margaret McGill Candidate For Gov.'s Council

Seeks to Succeed Mrs. Andrews
Who Is Retiring

Miss Margaret McGill, of 82 Madison avenue, Newtonville, has announced that she will be a candidate for the Republican nomination for the Governor's Council from the Third District, which includes this city, to succeed Esther M. Andrews of Brookline, who is retiring from this office. Miss McGill has the endorsement of Mayor Weeks, Ex-Mayor Charles E. Hatfield, and Mrs. Andrews among others.

Miss McGill was born in Dover, graduated from Mount Holyoke College and from 1905 to 1925 was the head of the history and government department at Newton High School. At present she is a teacher in the Bove School, Boston and lectures before clubs on economic subjects. During the World War she served overseas as a Welfare Worker with the 33rd Division and was in charge of an intercollegiate unit at Dikrich, Luxembourg. Miss McGill has served as president of the Women's Educational and Industrial Union of Boston, president of the New England Association of History Teachers, president of the Boston branch, Association of University Women, alumnae trustee of Mount Holyoke College and chairman of the Community Service Committee. For the past two years she has been an official visitor in the family welfare department of the Norfolk prison colony. She will oppose Frank A. Brooks of Watertown, former chairman of the State Parole Board, another candidate for the nomination, who announced his candidacy some weeks ago.

Fall Fatal To Newtonville Man

Patrick Quinn, 74, of 104 Harvard street, Newtonville, died at the Newton Hospital on June 30 of injuries received when he fell down a flight of stairs at his home and fractured his skull. The accident happened late last Friday night. Mr. Quinn was taken to the Newton Hospital in the police ambulance and died within a few hours. He was born in Galway, Ireland and had been a resident of Newton for about half a century. He had been a blacksmith by occupation, retiring from active work several years ago. He is survived by his widow, Mrs. Margaret Quinn; three sons, Thomas W., Joseph P., Frank M. and John P. Quinn; and three daughters, Mrs. J. Edward Callahan, Mrs. William J. Greene, and Mrs. Walter M. Driscoll. His funeral service was held on Tuesday morning at the Church of Our Lady; burial was in Calvary Cemetery.

Firecracker In Bottle—Boy's Eye Injured

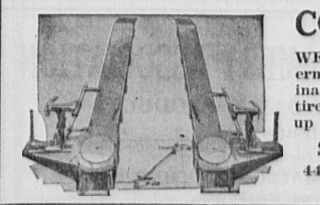

Arthur Deverix, 8, of 516 Waltham st., West Newton, received an injury to his right eye last Friday when a firecracker was placed in a glass bottle by one of a group of boys with whom he was playing. When the firecracker exploded the bottle was shattered and a fragment of glass entered young Deverix's eye. The boy was taken to police headquarters by his mother and then carried to the Newton Hospital in the police ambulance. There it was advised that the boy be taken to the Massachusetts Eye and Ear Hospital in Boston.

Newton Boy Starts On Long Hike

William W. Blair, Jr. of 24 Knowles street, Newton Centre, a 17 year old Newton High student, started Monday morning on a long hike to Truro, Nova Scotia. He plans to cover the 700 miles in 35 days and will spend the summer visiting relatives in that province. According to young Blair's plans he will not hitch-hike, but will use his legs in traveling.

Auburndale Youths Charged With Several Offenses

Curtis Ovington, 18, of 15 Hawthorne rd., Auburndale, and Robert Kinsman, 16, of 452 Lexington st., Auburndale, were arrested at Water town on Saturday night by Serg. Isaac and Patrolman Burke of that town who were riding in a cruising car and had picked up a few minutes previous a radio message from Newton police headquarters telling of the theft of an automobile owned by Charles Moore of 38 Fennel rd., Newton Centre, from in front of that address. Kinsman was driving the car when the pair were apprehended. Kinsman had a 45 calibre automatic in his possession and Ovington had a revolver in his pocket. Neither weapon was loaded. They claimed they had found the weapons and had no intention of using them in the commission of any crime. Both were arraigned in the Waltham court on Monday, charged with taking the automobile and with carrying firearms without permits. Kinsman was also charged with driving without a license. Their cases were continued to July 7.

Newton People Hurt In Auto Collision

Richard Brennan, 20, of 78 No-nantum st., Newton, and Dorothy Warner, 19, of 56 Cypress st., Newton Centre, were seriously injured early Wednesday morning when the car in which they were riding was in collision on Beacon st., Boston, with a taxi driven by Charles Arnold of Allston. They were taken to the Boston City Hospital where their names were placed on the danger list. Miss Warner received concussion of the brain, fractures of the jaw and left ankle and other injuries. Brennan received concussion of the brain.

July 4th Orderly In Newton

The "Glorious Day" was almost free from disorder in Newton. Only two persons were arrested for drunkenness in this city over the holiday. A near fatality occurred at West Newton as a result of an incendiary fire. The police are on the trail of those responsible for this crime.

Aged Newton Man Falls Off Boat

John Koch, 81, of 16 Rockland street, Newton, fell from the fishing steamer "Myrtle" on Monday night at Central Wharf, Boston. He was rescued by a member of the crew, Charles Morley, and treated for immersion at the Haymarket Relief Hospital.

Refrigerator Gets Too Hot

An electric refrigerator at the home of Eva Manning, 271 Parker st., Newton Centre, made fire instead of ice cubes at 12:25 a. m. last Saturday when the motor became overheated. Engine 3 responded on a telephone call and the only damage was to the refrigerator, apart from smoke damage.

Incendiary Fire At Newton Centre

The barn formerly used by the Crystal Lake Company at Newton Centre, near Norwood avenue, was partly destroyed by fire shortly before midnight on July 4th. The fire was of incendiary origin. The structure has recently been used for storage purposes by a fruit dealer.

Aldermen Vote \$180,000 for Incinerator

To Be Located on City Land in
Newton Highlands

At the meeting of the Board of Aldermen on Monday night an appropriation of \$180,000 was made for the construction at Elliot street, Newton Highlands, of an incinerator in which will be burned the rubbish, and probably the garbage of Newton. This structure will be located on land owned by the city, part of which is now occupied by buildings of the Street Department. Before the meeting, a long conference was held by the Aldermen and Buildings Commissioner Hagemann, during which the latter explained the details of the proposed incinerator.

The large rubbish and garbage burner is one of the projects authorized by the PWA. It has been planned to ask the Aldermen to appropriate \$200,000 for this structure, but this amount was reduced on May 6 weeks' recommendation to \$180,000. Of this sum \$150,000 will be expended in building and equipping the incinerator and the other \$30,000 is for architects' fees, supervision costs and incidentals. Metcalf & Eddy of Boston, consulting engineers, will have charge of the construction of the incinerator. This company also had charge of the construction of the high level sewer at Newton recently.

It is planned to operate the incinerator 24 hours daily, from Monday morning until Saturday night. The combustible rubbish burned is expected to create sufficient heat to consume garbage without causing any disagreeable odors or smoke. It is estimated that it will take about four hours for the incinerator to reach a degree of heat high enough to properly burn garbage.

Of the 17 Aldermen present on Monday night, 15 voted for the appropriation. Aldermen Temperley and Cronin, who have consistently been opposed to this project, voted against the appropriation. Alderman Sproat, who had been opposed to the incinerator previously, because he believed the money could better be expended on projects which would afford employment to many more men, voted with the majority. He stated that inasmuch as the incinerator appropriation was assured, he would not oppose it further.

Ray Van Arsdale Dies of Injuries

Ray C. Van Arsdale of 597 Walnut st., Newtonville, who was injured on June 28th, when his airplane crashed at Barnstable, died at the Cape Cod Hospital, Hyannis, the following day, June 29th. His injuries were not supposed to be fatal, but an embolism developed. He was born in New York, 45 years ago, graduated from Hyde Park high school, and then spent eight years in Europe. When this country entered the World War, he enlisted in the aviation service and was an instructor at Kelly Field, Texas. For the past 10 years he has been a resident of Newtonville. He was in the brokerage business in Boston. Mr. Van Arsdale was one of the best known golfers in this State and a close friend of Francis Ouimet and Jesse Guifford. He participated in the recent British amateur championship competition. He had kept up his interest in aviation and was regarded as one of the most expert pilots in this section. For the past five summers he had commuted by plane between Boston and his summer home at Cape Cod. In the accident, which caused his death, two other men were killed, one of whom was Edward McDonald, 21, of Farwell st., Newtonville, chauffeur for Mr. Van Arsdale. He is survived by his widow, Mrs. Helen (Desmond) Van Arsdale; two sons, John and Richard; and a sister who resides in Tampa, Fla.

His funeral service was held on Sunday at Mount Auburn cemetery chapel. Rev. Edward T. Sullivan of Newton Centre officiated.

Alleged Drunken Driver in Court

Arthur George of Ivy st., Boston, was fined \$50 in the Newton court on Monday for driving a car while under the influence of liquor. He was arrested by Patrolmen Jenkins and Manton after his car had nearly hit a pole on Washington st.

Former Newton Man Buys Lighthouse

Captain Warren Clear, U. S. A., a former Newton resident, has purchased from the Department of Commerce the abandoned site and buildings at Harding's Light between South Chatham and Harwichport, Cape Cod.

Newton Child Injured in Natick

Emily Ryan, 5, daughter of Thomas Ryan of 11 Fern street, Auburndale, had her right leg broken on the afternoon of July 4th when she was hit at Natick by a car driven by Lawrence Hanson of Pond street, Natick. She was taken to the Newton Hospital.

New Rector at St. Mary's Church

Rev. Roger W. Bennett; A
Native of Weston

Next Sunday, July 8th, Rev. Roger W. Bennett will begin his duties as rector of St. Mary's Episcopal Church, Newton Lower Falls. He was born on South ave., Weston, the son of Mr. and Mrs. Samuel C. Bennett; the former was an attorney in Boston and for many years prominent in town affairs in Weston. Rev. Mr. Bennett, who resided in Weston for 30 years, studied law and practiced that profession for a short time. He entered the Episcopal Theological school at Cambridge in 1921 and following his graduation and ordination served two years as curate at St. Paul's Church, New Haven, Connecticut. Since then he has been engaged as chaplain and teacher in church schools. He hopes to move into the rectory at 82 Washington st., Wellesley Hills during the early part of August.

D. of V. Attend Funerals of Two G.A.R. Veterans

Sunday, July 1st, members of Mrs. A. E. Cunningham Tent, Daughters of Veterans, and members of J. Wiley Reynolds Camp, Sons of Veterans, attended the funeral of Commander William M. Mick of Charles Ward Post, G. A. R., and Charles Moore of Charles Ward Post, G. A. R.; the first at the Newton Centre Baptist Church and the latter at Myrtle Church, West Newton. An impressive ceremony was held for Comrade Mick, including escort from the church to the cemetery. Edward A. Caldwell of Camp 31 carried the Sons of Veterans' colors.

Cars Collide At Upper Falls

Cars driven by William Hill of Wallace st., Upper Falls, and F. C. Barncot of Quincy, who conducts a granite salesroom at Walnut st., collided at Oak and Needham sts., Upper Falls on Saturday afternoon. Barncot's car was overturned and he was slightly injured. He was taken to the Needham Hospital by a passing autoist.

Rep. Brown Of Billerica to Run For Sheriff

Prominent Legislator is Well-
Known War Veteran

Harry Dunlap Brown, Republican floor leader of the Massachusetts House of Representatives and widely known World War veteran, this week announced his candidacy for the Republican nomination for Sheriff of Middlesex County. Representative Brown is one of the outstanding Republicans in the county and only recently a petition was signed by virtually all Republican members of the House of Representatives urging Gov. Ely to appoint him as Sheriff to fill the vacancy caused by the death of Sheriff John R. Fairbairn. Representative Brown has been a member of the Legislature since 1920 and at the beginning of the 1934 session was appointed Republican floor leader by Speaker Leverett Saltonstall and is ranking member of the House Rules Committee under Speaker Saltonstall. He has served on most of the important committees in the Legislature and is well known and popular among his colleagues.

Representative Brown has a record in the World War, being promoted in France by the regulars from First Lieutenant to Captain, retiring with the latter rank. He was twice wounded in action overseas and served in all major engagements with the 18th Infantry of the 1st Division, Regulars.

Representative Brown is 42 years of age, a native of the city of Lowell, where he was educated in local schools. He was graduated from the Massachusetts State College in 1914 and has been active in all affairs connected with the college. He is a member of the Board of Directors of the Associate Alumni, president of the Middlesex County Group of Alumni, and a trustee of the Middlesex County Extension Service.

He is also a past commander of Harold W. Estey Post, No. 28, American Legion of Billerica, and president of the Billerica Business Men's Association. Prior to entering the Legislature he served on the Board of Public Welfare in Billerica for two years.

He is married and has two children.

Autos Collide on Commonwealth Av.

Five persons were injured about 6 a. m. on July 4th when a car driven by John Maloney of 66 Cummings road, Newton Centre was sideswiped on Commonwealth avenue near Ellison road by a car with a New York registration which speeded by, sideswiped the Maloney car and caused it to hit a tree. Maloney and several other occupants of the car received slight injuries and were treated by Dr. James Cimiglia.

Aldermen Vote To Create New City Position

No Appointment of Public
Works Director Made

A meeting of the Newton Board of Aldermen was held on Monday night. This meeting, advertised to start at 7.45, commenced about nine o'clock. Two important matters were on the docket. One was the creation of an important new office—Director of Public Works; the other was the appropriation of \$180,000 for the erection of an incinerator at Newton Highlands.

The office of Director of Public Works was recommended by Mayor Weeks who held a conference with the Aldermen on this matter on Monday, June 25th. The new official will be the executive with control of the Street Department, Water Department and Engineering Department. The heads of these three departments will be under his direction and control. The Mayor told the Aldermen that he is confident the new office will result in improving the efficiency of the departments affected, and will cause large savings in the operating costs of these departments.

Practically all the discussion regarding the creation of this office and the important hearing it will have on the activities of the city government was conducted in private by the Board of Aldermen in the seclusion of a committee room. The discussion in the open meeting was confined to a question regarding the legal aspect of this matter by Alderman Cronin of Ward 4 (Auburndale), and doubt cast on the alleged benefits to result from the consolidation; the doubter being Alderman Temperley of Ward 5, (Upper Falls member).

Mr. Temperley said he would like to vote for the ordinance creating the new office, but he could not do so until he had more information to convince him that it will result in the advantages claimed for it. He commented that Mayor Weeks at the conference with the Aldermen the preceding week had stated the new office will result in the saving to the city of from \$50,000 to \$100,000. Temperley said this would be great if true, but the Director of Public Works will have to be some "chisel" to save such an amount after the careful pruning of expenditures which the Mayor had announced as having been done in his inaugural address last January. He invited some member of the Board to go into details regarding the alleged savings to be accomplished, and he commented that the first official knowledge he had of the proposed change was one week before, at the conference, although rumors of the change have been extant for months.

Alderman Gallagher of Ward 1, who seems to feel that it is his special duty to enlighten Temperley whenever the latter asks for information, told the Ward 5 Alderman that the centering of supervision of the departments involved under one head, will result in large savings in the purchase of supplies, and will also save much money for the taxpayers by eliminating tearing up of streets by one department after another department has resurfaced these streets. Gallagher did not go into financial details. Temperley stated that if the condition referred to, lack of proper co-operation between departments, has been prevalent in the past, it did not show efficient supervision.

Alderman Cronin called attention to Section 5 of the City Charter which reads—"But no ordinance consolidating the street department, the water department or the public buildings department herein provided for, or either of them with either of the others, shall take effect unless ratified by the voters of said city at the city election next following the passage of said ordinance." Cronin expressed the opinion that the ordinance, in conformity with this section of the City Charter, will have to be ratified by the voters at the next city election. City Solicitor Bartlett ruled that Cronin's point was not well taken. Bartlett contended that there is no consolidation of the departments; merely a director is being placed over them for supervisory purposes. All of the Aldermen present, with the exception of Temperley, voted to pass the ordinance creating the new office.

No official statement, or intimation has been given regarding the recipient of the new office. Many rumors have been circulating about the city as to whom the Director of Public Works will be. The rumor most prevalent the past few weeks by those who think they are politically wise, names a present department head as quite likely to be the appointee.

West Newton Boy Strangely Ill

William Guerin, 16, son of Mr. and Mrs. Frank Guerin of 366 William street, West Newton, was taken suddenly ill on the morning of July 4th while eating breakfast at his home. The boy's jaws became rigid and his heart nearly stopped. The police ambulance was rushed to the house, but the boy had been revived by his mother who dashed cold water on him. He was taken to the Newton Hospital where he had another similar attack on Wednesday night. He is now improved and resting comfortably. The cause of the boy's condition has not yet been determined.

Newton Police Shed Hot Coats

On Monday Chief Hughes of the Newton police issued an order which permits the uniformed members of the Newton police department to be on duty without sweating in the hot blue serge uniform coats, plus the heavy Sam Browne belts. Brown broadcloth shirts, made so that the belts and shoulder strap can be attached, can now be worn by the police, and the coats dispensed with.

Incendiary Fire Nearly Fatal To West Newton Man

Avery P. Ellis of 69 Cherry st., West Newton, nearly lost his life as a result of boys starting an incendiary fire at a barn on the premises about 2 a. m. on July 4th. As incendiary fires had been started there the preceding five July 4ths, Ellis was on the watch and when he heard boys in the yard he ran out. He found the west end of the barn on fire and he rushed into the barn to rescue a horse. Leading the horse to safety, Ellis again entered the barn and was overcome by smoke. He was rescued by a neighbor named Walsh and resuscitated by Newton firemen who worked over him for about 20 minutes. The firemen extinguished the flames after the barn had been damaged to an extent of \$500. The property is owned by James Ellis, uncle of the man nearly suffocated.

John Lund To Reside in Norwalk

John Lund, who will retire August 1st as superintendent of Newton schools will again take up his residence in Norwalk, Connecticut, at 21 Newtown terrace. He announces that he will give lecture courses for teachers and serve as a consultant in educational matters. He will also conduct an extension course for teachers at New York University, in the Division of General Education. Among the subjects to be included in the lectures to be given by Mr. Lund are—"Learning the Child," "Education as Growth," "Marking Systems," "The Newton Experiment." Mr. Lund will also study at New York University towards acquiring the degree of Ph.D.

Nonantum Youth Rescues Boy

Francis Rufo, 19, of Adams st., Nonantum, was rescued from drowning in the Charles River at Allison pit beach on Monday afternoon by Gerard Vergato, 16, of 169 Adams st. The Rufo boy had gone down twice when grabbed by Vergato and taken ashore. Vergato and Robert Wombold of Lyons court, Watertown, applied first aid methods on the boy and resuscitated him.

Population Increase But 69 In Four Years

Sixteen Per Cent of Workers
Are Unemployed

The city of Newton has a population of 65,345. This is an increase of 69 in the last four years since the 1930 federal census was taken.

Preliminary figures gathered by the women census enumerators who canvassed the city during the winter months have just been given out by the director of the Massachusetts Unemployment Census, Mrs. Anne Page, from headquarters at 169 Congress st., Boston, and these figures throw light on employment conditions of Newton. They show that the city has 26,346 workers, of whom 17,583 are men and 8,663 are women. This working group is divided into those who were employed full time when the census was taken, as of January 2nd, the part-time workers, and the wholly unemployed; and percentages of the workers who are out of work are given.

It is recorded that 21,014 of the total number of workers were engaged on full-time jobs when the census was taken. The men number 13,697 and the women 7,317. There are 1,021 part-time workers listed, 663 men and 358 women.

Under the heading of "wholly unemployed" the census table lists not only those who had no work at all when the census was taken but those who were engaged on CWA and other government projects, or temporary work of any nature designed to tide them over the emergency. It is reasoned that these workers were also unemployed as far as industry is concerned.

In this wholly unemployed class are listed 3,323 men and 988 women—a total of 4,311, or 16.4 per cent of the total number of workers.

In releasing the figures Mrs. Page emphasizes the fact that they are preliminary, and asks that if any residents believe they were not enumerated they communicate with her office at 169 Congress st., Boston. A careful canvass was made, followed by a systematic and thorough check-up but in spite of this every precaution is being taken so that no individual shall be overlooked.

Garden Club of W. Newton Visits Fitchburg Garden

On Monday, June 25th, a large group from the Garden Club of the West Newton Women's Educational Club visited the extensive garden owned by Mrs. Mary Coburn, of Fitchburg. The perennials and rock garden plants, of which there were many unusual and rare varieties, were particularly beautiful at this time of year, a large number being in bloom.

The July meeting of the Garden Club, planned to be held at the summer home of Mrs. Edgar P. Hay, will be omitted.

AUBURNDALE CLIMBS TO TIE SILVER LAKE FOR TOP IN TWI-LEAGUE

Defeated by their arch rivals Newton A. C. in a pitcher's battle last Thursday evening Silver Lake now shares first place with Auburndale. Silver Lake came from behind in the last inning to tie the score and then lead when Tabaldi and Moran stole home. Jerry Baldassaro, first batter for A. C. in their last turn at bat hit the first ball pitched, to tie the score once more. After Lyman was caught stealing home Mahoney and Amendola teamed up to score the winning run.

A mental lapse by catcher Lyons of the City Club meant the difference between fourth place and seventh place for his team. With Y. M. C. A. trailing 6-7, men on first, second and third and two men out in the last inning pitcher Adams put over a curve for the third strike. Lyons dropped the ball and it rolled toward first base. Thinking, apparently, that the batter was automatically out, Lyons took his time about recovering the ball and then tucked it in his pocket. In the meantime men had scored from third and second winning the game for Y. M. C. A.

The standing follows:

	W.	L.	P.C.

SPORT NOTES

Martin Loses In Semi-Finals

Don Martin of West Newton was defeated by Alden Briggs yesterday in the semi-final round of the men's single tennis tournament at the Hatherly C. C. Scituate. In the men's doubles Martin teamed with Clark and reached the final round. In this tournament they won from Ridgeway and Griscom but lost the final round to Paul Gubford, Dartmouth star, and Crowell.

STUART—WEBSTER

The home of Mr. and Mrs. John Thomas Webster, 44 Thaxter road, Newtonville, was the scene of a pretty wedding on Saturday afternoon, June 30, when their daughter Miss Helen Denham Webster became the wife of Mr. Horace Clinton Stuart, son of Mr. and Mrs. F. C. Stuart of 21 Harrison street, Newtonville. The double ring service was used by the Rev. Arthur M. Ellis and the bride was given in marriage by her father. A reception followed.

The bride was gowned in white silk crepe with a shoulder length veil and carried a bouquet of sweet peas and white roses. Miss Evelyn Lewis of Reading, the maid of honor, wore a blue crepe gown and carried pink roses. Miss Jean Morris of Needham was the flower girl. Mr. Leonard C. Basset of Boston was the best man. Mr. and Mrs. Stuart will be at home at 44 Thaxter road, Newtonville, after a wedding trip to Maine and New Brunswick.

ARMY—BINGHAM

Miss Elizabeth Bingham, daughter of Mr. and Mrs. Norman Williams Bingham of West Newton, was married to Dr. Thomas Van Orden Urmey of Westfield, New Jersey at noon on Saturday, June thirtieth, at the home of her parents, 125 Prince st.

The bride wore a dress of white crepe with a short elbow length veil. She had no attendants.

After the ceremony a small reception was held which was attended by the family and friends.

DRAPER—WOODBURY

Announcement has been made of the marriage of Miss Ruth Lincoln Woodbury of Auburndale to John Draper, also of Auburndale, at South Hero, Vermont on Saturday, June 30. The ceremony was performed by Dr. Willison C. Gordon of Washington, D. C. assisted by Rev. Merle Shantz.

Mr. and Mrs. Draper will reside at 19 Woodbine st., Auburndale.

Universal joints in Terraplanes and Hudsons are of the needle roller bearing type, with sealed lubrication. Inspection of these joints after long and severe service shows that they may be used indefinitely without appreciable wear.

Recent Weddings

WINSLOW—NICHOLS

Miss Katharine Nichols, daughter of Mr. and Mrs. Philip Nichols of 234 Park st., Newton, was married to Henry Winslow Winslow, son of Mr. and Mrs. Henry J. Winslow of Cambridge, on Saturday afternoon, June 30th, at four o'clock at the summer home of her parents at Monument Beach, Mass. Rev. Chester Arthur Drummond of Newton performed the ceremony. The bride was given away by her father.

She wore her mother's wedding gown of hand-made Alencon lace with a long veil of tulle with cap of Alencon lace and carried white roses and lilies of the valley. Mrs. Horace A. Sechrist, the matron of honor, of Walpole, wore a pink chiffon with hat and shoes to match. Miss Margaret Nichols of New York, who was maid of honor, wore a flame-color dress with hat and shoes to match and the bridesmaids, Miss Elizabeth H. Baldwin of Winchester, Miss Beatrice Colby of Newton, Miss Antoinette L. Jewell of Summit, New Jersey; Mrs. Philip Nichols, Jr., of Newton, Miss Jane Perkins of Watertown, and Mrs. Charles Jackson Paine of Weston, all wore gowns of blush pink with pink hats trimmed with flame color and flame color shoes. All the attendants carried flame colored gladioli and white Canterbury Bells.

John Cunningham Willis of West Medford was the best man. The ushers were Henry Valpey Atherton of Harvard, Samuel Greenleaf Atkinson of Brookline, Lawrence Minot Channing of Sherborn, Harry Patterson Hale, Jr., of Brookline, Stuart W. Cook of Concord, Roger Harding of West Newton, Philip Nichols of Newton, and Edwin M. Shultes, 3rd, of Albany.

A reception was held in the garden immediately after the ceremony.

Mr. and Mrs. Winslow left on a wedding trip to Canada and after October 1st they will be at home at Chaucery st. Cambridge.

The bride is a graduate of Skidmore College, class of 1933, and the groom of Harvard, 1932.

BIGELOW—FERGUSON

Miss Jean Ferguson, daughter of Mrs. Luther M. Ferguson and the late Dr. Ferguson of the U. S. Army, was married to John Brittain Bigelow, son of Rev. and Mrs. Frank K. Bigelow of Pomfret, Conn., on Saturday afternoon, June 30, at four o'clock in Trinity Church, Newton Centre. Dr. Edward Sullivan, assisted by Rev. Mr. Bigelow, father of the groom, performed the ceremony.

The bride wore her mother's wedding gown of flat crepe de chine, in Watteau fashion, with a long train. Miss Ann Wicks of Chestnut Hill, who was the maid of honor, wore white organza over pale green. The bridesmaids, Miss Janet Marston of Newton Centre, Miss Josephine Muther and Miss Mary Elizabeth Lawson, both of Newton Centre, wore pale green organza over green. All of the attendants' dresses had circular trains with large deep toned taffeta sashes. They wore large white straw hats edged with pale green organza with motifs of a deeper shade of green.

Noel Sanborn of New York was the best man. The ushers were Samuel L. Abbott of Pomfret, Conn.; Elstan Tucker of Shanghai, China; John H. White of New Haven, and Robert Merritt.

A reception was held at the home of the bride's mother on Commonwealth ave.

After their return from a wedding trip to Canada, Mr. and Mrs. Bigelow will reside in Pomfret, Conn., where they will be at home after August 1st.

The bride is a graduate of the Beaver Country Day School, class of 1933, and the groom of Harvard, 1933. He is a member of the Harvard Club of New York.

SUTCLIFFE—BOOTH

On last Saturday afternoon, June 30th at four o'clock at St. John's Episcopal Church, Winthrop, Miss Christine Rennie Booth, daughter of Mr. Charles Booth of 88 Birch rd., Winthrop was married to Ell Sutcliffe, son of Mrs. Margaret Sutcliffe of 112 Charlesbank rd., Newton. Rev. Mr. Harper officiated. The bride was given in marriage by her father.

The bride wore a gown of ivory satin with long train and her veil of tulle was trimmed with orange blossoms and she carried a shower bouquet of white roses and lily of the valley.

The maid of honor, Miss Gertrude Booth, sister of the bride, wore a gown of pale blue mousseline-de-soie, a large leghorn hat trimmed with pale blue velvet and carried a bouquet of spring flowers. The bridesmaids Miss Grace Sutcliffe, sister of the groom and Miss Mary Grace of Winthrop wore gowns of green and yellow with leghorn hats and carried spring flowers.

Mr. Wm. R. Sutcliffe, brother of the groom was the best man. The ushers were Thomas Sutcliffe, brother of the groom and William Aston of Newtonville.

A reception was held at the Winthrop Arms, attended by about one hundred guests.

Mr. and Mrs. Sutcliffe left on an extended motor trip across the continent and on their return will reside in Newton.

Mr. Sutcliffe attended Colgate and Brown Universities and graduated from Dean Academy.

BUTMAN—CALDERWOOD

Miss Edna Calderwood of North Haven, Maine, and Mr. Robert Maurice Butman, son of Mr. Maurice Butman of 11 Hale st., were married on Sunday evening at 8:15 p. m. by Rev. J. Dean Goodwin at the home of Mr. and Mrs. Maurice Butman of Hale st. Mr. and Mrs. Butman will reside at 11 Hale st., Newton Upper Falls.

\$50 LESS for a HUDSON 8!

The HUDSON Challenger 8... Unchanged in Power, Size, Beauty... Outperforms ANY 8!

Today there is a lot of confusion about automobile prices in the public's mind. Reductions, new models, changes—they have created a lot of talk and opinion. But the facts are startlingly clear.

Study the comparisons of prices given at the right of the Hudson Challenger 8 with seven competing cars. See how much you save on a Hudson! Study the comparisons of value. See how much more you get for your money! The plain facts show you how far Hudson leads the field in price and in value.

Today—try the Ride that's DIFFERENT!

You'll find just as much difference in the performance of the amazing Hudson as the outward facts indicate. Try it yourself. Just take a normal speed—then step on it! In an instant you are swept forward into an utterly new experience of what driving can be.

There's a Hudson Challenger 8 ready for you to try at any of the Hudson dealers listed.

Recent Engagements

Mrs. W. Dana Follett of 25 Ballard st., Newton Centre, has announced the engagement of her daughter, Miss Elizabeth Woodbridge Follett, to John Frederick Kistler of Morganton, North Carolina. Miss Follett is a graduate of Lasell Junior College, class of 1932. Mr. Kistler is a graduate of the University of North Carolina and of the Harvard Graduate School of Business Administration.

25th WEDDING ANNIVERSARY

Friday evening, June 29th, was the occasion of a surprise party tendered to Mr. and Mrs. James Watson of 362 Ward street in celebration of their twenty-fifth wedding anniversary. A large group of their friends arranged for a dinner party on the Westminster Hotel Roof. The climax of the evening was the cutting of a huge wedding cake and the presentation to Mr. and Mrs. Watson of a handsome engraved silver cake-plate. Dancing was enjoyed until an early morning hour. Those present were: Mr. and Mrs. Charles Chapin, Mr. and Mrs. Harry Thomas, Mr. and Mrs. Harry Crocker, Mr. and Mrs. Nathaniel Doten, Mr. Harry Tomlinson, Mrs. Jane Kingsley, Mr. and Mrs. Arthur Padon, Mr. and Mrs. Robert Elder, Mr. and Mrs. Alfred Tower, Mr. and Mrs. William Williams, Mr. and Mrs. Harry Moore, Mr. and Mrs. Harold Jaques, Mr. and Mrs. William Doren, Mr. and Mrs. Harold Jenks, all of Newton, and Mr. and Mrs. Ralph Swain of Brockton.

Recent Deaths

REV. WILLIAM M. MICK

Rev. William M. Mick of 559 Parker st. Newton Centre, died on June 28. He was born on May 22, 1848, at Buckhannon, West Virginia. This border town was divided in its sympathies between the North and the South. Two of Mr. Mick's uncles fought in the Confederate Army and two in the Union Army. When he was 14, he was seized by a band of Confederate guerrillas. He came in contact with Confederate regulars, among whom were men from his home town, and he joined this regiment, fighting at Gettysburg. After that battle he was permitted to depart, the Confederates supposing he would return to his home. Instead, he contacted with an uncle who was in the Union Army, and served with the Northern forces until the end of the war. He then returned to Buckhannon, where he taught school and conducted newspapers for a few years. After attending an academy at Fairmount, West Virginia, he studied at Mount Union College, Ohio, and after graduating there he entered the Newton Theological Seminary. Ordained a Baptist minister, he held pastorates at Groveland, Mass.; Windsor, Vermont; Lambertville, New Jersey; Providence and Waltham. He then entered the insurance business.

He was prominent in G. A. R. affairs and had been commander of Charles Ward Post for several years. He had also served as State Chaplain. During the past two years he had been confined to his home and the few surviving members of the Post held their meetings at his bedside. During his long residence in Newton Centre, Mr. Mick had taken an active part in civic affairs in this city. He is survived by two daughters, Mrs. Everett Winslow and Mrs. William E. Sander; a son, Wendell R. K. Mick; eight grandchildren and one great grandchild, all of Newton Centre. He is also survived by a brother, Alonzo M. Mick of West Upton. His wife died two years ago.

His funeral service was held last Sunday afternoon at the First Baptist Church, Newton Centre. Rev. Charles N. Arbuckle officiated. Military honors were accorded by delegations from Thomas Burnett Camp, Spanish War Veterans, Newton Post, A. L., and Eugene Daley Post, V. F. W. Comrades from Charles Ward Post who were present included Leonard Boyd, Otis Gray and Charles Rossiter. The pall bearers were Mayor Weeks, Horace Carter, J. H. Gibson, Seward Jones, Arthur Lee, H. E. Locke, Arthur Porter and Homer Sowles. Interment was in Newton Cemetery.

GEORGE MASSE

George Masse of 78 Dalby st., No-nantun, died on June 28. He was born at Ste. Apollinaire, Quebec, 71 years ago and had resided in this city for 47 years. He was employed as an expert cleanser at Lewandows for over 30 years. His funeral service was held at St. Jean Evangeliste Church on Monday and burial was in Calvary Cemetery, Waltham. He is survived by his widow, Mrs. Julia Masse; six brothers, Jean, Joseph and Phillip Masse of Newton, Pierre of Ste. Apollinaire, Quebec, Napoleon of Ste. Agathe, Quebec, and Bartholomew of Arlington, Mass.; and two sisters, Mrs. Sarah Rousseau and Mrs. Angelina Rousseau of Newton.

MICHAEL H. MORRISSEY

Michael H. Morrissey of 37 Jewett st., Newton, died on July 4. He was born in Brookline 82 years ago and had resided in this city for over 30 years. He was for 60 years in the employ of the New York, New Haven & Hartford Railroad, working as an inspector until his retirement some years ago. He is survived by two sons—George P. of Newton and Leo of Arlington; and four daughters, Misses Mary M. and Alice L. Morrissey of Newton, Mrs. Anna Touchette of Watertown, and Sister Dorothy of the Franciscan Order in New York City. His funeral service was held this morning at Our Lady's Church, Newton; burial was in Holyhood Cemetery, Brookline.

JOHN NOLAN

John Nolan of 18 Webster st., West Newton, died on June 30. He was born in Allston, 32 years ago, and had resided in West Newton since a child. He had been employed for the past 5 years by Sears, Roebuck Company of Boston. He is survived by his widow, Mrs. Agnes (Bryson) Nolan; one son, John Nolan; and his parents, Mr. and Mrs. Thomas Nolan. His funeral service was held on Tuesday morning at St. Bernard's Church. Burial was in Calvary Cemetery, Waltham.

FREDERICK H. WHITE

Frederick H. White of 73 Sargent st., Newton, died on July 3, in his 25th year. He was the son of Mrs. Lena (Hadden) White and the late Frederick White, and he had been a resident of this city for 15 years. His funeral was held from his late home yesterday afternoon; the Christian Science service was conducted by Mr. Luther Cudworth. Cremation was at Mount Auburn. Mr. White is survived by his mother; a brother, Leslie R. White; and a sister, Rhoda C.

WHITNEY E. HARMON

Whitney E. Harmon of 53 Memorial rd., Newton, died suddenly of heart failure at his printing office, 144 High st., Boston, on July 2. He was born at Woodstock, New Brunswick, 48 years ago. He was a member of the Commonwealth Country Club. He is survived by his widow, Mrs. Jane Harmon; and his parents, Mr. and Mrs. Allison Harmon. His funeral was held at his late home on July 4th, and interment will be at Woodstock.

"Your Advertising of 43% MORE NON-SKID MILEAGE is all WRONG"

Reports pouring in from G-3 users everywhere read like these: "43% more non-skid mileage is too conservative!"

Top Notch Value—
at Every Price!
Another famous example of Goodyear value possible because Goodyear Dealers sell the most tires—by millions!

GOODYEAR SPEEDWAY

Built with Super-tread Cord—Center traction; tough thick tread; full oversize.

4.40-21 \$4.95
4.75-19 \$5.70

Other sizes in proportion expertly mounted on wheels. Prices subject to change without notice and to any State sales tax.

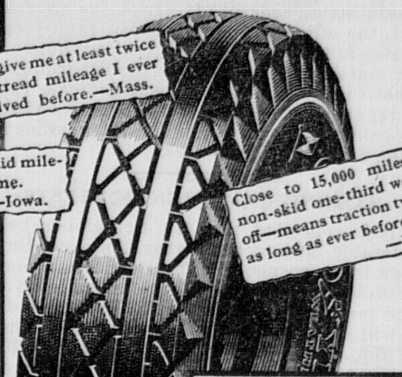

Maybe we have put the figure low, but—Goodyear's 43% statement is based on the toughest tire tests ever devised—speeding up to 50—jamming on brakes—every few miles—day and night—tougher use than most people give tires. Come see this wonderful new G-3 that "The Public Test Fleet" says is better than we claim—the costlier-tire-to-build that costs YOU nothing extra to buy!

ASTONISHING NEW "G-3"

GOODYEAR ALL-WEATHER

Look What You Get—No Extra Cost: 43% More Miles of real non-skid safety... Flatter Wider Tread... More Center Traction (16% more non-skid blocks)... Heavier Tougher Tread (average of 2 lbs. more rubber)... Supertwist Cord Body (Supports heavier tread safely).

says a North Carolina car dealer who has seen G-3's perform for months on mountain roads. "In My Opinion You Have 75% More!"

Will give me at least twice the tread mileage I ever received before.—Mass.

43% extra non-skid mileage and then some.—Iowa.

Close to 15,000 miles—non-skid one-third worn off—means traction twice as long as ever before.—Ill.

18,030 miles—practically 75% of their non-skid left.—Wash.

CORRECTION ON GOODYEAR TIRE PRICES

In the advertisement of Kerrigan Brothers, 749 Beacon st., Newton Centre, and Bram Battery & Tire Service, 252 Walnut st., Newtonville, in last week's GRAPHIC, Goodyear Speedway tires, size 4.40-21, were priced at \$5.40, and Goodyear Pathfinder tires, size 4.40-21, were priced at \$6.50. In both these cases the size should have been 4.50-21.

ARTHUR G. GILLIS

Arthur G. Gillis of 31 Elliot st., Newton Highlands, died at the Newton Hospital on June 28 of injuries received when a tar barrel on which he was working at the New England Pipe Company exploded. He was a native of Orwell Cove, Prince Edward Island and his burial was at Belfast, Prince Edward Island, on July 3.

MRS. SUSAN COLEMAN

Mrs. Susan Coleman of 428 Cherry st., West Newton, wife of Joseph A. Coleman, died on July 3. Her funeral was held on Thursday morning from the home of her father, Milo Fanning, at 31 Auburn st. The funeral service was at St. Bernard's Church and burial was in Calvary Cemetery.

DELGIZZI; on June 29 to Mr. and Mrs. DelGizzi of 372 Watertown st., a son.

Backstage Motion Picture at Paramount Theatre

There have been many backstage pictures of late but Paramount brings to the screen one that is entirely different than any that have been shown before in "Murder at the Vanities" which opens next Sunday for four days. The picture is taken from Earl Carroll's stage play by the same name with eleven stars taking the principal roles besides a big beauty chorus. Duke Ellington and his band furnish most of the music for the play. Among the leading characters are Carl Brisson, Victor McLaglen, Jack Oakie, and Kitty Carlisle. On Monday evening "The Murder at the Vanities" will be the first feature beginning at 7:45.

On the same program will be "Sisters under the Skin" with Elissa Landi, Frank Morgan and Joseph Schildkraut. It is a very interesting story of the triangle nature and with the cast which is in this picture patrons are assured a very fine piece of entertainment.

For the last half of the week, the two sweethearts of the screen are together again—none other than Janet Gaynor and Chas. Farrell in "Change of Heart." The companion picture feature is Mary Brian and Philip Holmes in "Private Scandal." They are supported by Zasu Pitts, Ned Sparks and Lew Cody. This is one of the best mystery stories ever penned. Family nights are Monday and Friday when the main feature is shown first instead of last.

Does any Boston paper print neighborhood news of the towns and cities as well as news of the world at large? Yes, the Globe does. Make the Globe your Boston newspaper.

Police News

Lucifer Ingrassia, 121 Dorset road, Waban, was fined \$25 by Judge Brown in the Newton court on Monday for speeding. It was his second offence within a year. Officer Hammell testified that Ingrassia was driving 50 miles an hour along Beacon street. Robert Hamilton of 13 Wameet road, Waban, was fined \$10 for speeding. Hammell testified that he was driving between 45 and 50 miles an hour on Ward street.

One of the cases on the docket at the Newton court on Monday was on a complaint of Officer Hammell against Kate P. Proctor of Lake Boone, Hudson, charged with parking a car improperly at Newton Centre. Hammell told Judge Brown that after tagging the car, he later found the tag lying on the street, and that Hudson police had not been able to find the defendant. A letter from the Chief of Police of Hudson stated that probably the car had been registered as being garaged in that town to get lower insurance rates on it. Judge Brown placed the charge on file.

P. W. C. COMES BACK

Last fall during the local political campaign a series of articles by P. W. C. attracted considerable interest. This week we begin a series of bi-weekly articles regarding the situations in the contests for nominations for various offices which are of local interest. These articles will cover such offices as the congressional district, senatorial district, the governor's councilor's district, the office of county sheriff, county commissioner, representatives in the legislature as well as the more important contests for state-wide offices. Our readers should remember, however, that these articles in no way indicate the opinion of the editors regarding the candidates for any office. Such opinions will be confined to this column in later issues immediately preceding the September primaries.

COMING CAMPAIGN CONTESTS

Already it is conceded that the September primaries will be of considerable interest in Newton. An exceedingly interesting campaign is in prospect for the Republican nomination for sheriff of Middlesex County to fill the office left vacant by the death of the popular John Fairbairn. Present indications are that there will be a number of candidates in the field. The entrance of Rep. Harry Brown of Billerica into the field is of considerable importance. Rep. Brown is a prominent legislator, and a well-known war veteran with many qualifications. In the past two years we have come to know him very well and believe that the Republican party could make no better choice than to elect him to that office.

Another contest which already is of considerable local importance is that for the office of Governor's Councilor from the third district. The present incumbent, Mrs. Esther Andrews of Brookline, is retiring after ten years' service. Miss Margaret McGill of Newtonville is a candidate for the office and although she will have considerable opposition there will be no better qualified candidate. For many years Miss McGill was a popular teacher in the Newton High School and since has met with success in wider fields. She is well-known throughout Middlesex County as well as in the Councilor district through her activities in connection with the Mass. Women's Republican Club of which she is Middlesex County Chairman.

There is considerable time yet for candidates to enter the fields for various nominations but these two contests have already reached the point where the selection is outstanding.

THE LEGISLATURE PROROGUES

Last Saturday morning, in the wee small hours, the 1934 session of the Massachusetts Legislature prorogued. Featured in the closing hours was an extended debate as to whether or not the members were entitled to a third restoration of the pay reduction of the previous year or but one-sixth as ruled by the attorney-general. The entire wrangle on the part of a few is open to considerable criticism on the part of the public. Although one fully acquainted with the situation might appreciate the principle which was at issue we are glad to record that a large majority were willing to accept the mistake and take their medicine.

Considerable has been said and written to the effect that the legislative session just concluded was the least constructive of any in many years—or perhaps ever in this state. Here again one fully acquainted with the facts can point to numerous pieces of desirable legislation which were of considerable importance. While it is true that the Legislature refused to countenance a unified police bill, biennial sessions, and other important measures included on the credit side of the ledger are the milk-control board, important changes in banking laws, a minimum wage law, and many other affirmative acts as well as the defeat of certain costly expenditures which would work to the further disadvantage of the tax-paying public.

Under The Gilded Dome

The 1934 session of the Great and General Court of Massachusetts came to an end at 4:15 last Saturday morning after an all-night session. With agreement on the pari-mutuel bill to legalize betting at horse and dog racing and also on the bill establishing a milk-control board having been reached early in the day on Friday it was anticipated that the evening session would not be of any great length. Efforts to rectify a previous mistake regarding the salary of members of the Legislature invoked a three-hour debate.

Nearly three months ago the Legislature had enacted a bill restoring one-third of the reduction made a year ago in the salaries of state and county employees, including members of both the House and Senate. Early in June the attorney general was asked to rule upon the bill which restored the pay cuts as of April first and last week it was revealed that his reply was to the effect that the Legislature was entitled to receive one-sixth of the restoration instead of one-third. Regular employees had been reduced last year under a bill effective April first whereas members of the Legislature

had cut their pay back to the beginning of the term in January. When the supplementary budget was reported last Friday evening Rep. C. F. Nelson Pratt of Saugus introduced an amendment to correct the situation, maintaining that it was the intent of the majority of the members to restore their own reduction equally with other employees. At that time there was a fair-sized minority against any restoration which included Representatives Baker, Brimblecom and Luitwiler of Newton.

Representative Pratt sought suspension of one rule after another in order to get the amendment before the House. He finally was granted special leave by the majority of members of the House to introduce a new bill. The bill was referred to the House Committee on Rules over which Speaker Saltonstall presides. The House then took a recess while the committee held a hearing at which several spoke in favor of the proposal while others argued that if the Legislature had made a mistake that it would be better to forget the entire matter. With the Rules Committee reporting that the Pratt bill ought not to be admitted and with a four-fifths vote necessary to overturn the report that matter finally went to roll-call. The proposal was defeated by a vote of 153 to 13 although a standing vote showed a slight majority in favor of the plan to restore two-thirds of the reduction. During the evening Rep. Pratt had even gone to the office of

Senatorial Situation in the First Middlesex District

As Robert M. Washburn would say, in his political column in the Boston Transcript,—the theme song for this week is the First Middlesex Senatorial District and the rumblings therein.

Two months ago the situation was a bit confusing. Sen. Arthur W. Hollis, of Newton, had been unable to decide whether or not to run for a fourth consecutive term. At the same time, a substantial boom for Charles Francis Adams, of Framingham, was making considerable headway. For the benefit of those who might be under misapprehension, Mr. Adams is the First National Stores and Boston Bruins' executive, and not the former Secretary of the Navy, who lives in Concord. Those who are on the inside have always understood that Mr. Adams graciously stepped to one side in the fall of 1932, when Sen. Hollis was anxious to have a third term. This year the Western end of the senatorial district proposed to put Adams across, and it seemed like a fairly simple matter. Like other men of substance in Framingham and environs, Adams could have counted on substantial support from the voters of Newton, including several of our leading politicians. Then late in the Spring came the withdrawal of Adams on account of his health. The path seemed to be cleared for Hollis, but—and this is a very big but—the Western section of the district was not satisfied. It felt that Newton had hogged the senatorial job long enough; in fact, longer than precedent warranted. Political leaders in that locality proceeded to look about for a candidate to replace C. F. Adams. Several prominent and popular men of affairs were considered, at least one of them might defeat Hollis, but at this writing no one has jumped into the fray.

Much may happen, of course, between now and August 14, the closing day for the filing of nomination papers. There is a fair possibility that Hollis will secure a renomination without a contest, but I have my doubts. Here is the reason:

For many years, Republican strategy has called for a fair division of honors between East and West in the senatorial district. About twenty-five years ago the Republicans in our neck of the woods grew greedy; the Western section resented it, became rabid, and proceeded to vote for a Democrat,—the Honorable James H. Vahey, of Watertown, who was elected for the years 1907 and 1908. Watertown is not at present in this district, which was redivided some years ago. Now it is distinctly within the realm of possibility that this unpleasant experience for the G. O. P. will be repeated this year.

Let us now look at our political history. An exhaustive research reveals the following facts: Beginning with the year 1900, the Eastern section of the district has held the senatorship twenty-one years, the Western section fourteen years. That is a 60 to 40 per cent ratio exactly. Newton has held the position seventeen years. Watertown four, with the following men: William F. Dana (Rep.), 1904-1906, inclusive; the late George H. Ellis (Rep.), 1915-1916; Judge Thomas Weston (Rep.), 1919-1920; the late Abbott B. Rice (Rep.), 1923-1926, inclusive; and the present incumbent,

Governor Ely in an effort to enlist his support but the governor refused to intervene.

In the mass of legislation enacted in the final hours one of the most important measures was the supplementary budget bill fixing the State tax this year at an even \$10,000,000. The bill reported by the Ways and Means Committee reduced by a quarter of a million the tax recommended in the governor's message. It provided for a diversion of \$10,000,000 from the highway fund to the general fund in an effort to reduce the gross State tax. Representative Harold E. Cole of Taunton sought to prevent the diversion of the gasoline tax receipts but received little support. The reduction of the quarter of a million of dollars was made possible by the defeat of the police bill, the governor's veto of the bill reducing the hours of labor of State and county penal employees, a reduction of \$45,000 in appropriations for extraordinary expenses of the executive department, a reduction of \$50,000 in the item for development of State forests and a cut of \$10,000 in the motor registry department.

The Legislature enacted a bill extending the powers of the commission on interstate compact with a view to making agreements with other States on uniform labor legislation, particularly a minimum wage law which was recently passed by the Mass. Legislature. The House killed a bill providing for a run-off primary for mayor of Boston and the Senate rejected a bill permitting the Commissioner of Public Safety to appoint ten additional State Detectives. The House sustained the Governor in his veto of the bill reducing from sixty to forty-eight the weekly hours of labor of employees of State and county penal institutions. The House also upheld the Governor in his veto of a bill establishing a board for the regulation of hair-dressing and of a bill to regulate the manufacture and sale of mattresses, other articles of bedding and upholstered furniture.

During the evening Governor Ely signed many measures. Among the most important of these was the pari-

Arthur W. Hollis, 1929-1934, inclusive. All of these men lived in Newton. Watertown held the position 1902-1903 with Henry R. Skinner (Rep.), and in 1907-1908, as referred to above, with Mr. Vahey. While it is true that the Manual of the General Court for those years listed Vahey as "R. I. D."—indicating that he was Republican, Independent and Democrat, all wrapped up in one,—the cold, hard facts are, of course, that Mr. Vahey was a life-long Democrat.

Now turn to the Western section. Natick has held the senatorship seven years, as follows: 1901, William Nutt (Rep.); 1909-1912, inclusive, Henry C. Mulligan (Rep.); 1921-1922, William J. Naphen (Rep.); Framingham, which is acting coyly at the present time, has held the position only four years: 1913-1914, Frederick H. Hill (Rep.); 1917-1918, James E. MacPherson (Rep.). Marlboro has had but one senator, 1927-1928, Edward T. Simoneau. The little town of Ashland, near Framingham, had the senator in 1900, Albert H. Ray (Dem.).

Statistics of this nature are somewhat dry, but the point I wish to make is this: Taking the period as a whole, our section has held the senatorship three years out of every five, if, however, we consider the period from 1923 to date, twelve years, we find that the East has held the position ten years out of twelve, and that we now propose to hold it another two years. Just exactly what would you and I do if we happened to live in the Western part of the district and were confronted by this situation?

Would we endeavor to cajole the sitting senator into abdicating (as has been done unsuccessfully to date)? Would we get busy and select the strongest possible opponent from our end of the district to oppose the Senator? Or would we do what the Western Republicans did in 1907,—bolt the ticket and cast our votes for a perfect of respectable Democrat? This is a hard question. Party lines are not holding very tightly, and it is becoming increasingly popular everywhere to consider the merits and the records of individuals rather than to worry about their party affiliations. Whether or not this is a good sign is beside the point. I am merely suggesting that what happened in 1907-1908 could happen far more easily in 1935.

Senator Hollis is reticent in speaking of his own record, which includes an impressive list of committee assignments, as follows: Municipal Finance, Metropolitan Affairs, Chairman of Mercantile Affairs, and four years service on the Rules Committee, known as the President's Cabinet.

Hollis seldom files a bill but he is vitally interested in the problem of highway safety and has labored unceasingly for years with a view to decreasing the number of automobile accidents. In ten years on Beacon Hill—four in the House and six in the Senate—he has not missed a single roll-call.

In closing, I am sorry to say that the more one roams about the highways and byways of politics, the more one speculates about the successful application of the Golden Rule. According to a good many politicians it seems to run somewhat in this fashion: "Do others as they would do you, only do it first!"

P. W. C.

mutual bill. An emergency preamble was attached to the bill to make it effective immediately in an attempt to forestall an initiative and referendum petition by opponents of the bill. It was reported, however, that the emergency preamble would not prevent such action. The Governor signed the important milk control bill containing a price-fixing provision although he had intimated that he would seek the removal of this power. He also signed the bill requiring fire apparatus to come to a full stop at a red traffic light on responding to alarms and to then proceed with caution. He had recommended that the bill be changed to permit the apparatus to continue regardless of the lights and traffic regulations.

There were a score of other bills which the Governor signed during the evening of more or less importance. Thus the Legislature closed its work after nearly six months of rather contentious action. Although it is said that the Legislature has rejected many important proposals before it there is still considerable legislation enacted on the credit side of the ledger and still more undesirable legislation that has been defeated after lengthy battles. Outstanding of course are the changes in the banking laws guaranteeing deposits in savings and co-operative banks, and also making it impossible for such situations as the Bedford Trust Co. to reoccur. Another important new law gives hope of real progress in the way of reducing the dangers of grade crossings. Still another law provides for the removal of cases of minor infractions of the automobile laws from the district courts. Under new legislation persons buying guns or rifles must register with the dealer who must forward their names to the Commissioner of Public Safety. And there are numerous others in the some 350 matters which received the approval of both branches of the General Court and the Governor. Five vetoes of special bills became law without Governor Ely's signature when both branches voted by more than a two-thirds majority that the legislation was desirable.

About Town

By Edward H. Powers

The Registrar of Motor Vehicles, Morgan Ryan, is constantly exhorting the autoists of Massachusetts to drive more carefully, with less speed and in a sober condition in order that the large number of fatal accidents may be lessened. The Governor has added his plea to that of the Registrar. The other day President Roosevelt appealed to the nation for cooperation in decreasing the slaughter by automobiles. Despite all the pleas made for safe and sane operation of motor vehicles the killings and maimings by automobiles constantly increase. Of what is the answer? Increased speed in cars. Faster busses and bigger trucks on the roads. Ignoring of traffic laws by many autoists. Fixing of cases by police all over the country under temptations of bribes and pressure by influential citizens and politicians. Offenders who are brought into courts found not guilty, their cases placed on file or given suspended fines and penalties, even in undeserving cases by judges who have the "good-fellow" complex. Offenders who are found guilty in lower courts freed by action of district attorneys' offices in the not passing of cases, or by inferior types of jurors who can be reached. Just how many more thousands of Americans must be killed, how many more homes saddened before determined action will be taken in Massachusetts and the nation stop this senseless, unnecessary form of slaughter?

The practice of double parking or stopping of automobiles on streets has become an increase in Newton and elsewhere. It is a common cause of accidents. Truck drivers should not be permitted to block streets because they cannot find parking space nearby next to the curb. And as for drivers of passenger cars who park double because they are too lazy to walk a couple of hundred feet, such persons, be they male or female, high-brow or lowbrow, should be summoned into court and fined.

Hell! Hitler.

That idealistic publication in Boston which has been castigating the Massachusetts Legislature that prorogued last week after an unusually long session is not far from the truth when it labels that Great and General Court as a very inferior political body. The fact that so large a percentage of the present Legislature are men of seemingly small calibre indicates that the electorate in the districts which sent them to the State House is also of small calibre. Fortunately, Newton's representatives in the Great and General Court cannot be included among the large list of apparent undesirables.

Herr Hanstaengl seems to get the breaks. According to reports in the daily press he was living in the comfort and security of New York City during the World War when his fellow countrymen were being killed by the hundreds of thousands in France. And he was enjoying the hospitality of American millionaires the past week during the internecine Nazi strife in Germany.

Do you remember last Winter when you were complaining about the cold and wishing for hot weather? So, don't squawk now about the torrid temperatures we have been getting. Boston and vicinity is cool compared with other parts of this U. S. A. and the world.

Newton Post, American Legion, has distributed window cards to stores in the Newtons asking the public to refrain from giving money to men who make a good living by soliciting contributions in Newton and other parts of this State on the claim of being disabled veterans. These men are not residents of Newton and operate on State peddler's licenses. The law regarding the issuance of such licenses should be changed to end this means of getting easy money.

Nature is just as beautiful and bountiful as it ever was. In fact, it is more bountiful because of the discoveries and inventions which enable mankind to obtain more of nature's products. The sorry condition of the world today is caused by the cupidity and stupidity of the human element. But, men will overcome the social and economic difficulties which now beset civilization even though the process is and will be painful. One could not help but be somewhat optimistic as we wrote this yesterday morning. The sun was shining brightly, the air was clear and cool, the robins were singing cheerfully and at 6:30 a Newton Corner newsboy came along Centre ave. with his bundle of papers, starting out on his route and whistling happily. All of the rising generation are not wastrels. If given the opportunity, enough of the youth of today would work gladly, and if they are not given the opportunity in the next few years, they will try to create it and endeavor to undo the sorry mess resulting from the "chiselling" complex of the generation before them.

The immunizing of dogs in Newton last year has proved its worth by the fact that while there have been many cases of rabies in nearby communities in recent months, this city has been almost free from this scourge.

About noon on Monday a huge limb on a tree at Cherry st., West Newton, at the Waltham line, broke off and fell onto the street. A Pennsylvania car was passing at the time and quick action on the part of its operator enabled him to run the car onto adjoining land, with the big limb just grazing the roof of the automobile.

The writer is not a septuagenarian, but we can remember when male bathers at public (and private beaches) were prudishly attired in impractical two piece bathing suits, the shirts

of which reached well below the waist line, and the trunks to the knees, or lower. The girls and women bathers in those quite proper days were even more decorously attired. The suits were on a "Mother Hubbard" pattern, skirts half-way to the ankle, and stockings a necessary part of the bathing costume. The first departure from this old-fashioned women's bathing ensemble came when Annette Kellerman, the beautiful and shapely Australian, displayed her perfect form and her swimming and diving expertness by demonstrating various strokes and dives (including the Australian splash) at Revere Beach and other places, about the beginning of this century. Skirts on bathing suits for females became shorter, sleeves disappeared, and eventually stockings were discarded. Bathing suits for both men and women became scantier in the years since the World War. The trend in that direction has been quite rapid the past few years. Now, the males at beaches are bathing or sunning themselves nude from the waist up, and many of the females in the same lack of attire, except for scanty brassieres. This near nudity is considered immoral and indecent by many, but it is not the lack of attire above the waist line of bathers or sunners that moves us to write these paragraphs.

It is the lack of attire below the waist line. A considerable percentage of bathers at public beaches this year seem to think it smart to display parts of their anatomy which in the past were not even mentioned in polite society. This vogue is indulged in by females (young and not so young) even more than by males. And, from an aesthetic consideration, we have yet to observe any exhibitionist whose claim to possession of a "form Divine" is enhanced by disporting on a beach thus exposed. If such a modernist could but get a rear view of himself or herself, he or she might realize what Burns meant when he wrote:

"Oh, would some power
The gifts divide us,
To see ourselves,
As others see us."

What changes time effects. We read a couple of days ago that the Newton Rotary Club was addressed by James Brendan Connolly, noted author of sea stories. Forty years ago we knew "Jimmie" Connolly, a regular patron of the old Charlesbank gymnasium, and an athlete of note.

Postal officials request that Newton residents cease the practice of placing a 25 cent piece in an envelope in payment of the fee for the swimming tag for Crystal Lake beach. Many such coins sent to the office of the Playground Department at City Hall have worked through the envelopes and have been lost. The loss must fall on the sender. The Post-office Department constantly warns against sending coins in envelopes. If you can't go to City Hall for your permit, send a postal money order.

Did Herr Hitler ever read "Frankenstein?"

Isn't it too bad the U. S. A. did not comply with the demands of the dupes in this country and become involved with the rotten European mess as a member of the League of Nations?

Of course you like birds. Especially robins; about the only song bird now common in this city. And you prove it by keeping that cat of yours restrained during these weeks when the young robins need protection from preying cats. There is a robin's nest outside our house; and two cats of the neighborhood, with murderous intent, have been stalking it. We have an idea these cats may get rough treatment; and it won't be from the robins.

PRONOUNCE IT C-O-V-E

Cohb (pronounced Cove), Ireland, is Europe's nearest port to New York. The distance is 2,876 miles. It is the main Irish port of the Cunard and White Star lines, now merged.

CHRISTIAN SCIENCE

"Sacrament" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, July 8.

The Golden Text is: "The bread of God is he which cometh down from heaven, and giveth life unto the world" (John 6:33).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "But when the morning was now come, Jesus stood on the shore: . . . Then Jesus saith unto them, Children, have ye any meat? They answered him, No. And he said unto them, Cast the net on the right side of the ship, and ye shall find. They caught therefore, and now they were not able to draw it for the multitude of fishes" (John 21:4, 5, 6).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "When will Jesus' professed followers learn to emulate him in all his ways and to imitate his mighty works? May the Christians of to-day take up the more practical import of that career! It is possible,—yea, it is the duty and privilege of every child, man, and woman, —to follow in some degree the example of the Master by the demonstration of Truth and Life, of health and holiness" (p. 37).

Measuring Money

OUR present decimal system of money was adopted 151 years ago, Friday, July 6, 1783.

Not only do we need a system for measuring money in dollars and cents, but also for saving money.

The best system, you will find, is adopting the habit of spending less than you earn and banking the balance in the Newton Centre Savings Bank every pay day. Try it!

—B. S. Bernhard has rented the property at 89 Morton st.

—Miss Helen Jackson of Parker st. is the guest of her brother at Cotuit.

—Mr. and Mrs. Geo. Rice and son "Dick" of Parker st. left Tuesday for Seattle.

—Mr. H. H. Bronson and son of Parker st. spent the week end at West Harwich.

—Mrs. A. O. Fulton and children of Hancock ave. are at Oyster Harbor for the summer.

—Mr. and Mrs. F. S. Woods of Summer st. leave Tuesday for a vacation in Maine.

—Mrs. R. H. Norton and daughter of Oxford rd. are at their summer home at Cataumet.

—Dr. Robert Joseph Donovan has been appointed resident surgeon at Massachusetts Memorial Hospitals.

—Mrs. H. M. Sutton and daughters of Westbourne rd. are spending the summer at Silver Lake, Chesham, N. H.

—Mr. and Mrs. Townsend H. Cushman and family of Elgin st. are spending their vacation at West Brattleboro, Vt.

—Messrs. William and "Jim" Rowley of Devon rd. are the guests of their aunt, Mrs. F. H. Hopkins of Montreal and Beaufort.

—Miss Jane Friedman of Grafton st. is visiting friends at Marblehead after which she will spend the summer at Camp Hiawatha, Me.

—Mrs. Leslie Harwood of Beacon st. and her sons, Henry and Hugo, are at their summer home in Wayne, Me., for the season. Mr. Harwood will join them for week-ends.

—Miss Dorothy Chapman, daughter of Mr. and Mrs. Frederick S. Chapman of Commonwealth ave. left Tuesday for the Katharine Ridgeway Camp for girls near Augusta, Maine, where she will spend the summer.

—Miss Marie Devlin of Langley rd. has returned from Pittsfield where she visited Lieut. P. H. Devlin who is in charge of the 127th Co. C. C. C. Mr. Charles H. Fischer of Lexington, who was a classmate of Lieut. Devlin at M. I. T. also visited him over the week-end.

NEWTON PEOPLE TO ATTEND SUMMER INSTITUTE AT WELLESLEY

The dirt farmer will have a chance to ask the U. S. Secretary of Agriculture some direct questions next week, when men and women of many vocations will gather informally with experts in their fields at the second Institute for Social Progress at Wellesley in session for the next two weeks. Newton will be represented by Miss Cornelia M. Anderson of 33 Ledges rd., and Miss Elizabeth N. Donovan of 117 Cypress st., Newton Centre, and by Clarence N. Stone of 222 Prince st., West Newton.

"Pinned" piston rings, used successfully in Terraplanes and Hudsons for the past two years, are retained in the 1934 models. Rolls Royce is the only other car in the world using "pinned" rings.

Letters To The Editor

ANOTHER BOOST FOR OUR NEWTON FIREMEN

During the early morning hours of July 4, a fire occurred in the shed adjoining the main barn on our farm at 69 Cherry street, West Newton. In rescuing a horse in the smoke filled barn, I was overcome by the dense smoke.

Mr. John S. Welsh, a neighbor of 65 Cherry street, dragged me to a place of safety. First aid was rendered by the fire ladders from Newtonville.

I heroby wish to thank all who assisted and in particular Capt. Henry Seaver, Engine 4, Newtonville.

Respectfully yours,
AVERY P. ELLIS.

69 Cherry street,
West Newton.

—Bill Hinman of Harrington st. is at Hatchett Mountain Camp for the summer.

—Miss Louise Nickerson of 84 Walker st. is a guest of her aunts in Barnstable.

—Prof. Atlee Lane Percy has been appointed Dean of the Boston University summer school.

—Charles D. Brown of Salem has rented from Catherine MacDonald the property at 60 Walker st.

—Dr. Wm. T. O'Halloran and family have just returned from Manchester, Vt., where they spent a few days.

—Mr. and Mrs. C. A. Wentworth and children of Foster st. will go down to Brant Rock tomorrow for a two weeks' vacation.

—Mrs. Samuel L. Thompson and her two sons are at Pocasset for the summer. Mr. Thompson will join them for the week-ends.

—Mrs. Stella Brigham and her son, Mr. Lewis Brigham, of Watertown st., have concluded a two weeks' vacation in Vermont.

—Prof. C. M. McConnell of Cabot st. is giving a course in rural leadership at the summer school of Purdue University in Illinois.

—Mrs. Howard C. Thomas with her sons, Howard, Jr., and Charles, went down to Wellfleet on Wednesday to spend ten days with her sister, Mrs. Maurice Maker.

—Mr. Margaret M. Blair of 230 Walnut st. was maid of honor at the marriage on Saturday of Miss Laura Courtmanche and Mr. Russell Eisenhauser in Taunton.

—Mrs. E. E. Chamberlain and son, Cheddo, of Harvard st., spent the holiday with the First Methodist Church School of East Cambridge at its summer camp in Westford.

—Miss Dorothy Logan will be a bridesmaid at the marriage tomorrow of Miss Olive "Polly" Wheelock and Mr. Lorin C. Tarlton at "Green Lanes" in Fitzwilliam, N. H.

—Mr. and Mrs. George F. Williams and their daughter, Catherine, will motor up to Union, Me., tomorrow, where Mrs. Williams and her daughter will spend a week in the home of Mr. Williams sister.

—Mr. and Mrs. Edwin P. Cawte and their daughter, Miss Olive Cawte, of Dexter rd., are spending some time in the Adirondack camp of Mrs. Cawte's mother. They plan to visit the Chicago fair before returning home.

—Mr. David McLellan, M. I. T. student, is a counselor at Camp Beachmont, East Wolfboro, N. H.

—Miss Ruth Lucas of Holly rd. will be a camper this summer at Camp Kuhnawambek, Converse, Me.

—Dr. and Mrs. H. L. Andrews of Waban ave. have returned from a motor trip to Lake Placid, N. Y.

—Miss Pauline Congdon of Waban ave. is visiting in Hamilton, Ontario, with a party of college friends.

—Mrs. J. Earle Parker of Metacommet rd. is having as her guest this week her mother Mrs. Burdett of Pittsford, Vt.

—Mr. A. Robert McLellan of Collins rd., a Dartmouth student, is a counselor at Camp Beach Road, East Waterford, Me.

—The Rev. Mr. Joseph C. MacDonald of the Union Church with Mrs. MacDonald and children are vacationing in Wilton, Me.

—During the months of July and August the Church of the Good Shepherd is closed with exception of the eight o'clock service.

—Miss Ethel Jones of Beacon st. with a party of friends is leaving soon for an extended trip through the Yellowstone National Park.

—Mr. and Mrs. W. Dean Preston, Jr., and daughter Barbara of Metacommet rd. have returned from a two weeks' visit at Provincetown.

—The Misses Peggy Tebbitts, Betsy Warren and Betty Steggen are campers at the Girl Scouts Camp in Gloucester, Mass., for the summer.

—Among the campers at Camp T. Ledge, Orr's Island, Me., are the Misses Helen Wiley, Virginia Mosser and Jane Mosser—all of Avalon rd.

—Mr. Palmer Congdon, a student at Harvard Medical School, is doing special work in the laboratory at Deaconess Hospital, Boston, this summer.

—Mr. Richard E. Hale of Waban, Mr. Prescott Wellman of Newton Centre, and Mr. John Kendall of Belmont have gone to the Appalachian Club Camp at Cold River, N. H., for a month.

—Mrs. Ellis Gates of Windsor rd. was house guest at a most delightful party given by Mrs. Henry Short of Carlton rd. The occasion was the birthday of Mrs. Gates. A large number of guests were present.

—Gordon and Donald Black left last Friday for Camp Medomak, Washington, Me., to be gone for the summer. Robert Black leaves tomorrow for Kewadin Camp, Timagami, Ontario, Canada, to be absent for two months.

—Miss Phyllis Reinhardt of Waban ave. has returned from Wheaton College where she graduated this spring. While at Wheaton Miss Reinhardt majored in art and is planning to continue her studies in Europe next winter. Her mother, Mrs. Geo. F. Reinhardt, will accompany her.

THEY CALL THEM DELICACIES

The eggs of the dragon fly are made into croquettes in Mexico, says Captain R. V. Peel of the Mauretania. They are said to taste like shad roe. Katydids, rolled in a tortilla, are another delicacy, he says.

Newton Highlands

—Miss Ruth H. Taylor of Lake ave. is visiting at Vineyard Haven.

—The Kent family of Woodcliff rd. are at the Cape for a few weeks.

—Everett Bunker of Lakewood rd. has gone to Wells Beach, Maine, for a few weeks.

—The Dr. Keith family of Hartford st. are at Barret, Vermont, for a few weeks.

—Mr. and Mrs. Lakin of Woodcliff rd. have gone to Holton, Maine, for the summer.

—Miss Charlotte Field, who has been visiting here, left this week for Jamaica Plain.

—Letter Carrier Humphrey Anderson has moved to Centre st. from Newton Centre.

—Mr. H. A. Davidson and family of Harrison st. are at Norway, Me., for the summer.

—Miss L. C. Morton of Lake ave. is spending the summer at Boothbay Harbor, Maine.

—The McHugh family of Walnut st. are at Lake Winnepesaukee, N. H., for a few weeks.

—Mr. Harry P. Whitney of Winchester st., who has been seriously ill, is now recovering.

—Miss Marjorie Ernst of Clark st. left this week for Lynn where she will visit relatives.

—Mr. and Mrs. G. C. Frolich of Lincoln st. have been spending the week in New Hampshire.

—Everett Miller of Erie ave. is at the Y. M. C. A. Camp at East Brookfield for six weeks.

—Miss Ruth Barr of Erie ave., who has been ill at the hospital, has returned to her home.

—Mr. and Mrs. C. D. Miller of Lakewood rd. are spending a few weeks at Annisquam.

—Miss Doris Hardy of Hillside rd. will spend her vacation at Provincetown and Ocean Park.

—Mr. and Mrs. Carlton Maloney of Floral st. have returned from their vacation spent in Maine.

—The Sullivan family of Dedham st. are spending their vacation at the cottage at Scituate.

—Mr. Dana Sylvester and family of Mountford rd. have been spending the week at the seashore.

—Mrs. W. E. Moore of Hillside rd. is spending the summer at her girlhood home at East Georgia, Vt.

—The Misses Bertha and Jennie O'Connor of Erie ave. are at Dover-Foxcroft, Maine, spending the week.

—Mr. W. E. Gilligan of Laurelton, L. I., N. Y., has been spending the week with the Webster family of 30 Erie ave.

—Mr. and Mrs. Charles H. Delaney of Floral st. have been spending a few days at their cottage at West Rindge, N. H.

—The Misses Smith of Rockledge rd. are in Camp, and Mr. and Mrs. Smith are at Marshfield, spending their vacation.

—Mrs. Samuel Simpkins of Aberdeen st. was the week end guest of Mr. and Mrs. Lahey at their cottage at Kimball Beach.

—Virginia Horrigan of Winchester st., who has been ill at the Newton Hospital several weeks has returned to her home.

—Union Church services were held last Sunday at the Cline Memorial Methodist Church and will be held at that church on July 8th and 15th.

—Mr. and Mrs. Ernest E. Fewkes of Hyde st. celebrated their twentieth wedding anniversary last Wednesday and have been enjoying a trip through the Berkshires, Vermont and New Hampshire.

—Miss Bessie Marye Hunton of Walnut st., sailed for Europe from New York June 23rd. She will spend the summer travelling through England, Belgium, Holland, Germany, Austria, Italy, Switzerland and France.

Meaning of "Silly"

There are several English words which have been in the past so often used ironically that in due course of time their original meaning has become reversed. The word "silly," for instance, once meant "blessed" or "happy."

THE SECOND CHURCH IN NEWTON WEST NEWTON

Rev. Boynton Merrill, D.D., Minister

William Lester Bates Organist and Choirmaster

July 8

10:45 A. M.—Morning Worship. Rev. Edward Payson Drew, D.D. will preach.

—Mr. and Mrs. Mortimer O'Toole and family of Rogers st. left this week for their summer home at Hull.

Richest Nash Reward

C. W. NASH, RIGHT, BUILDER OF A MILLION STANCH MOTOR CARS bearing his name, is reaping the richest rewards of forty successful industrial years through the messages of sincere appreciation of work well done coming to him from American motorists. He is shown here with Frank L. Martin of Los Angeles, one of the army of old Nash owners who has entered his gallant old car in the contest being conducted by Nash-LaFayette dealers everywhere to determine the winner of the millionth Nash sedan and trip to the 1934 World's Fair. Mr. Nash has personally greeted many of these proud and loyal owners in many states, and finds their praise one of life's deepest satisfactions.

Rotary Club

At the regular weekly meeting of the Newton Rotary Club on Monday, the new president for 1934-1935, Lyscom A. Bruce, Boy Scout Executive was inducted into office by former Mayor Childs, who, in a happy manner, quoting some of the phraseology used at Harvard in the bestowing of degrees at Commencement, expressed the assurance that the new president would instill into the older "boys" of Rotary the same principles that he has instilled in the younger boys of his scout association. The new president replied in fitting manner.

Milton Heath, new chairman of the program committee, introduced Mr. James Brendan Connolly, celebrated author of sea stories and a resident of the Chestnut Hill section of Newton, who spoke most entertainingly for a half hour on "The Gloucester Fishermen." These hardy fishermen, unflinchingly doing their duty under the greatest of hardships, took such a hold on him, the speaker said, that he couldn't help but write about them. It is one thing to fish from the comparative safety of a steamer, quite another from the dories of Gloucester. No millionaires have come out of the Gloucester fishing colony, said Mr. Connolly. For a brief time after the war some of the fishermen made three hundred a month, now they do well if they average fifty dollars. Great is the suffering endured by them and quaint is the humor with which they refer to their experiences later. Sharing as they do great danger, great is the friendship among them. "The Gloucester fishermen, however, are passing from the scene," said the speaker, "and it's too bad. There may be characters like them in other fields but I do not know of them."

Members of other Rotary Clubs and other guests to the number of ten enjoyed Mr. Connolly's charming narration as did the fortunate ones present of the local club.

CITY HALL NOTES

Miss Margaret McMullin of the City Clerk's Office is touring in Ireland and England.

Miss Ruth Pendergast of the Assessors' Office was one of those who contributed to the entertainment at the recent outing of the City Hall Associates by giving soprano solos.

MEANT TO RESCUE NAPOLEON

Despite thirty years of Spanish domination, the citizens of New Orleans remained essentially French; and after Napoleon's exile on St. Helena, they formed an elaborate plot for his rescue. Under the direction of Bousiere, a retired sea captain, the clipper ship, Seraphine, was built and equipped for the venture; but three days before she planned to sail for St. Helena, the news of Napoleon's death put a sudden end to the adventure.

Old English Sheep Dogs

Among Best for Herding

If the choice of a dog rested solely on the density of its coat, the length of its hair and the animal's immunity to cold weather, the first choice naturally would be the Old English sheep dog, writes Albert Stoll in the Detroit News.

For here we have a breed that is "all wool and a yard wide," reminding one of a Shropshire sheep that needs shearing. He may possess beautiful, intelligent eyes and an expressive face, but you are unable to determine this until the long hair is lifted from its face.

But with it all the Old English sheep dog will match any other breed as a companion, watchdog and faithful friend.

This is the breed of dogs over which much controversy has waged regarding its tail. Some authorities maintain that continued docking of its tail through the ages has resulted in producing a tailless dog and that many of the puppies are born without tails.

Biologists scoff at this and point out that we cannot breed tailless dogs in this manner any more than we could produce legless dogs by continually cutting off the legs of the animals. However, Old English sheep dogs have docked tails. This is the style and puppies, "should they be born with tails," are shorn of most of this appendage.

The breed came to us from the country after which it is named. It was considered the best herding dog ever produced, possessing a formidable voice, great stamina and strength and seldom experiences fatigue. The dogs are of medium size, standing about 22 inches high at the shoulders. In color the standard calls for any shade of grizzle, blue or blue merle with or without white markings.

Puffin, Birdland Clown,

Has Comical Expression

Equally at home in the air, on land, and in water, the puffin has been called the clown of birdland. There is no bird with so comical an expression, or one which appears so unconcerned as you approach, says Tit-Bits Magazine.

There are colonies of many thousands in the British Isles, the largest being found on St. Kilda. It would be difficult to estimate the numbers on the steep slopes of that desolate, seagirt isle.

The puffin makes its nesting home at the end of a short burrow in the ground, and at the end one large white egg is laid. The young puffin is a pretty little black fluffy ball, and during the time it lives in its underworld nest the parents bring quantities of small fish, for when it comes to diving they are a match for almost any fish they meet. Each parent brings in its beak anything up to ten fish.

Gannets or solan geese, large sea birds, are clever divers, and while searching for prey they fly at a height up to three hundred feet. When the fish is sighted the birds close their wings and streak down at terrific speed.

Entering the water they make a tremendous splash, but seldom come up without their catch. Some fishermen declare that the gannet dives direct on to its prey and does not use its feet when traveling under water, but as gannets have been captured in nets at a depth of ninety feet this statement cannot be accepted. Many diving birds use wings and feet under water, and there is little doubt that the gannet does so, for it travels at high speed when chasing its prey. A bird under water must have power to twist and turn rapidly if it is to catch the fish.

Cockatillo, Noisy Bird,

Is Native of Australia

The cockatillo, whimsically described by one authority on cage birds as a small edition of the cockatoo, is a most distinguished appearing bird, says a writer in the Detroit News.

Measuring between 10 and 11 inches in length this immigrant from Australia is clothed almost entirely in gray, having a pearly gray breast and darker gray back and wings. Yellow cheek patches, each with its center of crimson, lend a touch of color to the cockatillo's attire; while its dignity is greatly heightened by a pearl gray crest, shading to yellow at the base.

These are the colorings of the male, but the female is practically the same in appearance, though the color touches are not so bright.

They are noisy. Their love-call has a bell-like and musical quality, but is uttered very often and sometimes grows too piercing for the enjoyment of the listener. Some of them learn to talk a little, though such cases are rare.

Although the native home of the cockatillo is in Australia, most of those found in this country have been bred here, for there is in effect in Australia a law which forbids the exporting of native birds. However, they are said to show a tendency to breed off in captivity than in their native state. The American bred birds are harder, in the opinion of many authorities, than imported ones.

Before Bank of England

Merchants of London placed their gold, which was the unit of exchange, in the Tower of London for safe keeping. Charles I. 1640, took possession of the tower with 200,000 pounds of gold, which he appropriated. The merchants then placed their money with the goldsmiths and the notes given in exchange were passed from hand to hand, originating the system of checking. The goldsmiths became too powerful as the holders of the gold of the country and were suppressed, principally by the chartering of the Bank of England, 1694.

Caterpillars Lay Many

Eggs; Hatch Next Year

There are various species of caterpillars, notes an authority in the Indianapolis News. For example, the tent caterpillar, which, full-grown, is about two inches long, black body with a well-defined white line down the middle with a row of blue spots along each side, dull reddish in color, which strips leaves of apple, wild cherry and other trees. The eggs are laid in a compact mass encircling a twig and remain where placed until the following spring. They hatch as soon as the foliage is out.

The eggs of the yellow and black striped caterpillars, which appear in the late summer, are laid on the leaves in midsummer; winter is passed as a pupa in the soil, and there is one generation annually. The gypsy moth caterpillar is two and one-half inches long, hairy and dark or black in color. The eggs stage lasts until the May following the laying of eggs in the tree in July or August.

Larvae often are poisoned by spraying with arsenate of lead. Tall trees frequently are banded with burlap where the caterpillars will hide and thus may be killed. Evergreen, fruit or shade trees may be protected by banding the trunks with fly paper.

Waterspouts on Inland

Lakes, Same as on Ocean

One of the rare thrills of ocean traveling, and one still rarer in temperate than in tropical waters, is the sight of a waterspout, when earth and sky seem to meet each other in a mighty swirling funnel, advising a correspondent in the St. Louis Globe-Democrat.

Waterspouts occur not only on the ocean but also on inland lakes, whenever winds of very different temperatures meet high up in the air and form a local tornado or whirlwind.

As always, when warm moisture-laden air is suddenly cooled, a great deal of moisture is condensed into vapor and, in the center of the swirling winds, into rain.

The waterspout appears at first as a funnel-shaped black cloud hanging from the cloud above. In the center or core of the whirl there is a partial vacuum, and as the funnel hangs lower over the sea, this vacuum sucks up some of the agitated water under it.

Some few sailors have been in them. These men have reported that the water of the spout is fresh, not salt water, which seemed to them to make the waterspouts even more mysterious than they otherwise looked. But the explanation probably is that the greater part of the water in the spout, and particularly in the center, is rain condensed from the moisture in the air, dropping in the core where there is little or no disturbance, rather than water drawn up from the sea.

Early Postal Rates Were

Based on Bulk of Letter

Today the postage stamp is such a necessity that few people realize in what manner the payment of postage was handled in early days. Postal rates were based on the bulk of the letter and on the distance it had to be carried, and if it was forwarded an additional fee was required. Prepayment, observes a writer in the Chicago Tribune, was not compulsory and letters ordinarily arrived "collect," a condition promoted by etiquette on the ground that a prepaid letter implied that the addressee was unable to pay. In large offices the mail was marked with handstamps provided by the postmaster.

There was the "town-mark" with changeable date line, rating stamps with the ordinary values, as 5, 10, etc., and other handstamps to mark exceptional letters "paid" or "free," as required. In small offices these conveniences were missing except for the "town-mark," and letters were endorsed by hand and in many cases the dates were written in the town-mark.

In the smallest hamlets all of the postal markings were hand written. Among collectors the "pre-stamp" period includes everything down to the adoption of stamps, and the covers are known as "pre-stamp" covers. For the next few years until prepayment by stamps was compulsory, the covers without stamps are called "stampless covers." These covers are not collected to any extent by general collectors, but are a necessary part for a specialist who is showing the postal history of a country or of a state or town.

Fish That Fiddle Among

Musical Freaks of Ocean

The common horse mackerel, sunfish, John Dory, and little bullhead, of the fish musicians inhabiting British waters, all have a reputation as violin soloists, according to Tit-Bits Magazine. The "notes" are produced by friction of the fins and gill cases.

Some foreign fish practice a more intricate technique. The Indian catfish, for example, combines fiddling with gymnastics, cleverly twisting his body so that the first bone of his dorsal fin makes contact with the spines of the fourth and fifth vertebrae, resulting in a plausible imitation of the violinist's strings and bow.

One wonders why no enterprising showman has ever paraded a singing fish troupe, for there are many creditable performers.

Mexican natives often spend hours reclining in their little boats listening to the massed singing of their canary fish. These strange choristers travel to and fro, emitting a ghostly refrain, which, it is said, assumes a softer melody if delivered several fathoms below the surface. Less musical, perhaps, but not less entertaining, are the vocal efforts of the drummer fish, found off the coast of Florida. One observer has compared them with the orchestral roll of kettledrums.

Caterpillars Lay Many

Eggs; Hatch Next Year

There are various species of caterpillars, notes an authority in the Indianapolis News. For example, the tent caterpillar, which, full-grown, is about two inches long, black body with a well-defined white line down the middle with a row of blue spots along each side, dull reddish in color, which strips leaves of apple, wild cherry and other trees. The eggs are laid in a compact mass encircling a twig and remain where placed until the following spring. They hatch as soon as the foliage is out.

The eggs of the yellow and black striped caterpillars, which appear in the late summer, are laid on the leaves in midsummer; winter is passed as a pupa in the soil, and there is one generation annually. The gypsy moth caterpillar is two and one-half inches long, hairy and dark or black in color. The eggs stage lasts until the May following the laying of eggs in the tree in July or August.

Larvae often are poisoned by spraying with arsenate of lead. Tall trees frequently are banded with burlap where the caterpillars will hide and thus may be killed. Evergreen, fruit or shade trees may be protected by banding the trunks with fly paper.

Napoleon's Simplon Road

Great Engineering Feat

Napoleon invaded Italy by crossing over the St. Bernard mountain. When he had ended the campaign by destroying the Italian army at the battle of Marengo and had returned to France, he determined to emphasize and render permanent his success by constructing a great military road into Italy.

The execution of the work was entrusted to M. Ceard, one of the foremost engineers of the day. It was begun on the Italian side in 1800 and on the Swiss side in 1801, and was finished in six years.

The road was made over a shoulder of the Simplon mountain, from Byrig in Valais to Domo d'Ossola, in the north part of Piedmont, Italy. The summit of the mountain over which it passed was 6,592 feet above sea level. The road was from 25 to 30 feet broad, and had nowhere throughout its extent a slope of greater than one foot in thirteen. It was carried across 611 bridges, over numerous galleries cut out of the solid rock or built of masonry, and through a number of tunnels. The road was one of the masterpieces of the engineering of that day, and cost about \$3,500,000, half of which was borne by France and the remainder by Switzerland.—Cleveland Plain Dealer.

Holland Prepared to Use

Water in Event of War

The sea is at one and the same time Holland's foe and friend, says a correspondent in the Kansas City Star. The ever-present menace of breaking dikes hangs constantly over the heads of the country's placid burghers. Perpetual vigilance is a necessity. Without it more than half of Holland's population of 8,000,000 might at any time be swallowed up by the sea.

At the same time, the canals, which have been built in the progress of reclaiming the land, provide Holland with the cheapest and most effective system of transportation. About two-thirds of the country's transportation of goods is by water. As a means of protection against invasion from an outside enemy, the sea also is Holland's most effective ally. In 1672 the armies of France, England and a part of Germany, at war with the republic of the Seven States of the Netherlands, marched on Holland. They would have succeeded in taking the capital but for a flood artificially created to stop the invasion of the enemy. At the beginning of the great European war in 1914, everything had been prepared to flood a part of the country in the event of Holland being compelled to take part in the war.

American Fleet Occupied

Toronto for Eleven Days

The history of Toronto dates from 1749 when Fort Rouille, commonly known as Fort Toronto, was established as an Indian trading post and stockade by order of King Louis XV of France. Following the victory of the British troops over the French at Quebec in 1759, as a result of which Canada was ceded to Britain, a fur-trading post was established in 1760 on the site of Fort Rouille. Thirty-three years later General Simcoe, of the British forces in Canada, who established the first parliament in upper Canada at Niagara-on-the-Lake, landed at Toronto, christened the place York, and selected it as the location of the new capital of the Province of Upper Canada, now Ontario.

The war of 1812-14 prevented the desired progress being made by the provincial fleet. At one time an American fleet of ten armed vessels, carrying fifty guns, landed and occupied York for eleven days. By 1815 the population of York was 2,500; in 1824, when the name was changed to Toronto, the population was 8,000. The city now has more than 630,000.

How Big Is London

What is the area of London? No, don't trouble to answer! Whatever reply you make, nobody can say you are right, for no one knows the exact size of London. The County of London, which includes the London boroughs, has an area of 115.89 square miles. The London county council, however, is effective over an area of 116.95 square miles. The London postal district covers 232 square miles. The Metropolitan police are even more ambitious, for they keep an eye on nearly 8,000,000 people over an area of almost 700 square miles. The Metropolitan water board supplies the housewives from Hadam, in Herts, to Sevenoaks, in Kent—a total acreage of 367,361. The electricity supply of London is distributed over an area of 1,841 square miles. The City of London has an area of only one square mile—known as "the most valuable square mile in the world." The Tower of London is not in London! It stands in Stepney.

Europeans in Connecticut

The first settlement by Europeans in Connecticut was on the site of Hartford, in 1633, by a party of Dutch from New Netherlands. In the same year a trading post was established on the Connecticut river, near Windsor, by members of the Plymouth colony, and John Oldham, of Massachusetts, explored the valley and made a good report of its resources. Encouraged by his account the inhabitants of three Massachusetts towns—Dorchester, Watertown and New Town (now Cambridge)—migrated to the Connecticut Valley.

Relics of Ice Age Cooks Found

Relics of Ice age cooks have been found in the West. Scorched bones of American camels and giant bison have been unearthed.

Newton Boy Is Awarded Babson Fellowship

Robert Whitney, son of Mrs. Ruth D. Whitney of 11 Parsons st. in West Newton, has been awarded one of five \$2000 Merit Prizes established by Roger W. Babson, internationally known economist and statistician. The Merit Prize is to be used by Whitney for study at Babson Institute, one of the most exclusive schools of business administration in the country. Mr. Whitney will begin the new two-year course at the Institute in September. This course is especially planned for young men of outstanding rank, who have graduated from preparatory school in the upper fifth of their class.

Babson Institute was founded in Wellesley Hills by Roger W. Babson in 1920 to develop leaders for the business world. In this unique school, business fundamentals are learned in an environment like that of practical industry and finance. Each student is required to punch a time clock at eight-thirty and at five, and has a salary available for his personal use.

The five Merit Prize winners selected from an outstanding group of preparatory school graduates, were not chosen on a basis of scholarship alone. Qualifications for this fellowship were similar to the standards maintained in the selection of Rhodes Scholars. This is, activities athletics, health, and character, which are given as high ratings as scholastic ability. The committee for the selection of Merit Prize winners also gave attention to each candidate's views on religion and alcohol.

Mr. Whitney graduated from Newton High School in June. He was one of the outstanding boys in his class, especially well known for his success on the gridiron. This summer he is one of the junior counselors at Camp Lanier in Elliot, Me. His mother, Mrs. Ruth D. Whitney, is co of the executive secretaries of the Fessenden School in Newton.

Refuse to Renew Malloy's License

The Newton License Commission has refused to grant a license to Thomas A. Malloy of Newton, a common victualler and also to grant him a license to sell beer and wine at 100 Needham street, Newton Upper Falls, in the lunchroom known as the "Bright Spot." When the Board of Aldermen granted renewals for common victualler licenses on July 1st of this year, Malloy was one of the applicants to whom a renewal was refused. Last month the authority grant common victualler licenses in this city was transferred from the Board of Aldermen to the License Commission.

Dr. Mather Speaks on New Virtues Needed

Opens Second Summer Institute for Social Progress

Dr. Kirtley F. Mather, of the Geology Department of Harvard University, and who is also a resident of Newton Centre and a member of the Newton School Committee, opened the second Summer Institute for Social Progress at Wellesley last week with a talk on "A New Set of Virtues Needed for a New World."

Others from the Newtons who are participating in the Institute are Lucius E. Thayer, 27 Estabrook road, West Newton, a Boston lawyer and Miss M. Louise Walworth, 931 Centre street, Newton Centre, chairman of the Wellesley executive committee.

Speaking in the Wellesley Chapel on Sunday morning, Prof. Mather pointed out that "the old-time virtues considered essential to financial success are outmoded today because of the fundamental change in economic conditions. When the nation suffered from a scarcity of products our fathers developed a stern virtue which extolled rugged individualism, keen competition at the expense of others, thrift or reckless saving against a rainy day, initiative directed only at the amassing of individual fortunes regardless of the net effect of those fortunes upon society, industriousness which unduly lengthened hours and reduced the wages of the average worker, and finally charity which supported itself on sweatshop conditions and other forms of industrial exploitation by contributions to good causes."

"Today the problem is how to distribute our abundance," according to Prof. Mather. "The improvement of machinery has made it possible to turn out more than is being absorbed. The doctrine of thrift has given way to the slogan of 'Buy Now' so as to make business better for all. Economists have found that co-operation in industry is essential to recovery—not a mere ideal. This is the day of decision and the individual can best serve his own ends by co-operating with his neighbor."

The high spot of next week's program is an evening forum by Secretary of Agriculture, Henry A. Wallace, who will interpret the Roosevelt administration on Friday, July 20, at 8 p. m. in Billings Hall. There will be questions from the floor. This Saturday night (July 14) William M. LeFevre, chairman of the Petroleum Labor Policies Board in Washington, will conduct a forum on "The Future of Labor Under the NIRA," followed by a panel discussion.

On Tuesday evening, July 17, Prof. Walton Hamilton, of the Yale Law School will speak on "The Supreme Court in a National Crisis." The evening forums and the afternoon round tables at 2:30 are open to the public for a nominal fee.

A tremendous amount of interest has been aroused this year in the Institute with the presence of economists of national and international reputation on the faculty and forum program, including four experts from Washington.

Ex-Senator Kidder Candidate For County Sheriff

Clarence P. Kidder, former State Senator who was appointed to the important chairmanship of the Ways and Means Committee by Caspar Bacon when the latter was president of the Senate, has announced his candidacy for the Republican nomination for sheriff of Middlesex County. Senator Kidder's announcement, sent out over his own signature in part, is as follows:

"After talking with a great many representative Republicans from all parts of Middlesex County, I have decided to be a candidate for the Republican nomination for sheriff at the primaries on September 20, 1934. There is general agreement that this office should be filled by a man of sound business judgment and experience in public life, who has the respect of his associates. I feel that my record indicates that I fill these qualifications."

Testimonial Banquet To George E. Stewart Attended By Nearly A Thousand

Retiring Street Commissioner Presented With Automobile at Affair in Armory—Retiring After Many Years of Faithful Service

One of the largest gatherings in the history of the city to pay honor to a citizen of Newton occurred on Wednesday evening at the State Armory, West Newton, when 1000 persons assembled to participate in a testimonial to Street Commissioner George E. Stewart who will retire on a pension on August 1st. Those present included hundreds of Mr. Stewart's fellow employees in the Street Department and from all other departments of the City of Newton, citizens of this community and men prominent in road construction.

On behalf of the Local presented him with an engraved certificate of honorary life membership. Frederick Sabin, division engineer of the State Department of Public Works, said Mr. Stewart had always given excellent co-operation to this department.

Ex-Mayor Edwin O. Childs, who appointed Mr. Stewart to the office of Street Commissioner in 1914, said he remembered Mr. Stewart for 50 years, to the time he was a district foreman in the Street Department under William Fuller, then superintendent of streets. Mr. Childs said that Mr.

Stewart should have succeeded Mr. Fuller in that position, but prejudice stopped his appointment, so when he became Mayor he believed he corrected an injustice done long years before, when he made Mr. Stewart Street Commissioner. He characterized the guest of honor as an honest official who had been inflexible in the faithful discharge of his duties, and who had placed the welfare of his fellow-citizens ahead of selfish interests.

Ex-Mayor Charles E. Hatfield said that Mr. Stewart has been a public servant who saw his duty plainly and did it without fear of friend or foe. Charles A. Mahoney, as President of the City Hall Associates, an organization of employees at City Hall, said the friendly handclasp of Mr. Stewart will be missed. In behalf of Mr. Stewart's fellow employees and friends, Mr. Mahoney presented the guest of honor with a four-door Dodge sedan, together with receipts for full insurance coverage on the car. The gift had been concealed in one corner of the armory auditorium by curtains which were pulled apart as Mr. Mahoney made the presentation. The assembly rose and sang "Auld Lang Syne."

Street Commissioner George E. Stewart

activities in Massachusetts. The affair was arranged by a large committee which had performed intensive work under the leadership of A. Leslie Moriarty, Chairman, and Richard A. Murphy, Secretary-Treasurer. Charles A. Mahoney, division foreman of the Street Department, served as master of ceremonies, and following an excellent dinner introduced Mayor Weeks as toastmaster. The mayor said that the gathering was a spontaneous tribute to Mr. Stewart, started by those who had worked with him. He said that Mr. Stewart has worked 55 years for the city, has rendered unequalled service, and has been an important factor in Newton's growth. He commented that the guest of honor has not acquired riches but had become a leader in his profession, had worked himself into the hearts of thousands of persons as a real friend, and had won a reputation for rugged honesty and ability.

Daniel Lacey, Street Commissioner of Brookline and President of the Massachusetts Road Builders' Association, stated that Mr. Stewart had been one of the three men mostly responsible for development of modern highways in this State. John C. Madden, former alderman, paid tribute by asserting that Mr. Stewart's service to the city will not again be equalled and that he has been a friend to all, regardless of class or creed. He said that the excellent streets of Newton, for which Mr. Stewart is responsible, have attracted a high class of residents to this city, and that economies practised by the retiring street commissioner have saved many thousands of dollars for taxpayers of Newton.

A. Leslie Moriarty, speaking for Newton City Employees' Local, the union of workers in the Street, Water and Playground Departments, said he has been president of this body for 21 years and had always received courteous treatment from Mr. Stewart. He praised the guest of honor as a great friend of the city employees and in

In ordered march, year after year; The world rolls on, time flies apace, All things have their day and place, And as the ages onward run, Each must give place to another one.

And so today it would appear That one of our own number here Must lay aside the work he's done, For someone else to carry on. Well has he served his city fair, Performed his tasks with lavish care, And he to whom we now refer Is our venerable Street Commissioner.

A master of his art proclaimed, Not many others could be named, However high—however great— More honored in his native State; For highway builders recognize A leadership that's sound and wise, And seeking best development, Called him to be their President.

Where others follow in his lead, Observing well, they'll surely heed The merit of his works, and say, "A worthy man has passed this way." He paved the walks where thousands tread, Our streets, with stately trees o'er-spread; In knowledge of roads as they should be, He's a widely-known authority.

As Chief o'er many, he has caught The brother-spirit, and has wrought With those who labor, hand in hand, A unified and conquering band; Whatever way his path might turn, His duty was his first concern, Yet those o'er whom he held control Know him a kindly, genial soul.

The years of his service are fifty-five Of the seventy-seven he's been alive— The achievements of a life well spent, His words endure as monuments; Happy and long may he live to see How truly "The best is yet to be," And for the true course he has run, There are just these fitting words, "Well Done."

Alleged Drunken Driver Fined \$50

Bernard L. Gallagher of 2 Lincoln Park, West Newton was fined \$50 in the Newton court on Tuesday for driving a car while under the influence of liquor and \$10 for drunkenness. He appealed. Gallagher was the driver of a truck which on June 18 collided at Washington and Shaw streets, West Newton with a car driven by Henry Kierstead of Crescent street, West Newton.

Dogs in Newton Restrained After Biting Persons

Roy Mack of 179 Hicks st., West Newton, reported to the Newton police last Saturday that he had been bitten by a dog owned by George Williams of 175 Hicks st. The boy was riding his bicycle, when the dog, a Belgian shepherd, gave him a severe bite on the leg. The dog was ordered restrained. On Monday Mrs. W. A. Douglas of 25 Douglas st. reported to the police that the dog was not being restrained. The dog's owner was notified that unless the animal was restrained, prosecution would follow.

Saturday afternoon a dog owned by Florence Howard of 14 Nobscot rd., Newton Centre, bit Leslie Simmons of Mattapan. The dog was ordered restrained. Dr. Boutelle placed both animals under observation.

First Cub Day Camp In U. S. Is In Newton

Operated at Hammond's Pond By Norumbega Council

The woods and hills around Hammond's Pond, Chestnut Hill, owned by the M. D. C. resound daily to the sounds of shouts, laughter and the Australian "Coo-ee," as the Cubs of Norumbega Council take part there in the program of the first Cub Day Camp in the United States. The Cub program is the junior program of the Boy Scouts of America and, today, in Norumbega Council, there are about 250 of these Cubs, 9, 10 and 11 years of age.

The Camp Director is the Scout Executive, Mr. L. A. Bruce, Jr., and the Camp Aide is Mr. W. R. Speirs, the Assistant Scout Executive, who is in direct, daily charge of the camp and program.

The camp operates daily, except Saturday and Sunday, from nine o'clock to five o'clock in the afternoon. With the Camp Aide are four Den Chiefs on the staff, Scouts George Dreher and Buster Wilder of Troop 2, Wellesley; Scouts Philip Phaneuf and Leland Soman of Troop 5, Center. In some instances the Dens come with their own Den Chiefs. The cost is but 25 cents per day per Cub, to cover expenses of craft material, the noon drink which is furnished by the camp and other incidentals. The program consists of exploration hikes, and the present hunt on foot is to find the lost Pond and the Quaking Bog. In addition, there are the crafts of making plaster casts, spatter prints of leaves, whittling and making laynards of string; there are all sorts of games and a story hour following luncheon. The Cubs have built a Palava Rock and Diamond where the assemblies are held.

The increase of from ten Cubs the first week to thirty Cubs the second week indicates the demand for such a Camp for Cubs.

Award Contract For Incinerator

Building Commissioner Hagemann announced on Wednesday that the contracts for constructing the new incinerator at Newton Highlands will be awarded to the Turner Construction Company of Boston and the Hillier Construction and Engineering Company of Brooklyn, New York. The former company will erect the building on a bid of \$72,747, and the latter company will install the incinerating equipment on a bid of \$80,057. The North Eastern Construction Company bid \$74,527 for the equipment installation, but made the proviso that this was contingent on being awarded the construction of the building at a cost of \$81,961, which made its bid higher than those of the two companies awarded the contracts.

W. Newton Man Severs Artery

Kenneth Prior of 377 Cherry st., West Newton severed an artery in his right wrist last Saturday afternoon as he fell against a window on Commonwealth avenue, Auburndale, last Saturday afternoon while running for shelter during the heavy shower. Prior placed a tourniquet made by twisting a handkerchief about his wrist and partly stopped the flow of blood. His own automobile and another car both became stalled in the downpour while he was endeavoring to reach his home. After arriving at his home and a doctor having given treatment, he was taken to the Newton Hospital to have the wound receive further treatment.

Man Stabbed in Newton Lunch Rm

Louis Stangis, 44, employed at the Newton Lunch, 267 Washington street, Newton Corner, and residing at 146 Pearl street, Newton, received a severe thigh wound at the lunch room last Saturday afternoon. According to the story told to the police, Stangis was opening a drawer and as he pulled the drawer out he backed into a large, sharp-pointed knife which a young woman waitress was holding. He bled profusely and was rushed to the Newton Hospital in the police ambulance where physicians staunch the flow of blood.

Burt Rich Attends "Old Home Day" at North Brookfield

Burt Rich of 337 Washington st., Newton, attended the "old home day" at North Brookfield last Tuesday. The two special guests of the day were "Countie" Mack of the Philadelphia Athletics, a native of the town, and George M. Cohan, the famous actor and playwright, whose boyhood vacations were spent there. Mr. Rich witnessed a ball game at North Brookfield, 51 years ago between the team of that town and a team from East Brookfield. The game was for a prize of a silver bat and was won by the home team in the 11th. Inning when Connie Mack, who was the catcher for his team, hit a single. It was a wonderful day at North Brookfield last Tuesday and a big crowd was present to see a team composed of local boys defeat the Philadelphia team 9 to 5.

Many Being Taught to Swim At Crystal Lake

The increased interest in life saving and swimming at Crystal Lake, where the Newton Chapter of the Red Cross is again conducting its courses in conjunction with the Playground Department, is well evidenced by the records for the first two weeks of the season, June 25 to July 7. The Beginners' tests in swimming passed were 101, Swimmers' tests 31, 45 Non Swimmers are taking instruction, and in special work, Diving, Strokes, and Recreational Swimming, there have been 35. In Junior Life Saving the first week there were 16, and the second week 25, and in Senior Life Saving 4.

The following is the schedule of instruction as given by Mr. Westgate, the Red Cross representative:

- 9:00 Beginners and Swimmers.
- 9:30 Non Swimmers.
- 10:00 Beginners and Swimmers.
- 10:45 Life Saving.
- 2:00 Diving.
- 2:30 Beginners and Swimmers.
- 3:00 Stunts.
- 3:30 Strokes.
- 4:00 Life Saving.

It is hoped that there will be a continuance of the interest already shown by our citizens in participating in this worthwhile and recreational work. All those desiring to register or avail themselves of the instruction should see Mr. Westgate at Crystal Lake, or notify Headquarters, 12 Austin street, Newtonville, telephone Newton North 2717.

Manchester Man Fatally Injured In Fall at Newton

James W. Fellows, 46, of Manchester, New Hampshire, died at the Newton Hospital yesterday of injuries received when he fell from a window on Wednesday morning at the home of Edward Gruener, 177 Franklin st., Newton. He was a manufacturer of caskets. He received several fractured ribs, a broken shoulder blade, concussion of the brain and a punctured lung. He is survived by his widow, Mrs. Margaret (Gruener) Fellows. His funeral will be held on Saturday and interment will be at Manchester.

Gets Jail for Drunken Driving

Gaetano Freoli of 161 Chapel st., Nonantum, was sentenced to serve one month in prison by Judge Bacon in the Newton court on Wednesday when found guilty of driving a car while under the influence of liquor. He was also fined \$10 for drunkenness. He appealed. Freoli was convicted on a similar offence two years ago in the Hingham court. On June 15 a car driven by Freoli backed into a car on Adams st. The car hit had Special Officer Feeley as a passenger and he placed Freoli under arrest. Patrolman Stevens testified that while the defendant was being taken to police headquarters in the patrol wagon, the latter acted in a boisterous manner.

Dr. Boutelle Says No Rabies in Newton

Contradicting newspaper reports that a dog and a squirrel died in Newton of rabies recently, Dr. C. A. Boutelle, city veterinarian, stated yesterday that there has been no case of rabies reported in this city for four months. He said the squirrel which bit a boy did not have rabies and died of wounds inflicted by a dog which had attacked the squirrel. Dr. Boutelle says that the immunization of dogs in Newton last year proved its worth by the fact that while there have been outbreaks of rabies in other cities and towns nearby, Newton has not been troubled by this disease.

Annual Outing of Chamber of Com.

The annual outing under the auspices of the Newton Chamber of Commerce will be held on Wednesday, July 25th at Old Silver Beach, West Falmouth. A program of sports will start at 3 o'clock and a banquet will be held at 8. Tickets are on sale at the office of the Newton Chamber of Commerce, 277 Washington street, Newton. The price has been made very reasonable. All Newton business men and their friends are invited to attend. The beach is one of the best on Cape Cod and ample transportation facilities will be provided by a large fleet of automobiles.

Nonantum Boy Hit By Car Badly Hurt

Philip Boudrot, 15, of 263 Pearl street, Nonantum was severely injured on Tuesday evening when he was hit near his home by a car driven by Leo Harrington of 2223 Washington st., Lower Falls. The boy was taken to the Newton Hospital in the police ambulance. He received injuries to his head and chest and is in a serious condition at the hospital.

THREE VICTORIES BY SCHOLASTICS IS FEATURE OF TWI LEAGUE

With the league season more than half over upsets continue to occur in the Newton Twilight League. The major upset of the past week was the defeat of the league leading Silver Lake outfit by the eighth place Scholastics. "Bullet" Byrne pitched for Scholastics and had an effective change of pace. He featured at bat also, getting two doubles and driving in three runs. In addition to the Silver Lake game the Scholastics defeated Highland A. C. twice and are now tied for sixth place.

Auburndale broke even with Y. M. C. A. winning 6-3 while losing 6-4, and also lost to Newton A. C. thus dropping to third place in standing while Upper Falls by defeating the Cubs now occupy second place half a game behind the leaders.

Newton A. C. by winning from Auburndale and Cubs while Y. M. C. A. were winning two and losing one, has passed the latter team and is now in fourth place.

The standing is as follows:

	W.	L.	P.C.
Silver Lake A. C.	6	2	750
Upper Falls T. T.	5	2	715
Auburndale B. C.	7	3	700
Newton A. C.	5	3	625
Y. M. C. A.	6	4	600
Newton Boys Club	5	5	500
Newton City Club	5	5	500
Scholastics	5	5	500
Newton Cubs	2	7	222
Highlands A. C.	0	10	000

SCHEDULE FOR WEEK OF JULY 16

Monday
 Silver Lake A. C. vs Auburndale B. C. at Cabot.
 Newton Boys' Club vs Y. M. C. A. at Victory.

Tuesday
 Newton City Club vs Silver Lake A. C. at Highlands.
 Y. M. C. A. vs Newton A. C. at Cabot.

Wednesday
 Highlands A. C. vs Newton Cubs at Highlands.
 Scholastics vs Newton City Club at High School.

Thursday
 Newton A. C. vs Highlands A. C. at Victory.
 Auburndale B. C. vs Upper Falls T. T. at Auburndale.

Friday
 Newton Cubs vs Scholastics at Cabot.
 Upper Falls T. T. vs Newton Boys' Club at Upper Falls.

Recent Engagements

The engagement of Miss Lillian Margaret Frost, daughter of Mr. and Mrs. John Frost of Hale st. and Mr. Kenneth Stata, son of Mr. and Mrs. C. E. Stata of Needham Heights, was announced at an engagement party given at the home of Mr. and Mrs. John Frost on Wednesday evening, July 4.

Alvord Bros. report the sale of an estate situated in one of Newton's most picturesque localities, at No. 55 Aspen avenue, and comprising a seven-room house, a one-car garage, together with a charming lot of land of about 50,000 square feet, hand-somely landscaped with beautiful trees, flowering shrubs, and sunken garden. The lot abuts the Woodland Golf Club course. The purchaser is Samuel Al Fitch of Newton; and the Seller, Harry D. Perkins of Newton. This property is valued at \$11,500. Mr. and Mrs. Fitch will occupy as their home.

Alvord Bros. also report that they have sold No. 71-73 Ripley street, Newton Centre, a two-family frame house, with a two-car garage, and 7,200 square feet of land. The two suites contain five and six rooms, each. The purchaser is Frederick G. J. Frech of Newton, and the seller is the Park Agency Trust of Boston. The property is valued at \$8,000. One of the apartments will be occupied by the Buyer.

NEWTON RENTALS

The Rental Department of the Mahlon W. Hill organization report the following rentals consummated through its office recently: The home located at 48 Cypress street, Newton Centre, owned by R. D. Holland and leased to B. F. Harrigan; an upper apartment at 188 Cabot street, Newtonville leased to W. A. Lyford and owned by Robt. A. Brown, Inc.; an attractive lower apartment at 114 East Side Pkwy., Newton, leased to H. L. Kenworthy; an unusual brick and frame duplex house at 491 Commonwealth ave., owned by C. W. Nicholson leased to Louis Moleselle; one of the most attractive and unique residences in Waban located at 76 Carlton rd., leased to D. J. Willoughby and owned by E. N. Bumpus; the Cape Cod cottage known as 53 Garland rd., Willis B. Fellows, owner, leased to A. W. Moleselle; the studio type house at 89 Morton street, Newton Centre, leased to Theodore Kendrick and owned by S. J. Barrett; at 191 Waban avenue, Waban, the English brick home of nine rooms and three baths leased to E. B. Hinchlaw; the Colonial reproduction at 69 Day street, Waban, leased to John Henry; the furnished home at 950 Commonwealth avenue, Newton Centre, owned by J. C. Gloroux leased to Dr. Amerise of Miami, Florida; another furnished home at 15 Bow road, Newton Centre, leased to James S. Murray; the apartment in Auburndale located at 135 Rowe terrace leased to C. M. Underwood;

SPEAKING OF DIALECTS

American dialects delight Rt. Hon. Wedgwood Benn of London, a member of the last Labor cabinet, but it remained for a little Chicago stenographer, hailing from south of Mason and Dixon's line, to bowl him over.

Here recently on a trip around the world, he had occasion to call in a public stenographer for dictation. Repeatedly she stopped his flow of words, evidently bothered by his accent. Finally, she slammed her book shut in disgust.

"I'll have to quit," she exclaimed. "I just can't make head nor tail out of your Yankee brogue!"—Chicago News.

Right or Left?
 Old Lady (on train platform)—Which platform for the London train?
 Porter—Turn to the left and you'll be right!
 "Don't be impertinent, young man."
 "All right, then, turn to your right and you'll be left."

SHIP AHOY!

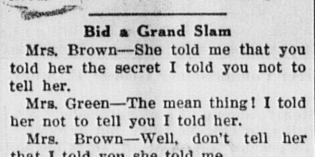

He—Will you sail with me on the sea of matrimony?
 She—Yes, after you have made a raft of money.

Quite a Difference
 Jimmy—Wat's de best way to teach a girl to swim?
 Johnny—Well, yer want to take her gently down to de water, put yer arm around her waist, an—
 Jimmy—Aw, cut it out! It's my sister.
 Johnny—Oh! Just push her off de dock.

Out in Time
 "Why did you break off your engagement?" asked Bill's inquisitive pal.
 "Well, we were looking over our new house when my prospective mother-in-law said it would be rather small for three people; so I gracefully retired."

Bid a Grand Slam
 Mrs. Brown—She told me that you told her the secret I told you not to tell her.
 Mrs. Green—The mean thing! I told her not to tell you I told her.
 Mrs. Brown—Well, don't tell her that I told you she told me.

EFFICIENCY

"That's a bad cold you have, old man. How did you contract it?"
 "Hang it! I didn't contract it. It was only a small one and I expanded it."

Wrong Question
 She—How did you come to be discharged from the army?
 He—Well, when the enemy was a coming toward us, our captain yelled, "Shoot at will!" and not knowing which one to shoot at, I asked the captain, "Which one is will?"

Can't Be Done
 Billy—Frank, do you think the newspaper will be replaced by the radio?
 Frank—No, you can't swat a fly with the radio.

Celebrating
 Mary—Isn't it dreadful! I refused to marry Archie last October, and he's been carousing steadily ever since!
 Jane—I should say that's carrying a celebration a little too far.

A Ready Excuse
 The Male Citizen—Hey! Take your hand out of my pocket and drop my roll or I'll call a cop.
 The Lady Dip—Oh, excuse me, sir, I mistook you for my husband.

Speak English!
 A man called for his battery. He asked, "What's the charge?"
 S. Perry—About 80 amperes.
 Customer—What is that in American money?

Oh Yeah!
 She—I saw something last night I'll never get over.
 He—What?
 She—The moon.

Brute
 Miss Oldgirl—Your dog just bit me!
 Cholly—Pardon him, madam. Perhaps he thought you were about to kiss him!

Get Busy
 He—Kisses are the language of love.
 She—Well, why don't you say something?

GET THE SURPRISING FACTS ON NEW "JEWELLED MOVEMENT" CAR

80 miles an hour . . . Acceleration from 5 to 50 miles an hour in 16½ seconds in high gear . . . Unusual gasoline economy . . . A really bigger, roomier body—These are things which first impress you in the new Nash-built Lafayette—the things, probably, which you have been hoping to find in a low-priced car.

But the most important asset of the "jewelled movement" Lafayette goes far beyond these points. In it is a

series of costly, proven construction features never before put into a car in this price class. These features give the Lafayette the smooth, long-life silence and riding comfort of an expensive automobile.

If you want the most for your money, get the surprising facts on the "jewelled movement" Lafayette first hand from your nearest Nash-Lafayette dealer—today. The Nash Motors Company, Kenosha, Wisconsin.

THERE ARE EIGHT LAFAYETTE MODELS, SIX-CYLINDER, NASH-BUILT: \$595 to \$745 f. o. b. factory. On five of these models individually sprung front wheels are optional equipment without extra charge. Extra equipment at low cost. Prices subject to change without notice.

Nash Motors is now building the lowest-priced Twin Ignition powered Nash models ever built. Prices range from \$775, f. o. b. factory, for the Nash 4-door Sedan.

Rotary Club

At the regular Monday meeting of the Newton Rotary Club, Walter Weidig, delegate of the local club to the recent Detroit convention of International Rotary, gave a well thought out and interesting report on the meetings. Nothing, he said, was left undone by Detroit to make the visit of the city's guests enjoyable. The motor manufacturers of the city furnished 700 new cars which were placed at the entrance to the hotels for the free use of the visitors. One often had the choice of many makes for one's drive, laughingly said the speaker. Moreover, the drivers of the cars had had two weeks' training in a courtesy school. For further assistance, Eagle Scouts were also at the hotel entrances ready to be of all kinds of service.

Mr. Weidig found the international note predominating in the principal addresses. Outstanding speakers were Mark Sullivan, Postmaster-General Farley and that good Rotarian Professor William Lyon Phelps. Along with the international theme was the emphasis in various addresses and discussions on what Rotary can do for youth. The resolutions were all clean-cut and of national and international import, and purely local matters were side-tracked.

There were assembled in Detroit 7,390 Rotarians and guests, from 43 countries. These numbers tell a little short of the somewhat more than 8,000 enrolled in Boston a year ago. The speaker alluded to the much greater use of air-conditioning in Detroit than in Boston, which made a week of terrific heat more bearable.

Three visitors were present at Monday's meeting. Plans are now in progress for a Rotary outing some time in September which will probably be held at a beach resort and will include those charming ladies known as Rotary-anns.

Strong Brakes on Nash, Lafayette

A stiff test, designed to discover the safety factor of the Bendix equalization brakes used in all Nash and Lafayette cars, was conducted yesterday in the company's Kenosha plant by Nash engineers.

Although specifications called for use in the braking system of a cable which would carry a load of one and a half tons, employees in the experimental department, the "no" men of the factory organization, wanted to see with their own eyes that these specifications had been met.

One end of the brake cable was securely locked to a special beam-type sling, the other end attached to the hook of a chain hoist. The sling was then fastened to the frame ends of a Nash Big Six coupe by means of heavy steel chains and the car lifted clear of the ground, its 3500 pound bulk safely held by the 3/16 in. cable.

HELLO, DEAR

"Having a good time?—Yup, everything's O.K.—dog's been fed and flowers watered—Lonesome? Sure I'm lonesome, but I'd be a good deal more so if you hadn't called—well, look for me Saturday."

ONE mighty comforting way to keep families united, even when physically separated, is by a telephone call. It certainly helps to fill a void, because since the absent ones can't be with you in person, the next best thing is their voices, telling you how they are and what they are doing. It's inexpensive, too, especially when calling at evening or night rates.

To illustrate the low cost of toll calls made during the evening and night rate periods, the following typical rates are cited for a 3 minute station-to-station call (that is, a call by number) from

EDMOND J. LANDRY

Edmond J. Landry, for the past 8 years employed at Dewey's Market, Newton, died suddenly of heart failure on Sunday morning while attending mass in the Catholic Church at Hudson. He was born in Waltham 41 years ago and his home was at 37a Common street in that city. He is survived by his widow, Mrs. Regina E. Landry; one son, Edmond Landry, Jr.; a daughter, Bella Landry; his father, Phillip Landry; five brothers and five sisters; three of the latter are members of the Order of Sisters of Christian Education. Mr. Landry's funeral service was held on Wednesday at St. Joseph's Church, Waltham and burial was at Hudson. During the years he was employed in Newton he made many friends.

Recent Deaths

FREDERICK L. TROWBRIDGE

Frederick L. Trowbridge of 14 Hollis st., Newton, died last night at the Baker Memorial Hospital following a major operation on Wednesday. For twenty-nine years he was manager of the New England Conservatory of Music. He was a native of Newton being born on Christmas Day, 1868, in West Newton and attended the Newton High School. On completing his education he worked for the Banker and Tradesmen for ten years before going to the conservatory. In 1905 he became assistant manager there and was later promoted to the position as manager. He was a prominent member of Elliot Congregational Church where he was clerk and a deacon. He was greatly interested in the Y. M. C. A. to which he gave much of his time to further the organization. He was a member of the Sinfonia Fraternity of America and of the Park-St. Club. He is survived by his widow, Carrie (Wellington) Trowbridge, a daughter Avis; a son, Lawrence W. of Rutherford, N. J.; sister, Mrs. Joseph W. Lowell of West Newton, and a brother, George E. Trowbridge of Altadena, Cal. Funeral services will be held Sunday at 3 o'clock in the Elliot Congregational Church, Rev. Ray A. Eusden officiating. Burial will be in the Newton Cemetery.

MRS. EMILY L. SCOFIELD

Mrs. Emily L. Scofield of 224 Newtonville avenue, Newton died on July 7. She was the widow of Henry B. Scofield who died in 1923. Mrs. Scofield was born in New York City in 1854 and had resided in Newton over 30 years. She is survived by four sons—Frank P., Harry C., Joseph L. and Robert R. Scofield, all of this city; and two daughters, Mrs. Grace L. Savin of Pittsburg and Mrs. Josephine Tower of Newton Highlands. Her funeral service was held on Monday afternoon at her late home; Rev. Adelbert Hudson of Quincy officiated. Burial was in Newton Cemetery.

MRS. HARRIET J. GARDNER

Mrs. Harriet J. Gardner of 516 Lowell avenue, Newtonville died on July 11. She was in her 78th year. She was the widow of John S. Gardner and was a life-long resident of Dorchester until two years ago when she came to Newtonville to make her home with her son, Robert S. Gardner. Her funeral service will be held this afternoon at the residence of her son; Rev. Raymond Chang will officiate. Burial will be in Woodlawn Cemetery, Everett.

MRS. JANET C. ATWOOD

Mrs. Janet C. Atwood of 39 Terrace avenue, Newton Highlands, widow of Arthur F. Atwood, died on July 6. She was born at St. John, New Brunswick 82 years ago and had resided in Newton Highlands for about 50 years. Her funeral service was held on Sunday afternoon at the home of her daughter, Mrs. E. W. Fisher, 263 Lake avenue; Rev. Ben Roberts officiated. Interment was at Woodlawn Cemetery, Everett.

MRS. FLORENCE E. MCGOURTY

Mrs. Florence E. McGourty of 372 Parker st., Newton Centre, died on July 9. She was the widow of Francis C. McGourty. She was born in Newton Centre 52 years ago, the daughter of William and Katherine (Mahoney) Linn. Mrs. McGourty was Regent of the Newton Centre Branch of the Mass. Catholic Women's Guild. She is survived by two daughters, Misses Mabel E. and Florence L. McGourty; and a son, Frank C. McGourty, all of Newton Centre. Her funeral service was held on Wednesday at Sacred Heart Church, Newton Centre. Burial was in Calvary Cemetery, Waltham.

MISS ALICE S. BARTON

Miss Alice S. Barton of 127 Oakleigh rd., Newton, died on July 8. She was born in Chicopee and had resided in this city for many years. Her funeral service was held at her late home on Tuesday; Rev. Randolph of Central Congregational Church, officiated. Interment was at Newburyport, Mass.

AN AMERICAN CITY FADES OUT

St. Mary's, a flourishing city at the mouth of the Potomac 300 years ago, has now totally disappeared. It was Maryland's first capital. It was a leading port in the early days of the tobacco industry.

THE WHOLE COUNTRY HAS GONE G-3

MARVELOUS NEW "G-3" GOODYEAR ALL-WEATHER

Look What You Get—No Extra Cost: 43% More Miles of real non-skid safety . . . Flatter Wider Tread . . . More Center Traction (16% more non-skid blocks) . . . Heavier Tougher Tread (average of 2 lbs. more rubber) . . . Supertwist Cord Body (supports heavier tread safely)

We've never seen the equal of it—the way car owners have flocked in, looked, listened, bought new G-3's these last ten weeks—and it's the same everywhere we hear. What's more, people who got G-3's months before the public announcement, report it's better than claimed! They cite mileage records to prove they're getting better than the 43% more non-skid mileage averaged by Goodyear's test fleet. Buy no tires until you let us show you this wonderful new Goodyear All-Weather which gives so much more safety and service without costing you a cent extra!

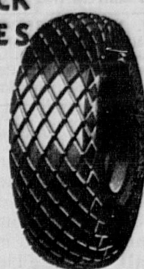

Sure, we have Goodyears at ALL Prices! Because Goodyears are the largest selling tires, you get more for your money no matter what you pay.

Tremendous welcome—huge sales—follow announcement of sensational new Goodyear tire—keeps us and factory on jump—Users say "43% more non-skid mileage" understates it.

Money-Savers!

Boats 3000 B. C. Were

Constructed of Planks

Shipbuilding, says the Washington Star, is one of the most ancient of the arts. Egyptian drawings, dating probably from about 3000 B. C., show boats constructed of planks, having sails as well as oars. From ancient sculptures it appears that the ships of the Greeks and Romans were propelled by wind and oar and were built with keel, ribs and planking, strengthened crosswise by benches on which the rowers sat.

The Phoenicians were probably the most skillful mariners of ancient times, and at a very early period had developed a type of war galley. The Vikings of Norway used ships of considerable strength of frame, but very light draft. The European nations steadily improved in shipbuilding, and the oar was gradually superseded by the sail. Larger and speedier vessels were required for the development of commerce. The development of shipbuilding as a science, however, may be said to date from the middle of the Nineteenth century and to have been a direct result of the use of iron and steel in ship construction and the application of steam to propulsion.

Inoculation for Smallpox

Inoculation for smallpox was first practiced in China during the Sung dynasty. During the reign of Jen Tseng, 1023-1063 A. D., the prime minister, Wang Tan, whose son was suffering severely from smallpox, was informed of the successful preventive inoculation discovered by a philosopher living at O Mei mountains, at Szechuen. He told the minister that the child was a fit subject for inoculation and it was done the next morning. The seventh day the fever disappeared and on the twelfth day the pustules dried up. As smallpox was brought to China by the Huns, and as the O Mei mountains are on the border of India, it is suggested that this method came via the trade routes from India.

Sailors' Snug Harbor

Capt. Robert Richard Randall established Sailors' Snug Harbor for worn-out sailors. It was opened August 1, 1833, and today is one of the richest foundations in the United States. Its holdings are said to be valued at more than \$30,000,000. An applicant for admission to Sailors' Snug Harbor must be an aged, decrepit and worn-out sea-faring man, presenting with his application satisfactory proofs of service on seagoing vessels sailing under the United States flag and letters of recommendation as to his good character. The only home of similar character in the United States is the Sailors' home, Quincy, Mass.

Not Killed in Flight

The belief that a person falling from a great altitude will be killed or rendered unconscious before reaching the ground has been exploded by army flyers, says the War department.

Music Summer School at

Lasell Junior College

The Fiftieth Anniversary session of the American Institute of Normal Methods opened at Lasell Junior College, Auburndale, on the Fourth of July. The school was founded at Lexington in 1884 by the late Hosea E. Holt, one of the directors of music in the Boston public schools.

Seventy-five students are enrolled from the New England States, and from New York, New Jersey, Pennsylvania, North Carolina, Virginia, Ohio, Illinois, Kentucky, Missouri, Mississippi, Oklahoma, Iowa, Nebraska, and Wyoming. Special features of the program include a series of lectures by Dr. James L. Mursell, well-known lecturer and author. The first in the series was on Thursday evening, July 12th, at 8:00, on "Music and Human Service," at the main building, Bragdon Hall. On Friday his topic will be, "Music and the Good Life."

The choral festival this year is a performance of Mendelssohn's "Hymn of Praise" under the direction of Mr. Osbourne McConathy. For this occasion the school chorus is augmented by members of the Newton Highlands Glee Club and of various choirs of the Newtons. A picked group of high school students of Greater Boston are privileged to take special courses in rhythmic, conducting, and harmony. The public is invited to attend this choral festival performance to be held at the Levi Warren Junior High School on Washington street, West Newton, Monday evening, July 23rd, at 8:00 o'clock.

Luxurious

Here's real comfort! The photograph shows the roomy, luxurious interior of the new Studebaker Dictator "Land Cruiser," which brings true tear-drop styling to the less-than-\$1,000 price group for the first time. The arm rest in the middle of the rear seat is permanent. Upholstery is of the finest mohair or broadcloth. The two front seats are adjustable.

Lincoln Park Church Plans

Series of Summer Meetings

The South and the West will unite in bringing a message to the East at the West Newton Community Evening Service this Sunday in the Lincoln Park Baptist Church when the Rev. Joseph Rabun of Georgia and California will preach. Following is the schedule for the remainder of the summer at this year-round evening service:

July 22nd, Mr. Joseph Rabun.
 July 29th, Rev. Russell C. Tuck, professor of New Testament at Andover Newton Theological School.
 August 5th, Hon. Edwin O. Childs, leading churchman and former Mayor of Newton.
 August 12th, Rev. Donald Pielstick of Missouri.
 August 19th, Mr. Pielstick.
 August 26th, Mr. Pielstick.

This service of worship is held at 7:45 o'clock every Sunday evening. Miss Betty Brooks has charge of the musical program for the summer. The pastor, Rev. John Shade Franklin, who is released from preaching duty for the next few weeks, is on call for pastoral service and may be reached through the Rev. Russell C. Tuck of Newton Centre.

Cottage prayer meetings are being held each Thursday evening throughout the summer by the members and friends of the Lincoln Park Baptist Church. July 12th the meeting will be at the home of Mr. and Mrs. Harry Robb, 2134 Commonwealth avenue. July 19th at the home of Mr. and Mrs. David A. Yull, 2163 Commonwealth avenue, and July 26th at the home of William C. Brooks, 38 Putnam street, West Newton.

Uniting with the Second Church for morning worship this Sunday, Lincoln Park Church will hear the Rev. Robert L. Underwood of Fitchburg, formerly assistant to the West Newton Church.

Police News

A street brawl on Watertown street, Nonantum late last Sunday night resulted in the arrests by Patrolman Treddin of Joseph Boudrot of 132 Pleasant street, Watertown and Daniel Mazzola of 470 California street, Nonantum. In court on Monday Boudrot was fined \$10 for disturbing the peace and \$5 for drunkenness; Mazzola was fined \$10 for disturbing the peace.

Carroll Swift of Slade street, Belmont was fined \$5 in the Newton court on Monday for parking his car more than the 60 minutes allowed in the business section at Newton Corner. Swift's car was one of many tagged. He tore the tag into pieces and the following day brought the pieces to police headquarters and asked for a receipt. He got a summons later to appear in court.

WHY THE CHINESE LIVE ON HOUSE BOATS

Because of overpopulation in China, the land as far as possible must be used to grow the necessities of life and thus millions of people are forced to live in house boats on the various rivers. People live from the cradle to the grave on the same boat, known by the name of sampan.

AN ENCOURAGING SIGN

The great reduction in the deficit of the Boston Elevated Street Railway for the year ending June 30th is encouraging indeed. Last year the deficit reached a figure of about two and three quarter millions of dollars. The deficit of the past twelve-month period is figured at slightly more than a million and a half dollars. This reduction was brought about through the saving of three-quarters of a million dollars in the expenses of operation and an increase in the number of paying passengers riding. This latter increase took place entirely since the first of the year and is a reflection of the improvement of business in general.

There are many other incidental matters of interest in the annual report of the Board of Public Trustees of the Elevated. During sixteen years of public control there have been but three other years in which it has been necessary to levy a deficit upon the Metropolitan area. The deficit of the year just ended is the smallest of any. The Elevated question has been one of the most agitated in this section of the state and the question of public control versus public ownership has been one that has furnished much debate. The encouraging report is indication of the fact that under normal conditions the road could probably be put on a basis that is practically self-supporting. Like many other businesses as well as people, it has needed help in meeting unconquerable obstacles.

STREET COMMISSIONER GEORGE E. STUART

The large attendance at the testimonial banquet to Street Commissioner George E. Stuart, who resigns on August first after fifty-five years of faithful service, is an indication of the esteem in which he is held by his many friends and associates. Any additional encomiums may well seem out of place, but we take this opportunity of congratulating Mr. Stuart for his long and faithful record of public service and wish him a long and useful life to come.

SUMMER DAYS

The weather of the past week recalls to our mind, by contrast, the sub-zero temperatures of six months ago. Do you remember the days when you tried to blow warmth into your fingers and stamped your toes until you thought they would fall off? It seems a long time ago. Yet here we are in the midst of a summer of glorious days. Yet while we are enjoying the outdoors a little philosophy would not be amiss. Have you stopped to think that those days of last winter have made these summer days more beautiful—that life would be pretty much of a humdrum existence if we didn't have the unpleasant mixed in with the pleasant?

A CREDIT TO NEWTON

Newton is to be congratulated upon the new phase of youth training which is provided through the Cub program offered by the Boy Scouts of America. The new day camp for younger boys is the first of its kind in the United States. The younger lads who are not fortunate enough to be able to enjoy a vacation are being given an opportunity to make their leisure time useful. They are being given invaluable training. It is most worthwhile in its aims and objects and should receive the encouragement and support of all true citizens.

Newton Upper Falls Fractures Skull At Gravel Pit

—Mr. Giles Dyson is ill at the Newton Hospital.

—Mrs. Annie Lacey of 231 Elliot st. is ill at the Newton Hospital.

—Miss Margaret Osborne of Boylston st. is visiting friends at Hyannis.

—Miss Grace Hunt of Chilton pl. is attending summer school at Hyannis.

—Carlton Billings, son of Mr. and Mrs. Elmer Billings of Linden st., is the guest of Arthur H. Rummery of Saco, Me.

—Mrs. Susan Scott of Summer st. is the guest of Mr. and Mrs. Arthur F. Rummery at Saco, Maine, for a week's vacation.

—Mr. and Mrs. Arthur F. Rummery and son of Saco, Maine, were the weekend guests of Mr. and Mrs. James McNeally of Oak st.

—Mr. and Mrs. Ernest Cobb and daughter, Madeline, have been entertaining their relatives Beatrice, Allen and Elmer Barnard of Belfast, Maine, at the home of Miss Olive Duval on Wednesday evening.

—Mr. and Mrs. Graham Seymour (nee Barbara Newey) are receiving congratulations on the birth of a son.

—Mr. and Mrs. Jack Cronin of Cottage st. were the guests of Mr. and Mrs. Ralph Goodwin of Needham at their cottage in Yarmouth over the holiday.

—Mr. and Mrs. James Lacey have returned from their wedding trip through Maine and have taken up their residence at their new home at 22 Columbine rd.

—Mr. and Mrs. Elmer Baker of Fryeburg, Maine have been the guests of their daughter and her husband, Mr. and Mrs. Delbert Bosworth of Thurston rd. the past week-end.

—Mrs. Wm. T. Doran, Jr., and baby daughter, Joana Lee, of Jackson Heights, N. Y., are visiting Mrs. Doran's parents, Mr. and Mrs. Ernest Cobb of Richardson rd.

—Mrs. Muriel Stevens Clements wife of Dr. Ralph Clements of Raleigh, North Carolina is the guest of Miss Olive Duval of Cottage st. this week.

—Mrs. Clements is renewing old acquaintances here this week.

—Mr. John William Duval of Waverley st., Watertown, son of the late Mrs. Kate Duval of Winter st. died last Friday at his home. Funeral services were held from his home on Sunday at 2:30 p. m. Mr. Duval is survived by a wife and four children.

Theodore Walker, 25, of 55 Central avenue, Everett, employed at the Highland Sand & Gravel Company, Oak Hill received a fracture of the skull on Wednesday afternoon while working at the large hopper there. Fellow workmen observed Walker falling to the ground unconscious and rushed him to the Faulkner Hospital at Jamaica Plain.

Newton Upper Falls

—Mr. and Mrs. Harry Troop and baby Richard of Cottage st. have returned from a month's vacation at Hanover, N. H.

—Rev. G. Vaughan Shedd of the First M. E. Church will preach at the Union Services on Sunday at the M. E. Church. Topic of the morning service will be, "The Place of Beauty in Religion" in the evening the topic will be, "The Mountain of Revelation."

Newton Lower Falls

—Mrs. Jefford of Washington st. is visiting friends in New Jersey.

—Miss Margaret Grant of Cornell st. is spending the summer at Plum Island.

—Mr. Norman Paterson of Grove st. and family are enjoying several weeks in Maine.

—Douglas Brindley of Grove st. is on a motor trip to Canada, where he will spend several weeks.

—Mr. and Mrs. Wallace Mann of Beacon st. have just returned from a motor trip through Maine.

—Miss Florence Trefry of Pierpont rd. is the guest of her aunt Mrs. Bert Nichol of Arlington for the summer.

—Mr. and Mrs. Philip McLean of Fairbanks ave. have returned from their annual vacation at Old Orchard Beach.

—Mrs. Andrew Somes and son Andrew and Misses Valeria and Mary of Hardwick, Vt., are the house guests of Mrs. Somes' sister, Mrs. Ralph Lurvey of Grove st.

FAMOUS O'CONNELL BRIDGE A SHORT ONE

The O'Connell Bridge, in Dublin, is wider than it is long. It crosses a narrow part of the River Liffey. O'Connell street, of which the bridge is a part, is one of the world's most famous thoroughfares. The O'Connell Monument and the Nelson Pillar stand in the middle of the street.

Colonists Liked Silver

Brought It to New World

The American colonists were never long behind England in their fashions. Early invoices, inventories and wills prove that a good supply of silver was brought over by the colonists when coming to the New world. Whatever was new and fashionable appeared in the homes and on the tables of the governors and their coterie at the same time as in London, except for the three or four weeks' sailing time that necessarily intervened, observes a writer in the New York Herald Tribune.

When the silversmiths in London were melting up old silver, and originating new styles, many a piece of Stuart and Queen Anne silver brought over by the earliest colonists went back to London to be converted into more fashionable shapes. There is a record of a Virginia gentleman in 1659 who did this, and nearly lost his family silver by having it seized by the customs as new silver. A century later, George Washington, on the eve of his inauguration as President, sent much family silver to London to be melted and made into "the newest and most elegant shapes."

The earlier period of destruction was needless. The art of making silver was among the very first accomplishments of the colonists. By the year 1650 there was no need for Americans to regard England as headquarters for beautiful silver, except for the far southern colonies, from which it was easier to cross the ocean than to cross the forests between them and the New England silver center. The early American silversmiths were blessed in being restricted in implements, ways and means, for it necessitated simplicity in their work. They patterned their silver on severe lines, and thus achieved a beauty never surpassed. When the advent of punch called for larger utensils than they had been making, a number of fluted bowls of the Queen Anne type were made. The American makers were partial to the simpler form as usual, retaining only the deeper and lower curves of the Queen Anne design in some of their bowls, thus achieving greater capacity and balance.

Sand From Lake Michigan Built the Famous Dunes

Thousands of years ago the great ice sheet that had covered Canada and the northern part of the United States gradually melted and retreated northward. It left in its wake heaps of clay, piles of boulders, plains of sand and pools of water. One of the largest of these pools was named Lake Chicago, and after many changes came to be Lake Michigan.

The winds and the waves began their work on the shores of the lake as soon as the ice sheet had melted. Some parts of the shore were washed away by the force of the waves. Some of the material removed by the waves soon sank to the bottom of the lake, but some of it traveled far and was then thrown upon the shore miles away. Because of the winds and the currents, the south end of the lake received tons upon tons of sand cast upon the shore by the waves and piled up by the wind into sand bars and dunes. Century after century this went on until the new earth thus formed measured many square miles, spread out as a crescent about the southern end of the lake.

The fascinating thing about this crescent is that while the outer edge is 20,000 years old the inner side was built up yesterday and is receiving further additions today. This permits us to see the new sand heaped up during the past few decades or centuries with its new plants, the older sand undergoing changes which are transforming it into soil with its older vegetation, and the mature soil, with the oldest vegetation forming a climax forest upon a climax soil.

Longfellow's Old Home

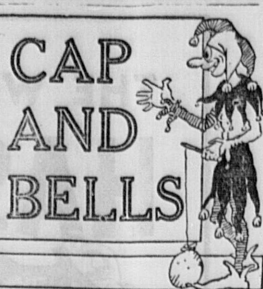

The Longfellow home in Cambridge, Mass., built in 1760, is doubly famous as the poet's home and as the one-time "headquarters" of Gen. George Washington. In the early days of the Nineteenth century, the house which entertained Washington, Talleyrand, Queen Victoria's father, and Charles Dickens was used as a rooming house for college students. Longfellow found quarters there while he was a young Harvard professor. He became the owner of the house in 1843, and it stands in its original state, aided by a few modern improvements and frequent upkeep painting.

Ruins of Cuzco

In Cuzco, Peru, once the metropolis of the Incas, may be seen massive ruins on a par with those to be found in Egypt. When the city was captured by Pizarro its temples were marveled of magnificence. The Temple of the Sun was covered with a roof of gold. The railroad to Cuzco skirts Lake Titicaca, an inland sea, 165 miles long, 60 miles wide, and 12,500 above the level of the sea. The water never freezes, even when the temperature drops to 30 degrees, and steel knives thrown into it do not rust.

First Tea in England

Tea was not brought to England until 1657, and was introduced into the English court by Katherine of Braganza. From the first it was patronized by royalty. When the custom originated tea was drunk much weaker and in smaller cups than prevailed later. In the second half of the Eighteenth century afternoon tea became a smart social function.

HIS FEE

The teacher heard a child crying and rushed out to the playground to find the cause of the disturbance.

"What is the trouble?" she asked of little Jimmy, who stood calmly by, eating an orange.

"Billy took Fred's orange," explained the witness.

"And where is the orange?" asked the teacher.

"Oh, I have that," replied Jimmie. "You see, I am the lawyer."

Scots in Action

Cutmen, the barber, was talking of a man who had joined his shave-and-hair-cut club at so much a week. "That chap McMean has a marvelous growth—comes in twice a day for a shave and every few days for a hair cut."

Cutmen went up in the air when the other informed him. "Why, there are two McMeans—Angus and Donald—and they are twins."

Difficult Indeed

"And how are you getting on, Mrs. Mumble?"

"Not too well, Mrs. Grumble. My poor husband has had a parallel stroke and we are having a time making both ends meet."

HIGH MINDED

Wife—I saw the dearest little hat today.

Hubby—That's just like you—always looking for the dearest instead of the moderately priced.

Mathematics

The music teacher was trying to impress upon her pupils the meaning of F and FF in a song they were about to learn. After explaining the first sign, she said: "Now children, if F means forte, what does FF mean?" "Eighty!" shouted one enthusiastic pupil.

Too Much Free List

"What has become of your motion picture house?"

"It had to close," answered Cactus Joe. "Every citizen in Crimson Gulch insisted on being a member of the board of censors so's he could get in without payin'."

We Wonder

After having his face scrubbed and being told not to get his face dirty again that day, the small boy said: "Mother, how does my face get so dirty when it is so high off of the ground?"

Little New to Learn

"Are you going to start an investigation in Crimson Gulch?"

"No," answered Cactus Joe. "Everybody knows all about everybody else. What's the use of getting us bawling one another out all over again?"

Defense Reaction

"What is your idea in trying to dodge your income tax?"

"I guess it was a question of nervous reaction," said Mr. Dustin Stax. "I didn't mean to dodge. Anyhow, it hit me first."

OH, OH

"I take half an hour's beauty sleep every afternoon."

"You should make it longer, dear."

Good Psychology

Farmer—You've been lying under that tree for six hours! Why don't you beat it?

Tramp—Offer me a job then! Nothing can be accomplished without a motive!

He Kept 'Em

Mother—Oh, Billy, you naughty boy! You have been fighting and have lost two teeth!

Billy—No, I haven't, mother. They are in my pocket.

Perfect Explanation

Professor (sternly)—This essay on "Our Dog" is word for word the same as your brother's.

Frosh—Yes, sir, it's the same dog.

About Town

By Edward H. Powers

Judge Bacon, using characteristic common sense, ruled last week that members of the Newton police department may appear in the Newton district court wearing their new brown shirts, and without wearing the blue serge coats which are part of their regular uniforms. The judge himself doffed his robe of office on the very hot days and looked comfortably garbed in an attractive shirt. But, the judge was quoted as stating that he would not allow any shedding of coats in the court room if those discarding the coats wear suspenders.

As one who never deserted suspenders for a belt, we asked the judge why he is prejudiced against the old-fashioned supporters for trousers? We contended that they are more conducive to health and more comfortable than belts. Moreover, suspenders are in vogue again. The judge replied that he has seen us wearing suspenders and this is one reason why he is prejudiced against them. However, he compromised by saying that if we procure a nice embroidered pair of suspenders, he will permit us to appear in court thus attired.

Persons residing or working in the vicinity of the bridge over the Boston & Albany tracks at Centre st., Newton Corner, have had their nerves frayed the past couple of weeks while workmen have been removing old paint off the superstructure of the bridge. The noise of hand hammers being used to knock off the old paint has been bad enough, but the din of blunt chisels operated by compressed air has been terrific. And this racket will continue for a week or two more. It seems as if some less noisy method could be used.

The Planning Boards of the Towns of Arlington, Belmont, Lexington, Lincoln and Concord, through which towns the new State highway from Cambridge to Concord is being constructed, have organized to control the development of land adjacent to this highway. It is planned to prevent the despoliation of the highway by preventing along it roadside stands, gasoline stations and other business ventures which have turned other State highways into unsightly thoroughfares instead of beautiful scenic routes for which purpose they were constructed at the expense of millions of dollars to taxpayers. The joint Planning Boards hope to obtain unified action by the five towns in controlling real estate development along the highway. The Newton Board of Aldermen can well heed the example shown by the Planning Boards of these neighboring towns when petitions are received from persons who want to commercialize Boylston st. in this city in order that they may profit individually.

The testimonial to Street Commissioner George E. Stuart on Wednesday night, attended by 1000 persons at the State Armory, called attention to the remarkable changes which have occurred during the 55 years of his service to this city. When he became associated with the Street Department in 1879, Newton was quite rural in aspect and had about quarter the population it possesses today. Newton Corner was a well settled section with a number of large, imposing estates. The north side of the railroad tracks in Newtonville was also thickly settled, but the South side of the tracks in that district was largely undeveloped territory. The same could be said of West Newton, Newton Lower Falls and Newton Upper Falls were thriving manufacturing villages a half century ago. Waban was farming country and the poor farm, as it was then called, was located there. The Newton Circuit branch of the Boston & Albany railroad had not been built and Newton Highlands contained but a small number of scattered houses. Most of the area at Newton Centre and Chestnut Hill was either woodland or farming areas.

The accepted streets in the city were of macadam construction. Horse drawn vehicles traveled over these streets and most of these were either buggies, carryalls or light delivery wagons used by stores. Included among the heavier vehicles were lumber drays, two-horse tipcats, ice wagons and coal carts, some of the latter of the two-wheel variety. The passage of a steam-roller over the streets was a thrilling event in the lives of the youngsters of those days, and this self-propelled vehicle had to be preceded (in compliance with the law) by a man waving a red flag as it rumbled down a street at a "speed" of about 3 or 4 miles per hour. Other thrills came when some frightened horse ran away or the galloping horses on the fire trucks pulled such apparatus to a blaze. When the fire trucks had to go up a steep grade, such as Newtonville avenue or Highland street, the firemen had to alight from the trucks and help get them up the hill by pushing.

Then came the automobile era and the problem of building and maintaining highways became quite changed. Macadam roads could not withstand the action of pneumatic tires on swiftly moving vehicles. The ground rock, forming the top layer of street surfaces, which in former years was made firmer and harder by pressure of iron tires on horse drawn wagons of from three to five tons, was now on automobiles. On gravel roads the surface was blown higher and thither. Autoists had to wear goggles and dusters. It became necessary to use oil, tar, asphalt and other viscous materials to keep street surfaces from disintegrating. The advent of heavy trucks weighing as much, with their loads as small railroad freight cars, necessitated much more enduring types of street construction. The job of men in charge of maintaining streets in a city became increasingly difficult. Especially when the cost of schools, of police and fire departments, as well as playground departments and other new city activities left pro-

portionately smaller amounts for the construction and maintenance of highways than were appropriated in the pre-automobile years.

When traffic was horse drawn there was little expense in plowing highways after snowstorms. Sidewalks were promptly plowed, as the large majority of persons walked in those days. Gutters were also promptly plowed so that pedestrians would not get wet feet at crosswalks. It was not necessary, as in later years, to spend large sums clearing streets of snow and sanding them to prevent automobiles from skidding. Horses used to skid on icy streets. But the taxpayers did not have to stand the expense of protecting the horses from slipping. Their owners had to do this. And old-timers will remember the hectic activity at horse-shoers shops after snowstorms when the "smiths" worked day and night sharpening the horse-shoes.

Mr. Stuart went through the trying years for those in charge of highways, caused by the transition from one form of transportation to an utterly different form. He surely deserves all the rest and recreation he can obtain in the declining years of a long and unusually active life.

The writer enjoyed a motor trip over the week-end to Coaticook and Sherbrooke, Quebec, accompanied by Capt. Nicholas Vedeucio, Edward A. Murphy and John Shorten. The scenery in the rolling country around Coaticook is as beautiful as ever, the farmers are still leading the tranquil life of the preautomobile era, using largely horses for transportation; the blacksmith and harnessmaking shops are doing business at the same old stands, and if one desires to get away from the mechanical age which has brought about the present "ideal" state of affairs in the world in general, take a trip up to the Eastern Township country for a few days.

Thieves Tip Farmer Off to Gold
Thieves unwittingly helped a farmer of Temesvar, Rumania, find a small fortune he never knew he possessed. When the farmer returned home one evening he found four men ransacking his house for a large sum of money which they declared was there. The farmer knew nothing of the treasure and the thieves were unable to find it. So they tied the man and one of his sons to a beam in the old barn and left. After much struggling the two freed themselves, but in doing so they pulled down the old beam, which proved to be rotten and hollow. Out tumbled 110 pieces of gold of Imperial Germany. They had been hidden there by the farmer's uncle, from whom he inherited the place.

Golden Rose Decoration

The Golden Rose is a decoration bestowed by popes of the Roman Catholic church on celebrated persons, dignitaries, churches and sanctuaries which have evidenced loyalty to the Holy See, almost from the middle of the Thirteenth century. The rose is of wrought gold and is of single form. The model is described as a thorny branch. The rose itself is studded with jewels, usually sapphires. It is perfumed, anointed with incense, and laid on the high altar the fourth Sunday in Lent, where it remains during high mass, after which it is bestowed by the pope, accompanied by a letter describing the service or loyalty it commemorates.

Black Marble Under Chalk

In the chalk mine of Nagvisnyo, near Miskolcz, rich layers of black marble are found under the chalk, writes the Budapest correspondent of the London Sunday Observer. According to expert reports, this marble is equal in quality to the famous black marble of Belgium. The mountain ranges which surround the mine also contain quantities of black marble streaked with white. This stone has in the past been employed by the villagers for paving the highways, so the images of Nagvisnyo, Ural and Susea bear the unusual distinction of being approached by marble roads.

CHRISTIAN SCIENCE

"God" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, July 15.

The Golden Text is: "Blessing, and glory, and wisdom, and thanksgiving, and honour, and power, and might, be unto our God for ever and ever" (Revelation 7:12).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "God that made the world and all things therein, seeing that he is Lord of heaven and earth, dwelleth not in temples made with hands; neither is worshipped with men's hands, as though he needed anything, seeing he giveth to all life, and breath, and all things" (Acts 17:24, 25).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Consecration to good does not lessen man's dependence on God, but heightens it. Neither does consecration diminish man's obligations to God, but shows the paramount necessity of meeting them. Christian Science takes naught from the perfection of God, but it ascribes to Him the entire glory" (p. 262).

DISTANCE VISIBLE AT SEA

A person standing at a height of 40 feet aboard ship can see the horizon at a distance of 7 1/4 nautical miles, and can see the top of an object 40 feet high at a distance of 14 1/2 nautical miles.

A SHIP IS NOT A BOAT

People going to sea for the first time should remember that a ship is not a boat. There is as much difference between the two as there is between a pearl and a bead.

All Kinds of Household and Family Articles Needed

Rain, Rain Go Away

FRIDAY the 13th reminds us to remind the superstitious that Sunday will be St. Swithin's Day.

Need we add that tradition has it that if rain falls on this day we can expect rainy weather for 40 days?

We'd much rather add a reminder to save for the sunny days that follow every storm. Are you saving?

Hanson and Mrs. Hanson and their four boys, who have been home on furlough from India for two years, left by auto yesterday for Minnesota where they will be guests of Mr. Hanson's parents until Aug. 20 when they will go on to San Francisco to embark for Bombay, India, Sept. 14. Mr. Hanson will be district superintendent in both the religious and educational work in a new field to which he has been appointed in Northern India.

OFFICERS STRIPES

It is a very simple matter to tell the status of an officer aboard ship by observing the stripes he wears. The following, given out by Cunard White Star Limited, is in use in practically all ships on the ocean:

Commodore of the Fleet—One wide single gold stripe on sleeve.

Captain—Four gold stripes.

Staff Captain (attached to all express and some large cruising steamers)—Four gold stripes.

Chief Officer—Three gold stripes.

Chief Engineer—Four gold stripes, interspersed with purple.

Surgeon—Three gold stripes, interspersed with red.

Purser—Three gold stripes, interspersed with white.

Chief Steward—Two gold stripes, zig-zag.

Senior Wireless Officer—Two gold stripes, interspersed with green.

When white uniforms are worn, which is the custom in summer or in tropical waters during any season of the year, the stripes will be found on the shoulder straps instead of the sleeves.

Doctor Tanner's Fast

A number of cases have been recorded in which men starve themselves for a month or so. An American, Doctor Tanner, went without food for 40 days in 1870, and the painter Merlati fasted for 50 days in Paris in 1886.

No "Isle of Lost Ships"

Located in Sargasso Sea

In 1925 Dr. William Beebe headed an expedition to the Sargasso sea for the New York Zoological society. His report firmly discredited the belief that there is an "isle of lost ships," or a "graveyard of missing ships" in the Atlantic. Or, as legend and myth have it, that all the wrecks and derelicts of the Atlantic eventually drift to this weedy spot and here, tangled in a mat of vegetation, slowly eddy round and round in desolate assembly.

The Sargasso sea, says the Cleveland Plain Dealer, is the name given to a vast area in the Atlantic ocean roughly between the parallels of 20° and 35° north and the meridians 30° and 70° west, in which patches of seaweed are common. These patches of seaweed are kept in a slow swirl by the gulf stream and the equatorial current. Columbus noted the abundance of floating weeds in this region in 1492. In his log may be found a record of the occurrence of the gulf-weed. The name arises from the fact that the Spaniards called this region "Mar de Sargazo," sea of seaweeds, "Sargazo" being Spanish for seaweed.

Doctor Beebe cruised for a month in the Sargasso sea and reported that at only certain seasons does the weed collect into floating patches, and that these are soon scattered by gales. He also saw thin streamers of weed, sometimes a mile or two long, undulating over the sea.

Whether the seaweed propagates in the open sea or drifts in from the coast is a disputed question. Although no seeds or spores are formed in mid-ocean, it is concluded that the weed propagates at sea by vegetation for many years, if not perennially.

Ancient Egyptians First

People to Make Leather

Leather was first made by the ancient Egyptians and its lore reveals the quaint styles of footwear through the centuries. For example, notes a Cleveland Plain Dealer correspondent, the English parliament in 1463 passed an act prohibiting shoes with plumes more than two inches in length, under penalties to maker and wearer, and those who would not comply were excommunicated.

Even at a late period shoes were often twice the length of the foot.

In 1690, in the reign of William Rufus, the great dandy Robert was called the "horned" because he wore shoes with long points, stuffed, turned up and twisted like horns.

The shoes became fashionable and the toes continued to increase in extent until in the time of Richard II in 1390 they had attained such an enormous length as to be fastened to the garter by a chain of silver or gold.

St. Crispin was a Christian martyr, born of a noble Roman family. About the middle of the third century under the reign of Diocletian, he with his brother Crispianus fled from Rome into Gaul, where he worked as a shoemaker in the town which is now called Soissons. Here he distinguished himself by his exertions for the spread of Christianity, as well as by his works of charity.

St. Crispin had a tender heart for the poor and needy, and according to one of the legends of him, "his benevolence was so great that he even stole leather to make shoes for the poor." From this legend charity done at the expense of others has ever since been called "Crispinades."

Harvest Thanksgiving

The blessing of the rice harvest is one of the most ancient of Ceylonese customs, and the oldest harvest-thanksgiving ceremony in the Middle East. Elephants and villagers participate. The ceremony is known as "Aluth-Sal-Mangalla." It begins with a procession to the temple, and then proceeds to the paddy (rice) fields attached to the temple, where the high priest reaps a small quantity of paddy. This is heaped on the leading elephant, and the procession starts back again to the temple, where the priests thresh the grains. The rice is then boiled and offered to Buddha. Immediately afterwards the villagers begin the rice harvest.

Some Snakes Are Bluffers

Hog-nosed snakes as described by the curator at the reptile house in Central Park, New York, as a clown and bluffer, strike terror to the few who find them in the state and believe them to be "puff adders," comparable in their death dealing power to the deadly viper of Africa and the hooded cobra of India which, according to official figures, kills 22,000 annually. This snake distends its jaws, emits a musk odor, and hisses threateningly. However, Doctor Dimars asserts that it can hardly be induced to bite, is unable to inflict more than the slightest wound, and will always flee if given the slightest opportunity.

Vandalism

The word "vandalism" does not always denote malicious destruction, says Literary Digest. Vandalism is defined: "Hostility to, or contempt for art and literary treasures; wanton or ignorant destruction or defacement, as of monuments of the past, or treasures of art or learning." Accordingly, vandalism may be hostile and malicious; it may be contemptuous, or it may be due to ignorance. The destruction of a treasured bit of sculpture by small boys may be due simply to ignorant mischievousness without denoting any degree of hostility or maliciousness.

THE SECOND CHURCH IN NEWTON

Rev. Boynton Merrill, D.D., Minister

William Lester Bates Organist and Choirmaster

July 15

10:45 A.M.—Morning Worship. Rev. Robert L. Underwood will preach.

VACATION ECHO

By William R. Ferry

Cedar Lake Farm, Old Lyme, Conn.

On Grassy Hill Lane way up in the wood

A squatty roof farm house one hundred years stood

It's old doors and shutters, beaten and worn

A sign of old age as sure as your born.

Not simply a house, a barn and old shed

But woodland and pastures where cattle are fed.

The land skirts a lake, 'tis Cedar lake farm

Where city folk visit for it's wonderful charm.

The old oaken bucket in childhood of yore

Near an old fashioned entrance and old fashioned door.

The lilac and laurel and maples so grand

With beauty and greatness like sentinels stand.

Visit Old Lyme, some day in June.

Hear the song birds of Lyme, their warbling tune

Catch some fish in the lake, pickerel or pike.

Come out to Old Lyme, and do as you like.

Action of Icebergs

Icebergs begin their work by pushing and grinding their way to the sea as glaciers, and in their course they pick up large quantities of rocks, gravel, sand and still finer materials. When they reach the ocean, and the waters raise and break them loose, they put to sea to scatter their load over the ocean's bottom, to add their contribution to future lands.

MORTGAGEE'S SALE
OF REAL ESTATE

By virtue and in execution of the Power of Sale contained in a certain mortgage given by Mary H. Hickey, widow of John H. Hickey, to the Mortgagee, the Mortgagee, dated October 8, 1928, and recorded with Middlesex County (South District) Deeds, Book 5284, Page 168, of which mortgage the undersigned is the present holder, for breach of the condition of said mortgage, to wit: "That the mortgagor should pay to the mortgagee the sum of \$100.00 on or before the 1st day of August, 1934, and if the same should not be paid on or before the 1st day of August, 1934, then the mortgagee should sell the premises described in said mortgage, to wit: A certain parcel of land with the buildings thereon situated in Newton, Middlesex County, Massachusetts, being Lot E on a 'Plan of Land in Newton Center, Massachusetts,' belonging to the heirs of George S. Ward, E. S. Smilie, Surveyor, dated September 22, 1916, recorded with Middlesex County (South District) Deeds, Book 5284, Page 168, and bounded and described as follows: 'Southeasterly by Hobart Road, seventy-five (75) feet; 'Southeasterly by lot D on said plan, one hundred twenty-five (125) feet; 'Northerly by land now or formerly owned by the heirs of George S. Ward, seventy-five (75) feet; 'Northerly by land now or formerly owned by the heirs of George S. Ward, one hundred twenty-five (125) feet. Containing 9375 square feet of land according to said plan. Being the same premises conveyed to the said Agnes A. Cavanagh by Sara Shumway Smith by her deed of even date, to be recorded herewith. The premises are hereby conveyed subject to the restrictions of record so far as the same are now in force and applicable.

The said premises will be sold subject to all unpaid taxes, tax titles and other municipal liens, if any. Terms of sale: \$500.00 in cash to be paid at the time and place of the sale and the balance of the purchase price to be paid within ten days thereafter. Other terms will be announced at the sale. (Signed) ELLEN M. HART, Assignee and present holder of said mortgage.

MORTGAGEE'S SALE
OF REAL ESTATE

By virtue and in execution of the Power of Sale contained in a certain mortgage given by Margaret H. McEllan, his wife in her right to Newton Trust Company, dated December 22, 1928, and recorded with Middlesex County (South District) Deeds, Book 5043, Page 121, of which mortgage the undersigned is the present holder, for breach of the condition of said mortgage, to wit: "That the mortgagor should pay to the mortgagee the sum of \$100.00 on or before the 1st day of August, 1934, and if the same should not be paid on or before the 1st day of August, 1934, then the mortgagee should sell the premises described in said mortgage, to wit: A certain parcel of land with the buildings thereon situated in Newton, Middlesex County, Massachusetts, being Lot No. 24 (Twenty-four) as shown on said plan, seventy (70) feet; and Northerly by lot No. 22 (Twenty-two) as shown on said plan, one hundred (100) feet. Containing six thousand eight hundred and eighty-six (6,886) square feet of land according to said plan. Being part of the premises which were conveyed to me by the Friend Lum-Lum Company, Inc., dated January 2, 1929, recorded with said Deeds, Book 5322, Page 451; said premises are set forth in a deed from the Fred Holland Chamberlain, Inc., to Mary E. MacDonald, Inc., dated January 2, 1929, recorded with said Deeds, Book 5094, Page 234, further mentioned in a deed from the Fred Holland Chamberlain, Inc., to Benjamin J. Arena, recorded with said Deeds, Book 5322, Page 451.

The premises will be sold subject to any and all unpaid taxes, tax titles and municipal liens and assessments that may be thereon. A cash deposit of Three hundred (\$300) Dollars will be required from the purchaser at the time and place of sale. Other terms will be announced at the sale.

A "CITY" IN GREAT BRITAIN AND IRELAND

Broadly speaking, a town in Great Britain or Ireland is not called a city unless there is a cathedral in it; however, occasionally a place in which there is no cathedral is made a city by a royal order—for example, Plymouth, England (population 220,000), in which there is no cathedral, was recently made a city by order of the King.

The Society Islands

The Society Islands are a group of high volcanic islands in the second of the eastern Polynesian chains in the South Pacific. They are located between 16 degrees and 18 degrees south latitude and 148 degrees and 155 degrees west longitude, with a total area of 657 square miles, and belong to France. The archipelago is a double group, separated by a clear channel of 80 miles in breadth; the northwest or leeward group including the island of Raiatea and the southeast or windward group centered about the famous island of Tahiti, 600 square miles, on which is Papeete, population 5,000, the capital of French Oceania.

Paris Mushrooms

The Paris mushroom is that variety known scientifically as *agaricus horis*, and it differs in appearance and in taste from the common or meadow mushroom. The difference, however, is slight. Most of the large cities of Europe obtain mushrooms from the French capital. Successful mushroom production demands considerable knowledge and skill and there are many hazards in the business. The Parisian growers are leaders in this highly specialized profession.

Same Old London Smoke

Documents show that in 1661 people complained of the same old London smoke as they do today.

MORE SO

A woman who was having a house built for herself visited the site to inspect the progress. Her keen eyes detected one of the bricklayers halving a brick with his trowel. With a triumphant gleam in her eyes she approached him swiftly and said: "Isn't that a rather primitive way of cutting a brick in two?"

The man looked up, smiled, and said: "Lor' bless yer dear heart, lidy, there's a far more primitive way than this, believe me."

"Really, and what's that?" she inquired.

"Biting it, lidy; biting it."

Spring Has Come

He leaned over the garden fence and beckoned to his neighbor.

"I say, old man," he said, "I understand that you have Jones' rake?"

The neighbor nodded.

"Good," said the first. "If you'll let me borrow that occasionally, I'll let you use his roller whenever you want it."

YOUNG TEACHER

Mother—Who started this row?
Little Jack—Tommy did. He wouldn't do as I told him to and I was only trying to make him mind.

Some Attachment

Smith—I've got a little attachment here for your wireless.

Neighbor—Thanks, very much. Smith. Let's have a look at it. I'm always interested in something new.

Smith—Well, it's just a brick and a yard of rope, and the river's the second turning on the right.

Young Love's Dream

"Daughter," said the father, "is that young man serious in his intentions?"

"Guess he must be, dad," she replied. "He's asked me how much I make, what kind of meals we have, and how you and mother are to live with."

—Cincinnati Enquirer.

Female Sheep

The wife was working out a crossword puzzle. Suddenly she turned to her husband and asked:

"What is a female sheep?"

"Ewe," he replied.

And that started the unpleasantness that spoiled the whole evening.

A DIFFERENT LINE

"Steve prides himself on calling a spade a spade."

"Yes. But he puts in a few adjectives when he gets out in the garden and tries to use one."

Safe Enough

Dialogue overheard on the beach at a southern coast resort. Small boy to mother:

"Mammy, may I go in to swim?"

"Certainly not, my dear."

"But daddy is swimming."

"Yes, dear, but he's insured."

Such a Relief!

Mrs. Flynn—This neighborhood seems pretty noisy, Mrs. O'Brien.

Mrs. O'Brien—Yes; the only time there's any peace here is when the trams drown the noise.

Learning

"Now," said the teacher, "which boy can name five things that contain milk?"

"I can!" shouted a freckle-faced youngster. "Butter an' cheese an' ice cream an' two cows."

Try Barbed Wire

Mrs. Gadabout—That Mrs. Hardhead next door doesn't seem to have many friends.

Hostess (wearily)—No-no. I wonder how she manages it?

And Maybe Again at Christmas
"When you quarreled today you let your husband have the last word. That was not usual."

"No, but I wanted to give him a little pleasure; it's his birthday."

Next Best Thing
"Living with her people, I suppose your wife can't threaten to go home when she gets mad at you."

"No, she threatens to send me home to father."

—Cincinnati Enquirer.

A Real Pal

"I'll say this for Farks: he's not the kind to stay quiet while his friends are being criticized."

"No, sir—he joins right in."

Old but True

"Was your father a college man?"

"Yes, but we never mention it. The college he went to had a rotten ball team."

BALSAM OF PERU COMES FROM EL SALVADOR

El Salvador is the smallest country in the mainland of either North or South America, and, excepting Haiti, the smallest nation in the Western Hemisphere. It is the only country between Canada and Colombia without an Atlantic as well as a Pacific seaboard, and it has the densest rural population on the mainland of the Americas. In an area about equal to that of Maryland live nearly 1,500,000 people.

The most unusual export of El Salvador, however, is the misnamed "balsam of Peru." Balsam, which is used for medicinal purposes, is the sap of a tree native to El Salvador. But the early Spaniards shipped the sap to Peru, where it was reshipped to Spain. Efforts are being made to have the name "El Salvador balsam" accepted in place of the misnomer "Balsam of Peru."

Wild Celery Names

Wild celery to the duck hunter, eel grass for the fisherman and Valisneria for the aquarist and scientist—it's all the same weed, but often one class of men does not know it by the other names, says the director of the Institute for Fisheries Research, at Detroit.

It is one of the best aerators of water, it grows fast and multiplies easily by means of runners. New plants sprout up just as new strawberry plants. The flower of Valisneria is a three-cornered green one which makes its way to the surface by means of a slender stem that spirals up like a corkscrew. The flower is inconspicuous.

Outing of Chamber of Commerce Next Wed., July 25th

The Newton Chamber of Commerce will hold its summer outing next Wednesday afternoon and evening at Old Silver Beach, North Falmouth. This is one of the best beaches on Cape Cod and ample facilities are available there. Excellent roads from Newton to this beach will enable those attending to reach it in about 2 1/2 hours by automobile. Transportation will be provided anyone desiring to attend. There will be no parade of cars from Newton; the automobiles will proceed individually to the beach. The easiest route to follow for those not well acquainted with the Cape is—take Route 128 from Needham (1/2 mile above Newton line at Upper Falls pumping station) to the junction of this route with Route 28. Then follow Route 28 via Brockton, Bridgewater, Middleboro to the canal bridge at Bourne, and continue on Route 28 to North Falmouth. A program of sports will start at 3 o'clock and dinner will be served at 6. Tickets, which are priced quite reasonably, may be obtained at the office of the Chamber of Commerce, 277 Washington st., Newton, or from members in the business sections of the various Newtons.

Award Woman \$2232 in Court—Was Hit By Car

Anna Kennedy, 25, now of Odgensburg, New York, was awarded \$2,232 by Judge Allen in the Newton court last Friday. On April 6, 1933 she was hit on Boylston street, Boston, by a car driven by Sherburne Merrill of 11 Lake terrace, Newton Centre. She brought suit against Merrill for \$25,000 because of permanent injury to her brain. Dr. Wilfred Overholser, a witness for the plaintiff testified that because of the accident Miss Kennedy's mentality had become that of a child of 10 years. Robert Bushnell, counsel for the plaintiff asserted that the injury had made the young woman mentally sub-normal and the damage was worth \$50,000.

Delaney Out For Democratic Nom

John Lacey Delaney of Cambridge has announced that he is a candidate for the Democratic nomination for Congress from the 9th District. He was a candidate for this nomination two years ago. He is a native of Cambridge, a graduate of Boston College and a member of the Cambridge School Committee. His wife is Ruth Gallagher, daughter of Dr. Thomas M. Gallagher of Newton. He is receiver of the Webster National Bank. He is running on a pledge to support all efforts of President Roosevelt.

Brookline Man Council Candidate

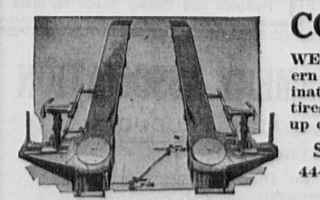

William J. Coughlan of Brookline is a candidate for the Democratic nomination as member of the Governor's Council from the Third District. He runs on the platform that a Democratic Governor should have the co-operation of the Executive Council, and with this body composed of seven Republicans and only one Democrat, the business of State has been impeded.

Charles McCarthy Temporary Street Commissioner

Charles J. McCarthy, senior district foreman of the Newton Street Department, was designated on Monday by Street Commissioner Stuart as acting Street Commissioner until August 1st. Mr. Stuart, who is on his annual vacation, will retire on a pension on that date and Mr. McCarthy will have charge of the department until the new Street Commissioner is appointed by Mayor Weeks. This appointment will probably be announced within the next two weeks.

Wm. R. Ferry Is Candidate For State Treasurer

William R. Ferry of Newton is a candidate for State Treasurer on the ticket of the Prohibition party it was announced this week when the list of candidates for state-wide office were announced by prohibition leaders. Other candidates are Freeman W. Follett of Haverhill for Governor; Florence L. Lawton of Worcester for Lieutenant Governor; William B. Taylor of Plympton for Secretary of State; Irma Adelaide Rice for State Auditor; George F. Hogan for Attorney General and W. Barnard Smith of Brookline for Senator in Congress. Mr. Ferry was the Prohibitionist candidate for Governor two years ago opposing Governor Ely and the late William S. Youngman, Republican candidate.

Damage Claims Against City

Two new damage claims against the City of Newton will be presented to the Board of Aldermen at the meeting on next Monday night. One is from Mary Dugan of 430 Centre st., Newton. She claims damages for injuries received when she stumbled over a hose laid across the sidewalk from a hydrant at 241 Washington st., Newton Corner. The accident occurred at 12:30 p. m. on May 24. The other claim is from Mrs. Mary Bushnell for alleged damage to her residence at 182 Tremont st., Newton, caused by blasting when the high level sewer was being excavated a year and a half ago.

Speeders Fined In Newton Court

In the Newton court on Wednesday Vincent Sullivan of 207 Elliot st., Upper Falls, was fined \$25 for speeding and \$10 for refusing to stop when signalled to do so by Patrolman Hammell. Hammell testified that he had to chase Sullivan's car until it entered a garage on Beacon st. Victor Bianchi of Quirk court, Nonantum, was fined \$25 for speeding along Washington st. G. Vaughan Shedd, Jr., of 91 High st., Upper Falls, was also charged with speeding. His case was placed on file.

Upper Falls Boy Struck by Auto

Jacob Bozazian, 9, of 38 Sullivan avenue, Newton Upper Falls, was hit Tuesday afternoon on Chestnut st., Upper Falls, by a car driven by Howard Kosroffan, 21, of 1205 Chestnut st., Upper Falls, Kosroffan, who took the boy to the Newton Hospital reported that the child ran out from behind a parked car and was hit by the rear of his automobile. The boy received injuries to his head and shoulder.

Carpenters Object To Forms Made Outside City

Nothing In Contract To Prevent Such Practice

The Carpenters' District Council of Newton has made a complaint to PWA officials because of the method used in making cement forms in the construction of the new grade school on Nevada st., Newtonville. The contractors on this job, J. Slotnick Company of Boston, are having these forms made in Malden by the Tucker Form Company. The Newton carpenters claim that in most public jobs in this city in the past, such forms have been made on the job, that having them made elsewhere lessens by about 50% the amount of work for carpenters on this project, and thus defeats to a large extent the purpose of PWA projects, the creation of work for local men. Building Commissioner Hagemann states that while employment on the PWA projects in Newton is restricted so far as possible to Newton residents, there is nothing in the contract which enables him to compel these forms to be made at the job.

Another complaint which had been heard is—that non-residents are being employed as electricians at the Bigelow School job. The information was given at the office of the Building Department that the Hixon Electrical Company of Boston, which has the electrical contract at the Bigelow School, tried unsuccessfully to obtain electricians who reside in Newton, and then employed residents of other Middlesex county places in accordance with PWA provisions.

Boy Who Stole Car And Hit Child Put on Probation

Clayton Mosher, 15, of 166 Washington st., Newton, was tried in the juvenile session of the Newton court last Friday on charges of taking an automobile without authority, driving without a license and leaving the scene of an accident without revealing his identity. On June 28 young Mosher took a car owned by Dr. Lawrence Perlmutter from the parking space at Newton Corner and while driving it hit Richard Haas, 9, of 5 Foster Circle, West Newton, as the child was crossing Washington st. in the business section at West Newton. The boy's left ankle was fractured and he was otherwise injured. Mosher fled after the accident. Judge Bacon gave Mosher a suspended sentence to Shirley Industrial School after his father had promised to pay damages incurred in the case.

Gets Jail Sentence For Liquor Sale

Manuel Gomes who resides at 2293 rear, Washington st., Newton Lower Falls, was arraigned in the Newton court on Monday on charges of selling liquor illegally, and assault and battery. The alleged assault was committed on Constantine Straszinski of 2313 Washington street. The latter was arrested on Sunday for drunkenness. He told the police that he had given his watch to Gomes as security for the payment of a purchase of liquor and when he asked for the return of the watch, he was assaulted. Patrolmen Munroe and McDonough obtained a search warrant and raided Gomes' house, but found no liquor. Judge Lynch of Milford, who was presiding at the session at which Gomes was tried, found the defendant guilty, fined him \$25 on the assault charge, and sentenced him to 30 days in jail on the liquor sale. Gomes appealed.

Newton Council K. C. Annual Outing

The annual outing of Newton Council, Knights of Columbus, will be held on Sunday, August 19 at Assabet Country Club, Stow. Outdoor sports will be indulged in and a dinner served. The committee in charge is headed by John Monahan as chairman.

Hospital Aid Benefit Shop To Hold Sale

The Hospital Aid Benefit Shop, 795 Washington st., Newtonville, will be open on two extra mornings, Tuesday and Thursday, besides its usual Monday afternoon and Wednesday and Friday mornings during the week of July 23 to 27 for a 1/2 price sale. On the 27th the shop will close until Wednesday, Sept. 12th, when it will open with many fresh goods. Please remember how necessary this earnings of the Benefit Shop are not only to the Hospital, but the goods which pass through the shop are of great help to self-respecting citizens who find here shoes and clothing and furniture of better quality than they could buy for the small amount charged. Save books and children's clothing through the summer and co-operate through your donations, not only in better facilities for our great hospital but also in serving those who buy. In Sept. if you want the truck to call, ring W. N. 174J and your goods will be collected.

Charge Brighton Man With Hit and Run Driving

Frank Rafferty of 25 Parkland st., Brighton, was arraigned in the Newton court on Tuesday charged with leaving the scene of an accident without making himself known. The case was continued to July 27. The complainant was Patrolman John B. Foley of Auburndale. It is charged that on Monday night a car driven by Rafferty collided opposite 269 Auburn st., Auburndale, with a car driven by Frances French of Glen rd., Wellesley Farms. The car driven by Rafferty then ran onto the sidewalk, knocked over a traffic sign, swerved to the other side of the street and hit a parked car owned by Joseph Melody of 255 Auburn st. While Patrolman Foley was investigating the accident, it is charged that Rafferty disappeared. Miss Frances Settle of Cambridge and Mrs. Helen Varney of Brunswick, Maine, who were riding in the car driven by Miss French, were injured.

Three Months Jail Term for Alleged Reckless Driver

Thomas H. Perkins, 28, of 149 Crescent st., Waltham, was sentenced to serve 3 months in Middlesex County prison by Judge Bacon in the Newton court last Friday. Perkins was the driver of a truck owned by the Waltham Woodenware Company which on June 9 collided at the corner of Washington and Beacon sts., Lower Falls, with a car operated by James Griffin of Hyde Park. The truck went half way through the car, pushed it 86 feet, and completely wrecked it. The car burst into flames and Griffin and his father, George Griffin were injured. The elder Griffin received a fracture of the jaw and internal injuries and was in the Newton Hospital for several weeks. James Griffin testified that the truck driven by Perkins was going 45 miles an hour. Perkins appealed and his bail was set at \$300.

City Truck and Auto Collide

A truck owned by the City of Newton and driven by Primo Olivigni of Charlesbank road, Newton, was hit in the rear by a car driven by Charles Paige of Washington park, Newtonville, at Washington street, and Waverley avenue, Newton, last Friday afternoon. It was reported that Louis Neville of Edinboro st., Newtonville, who was riding on the truck, had received injuries to his back.

Three Rescued as Canoe Tips Over

Two Chelsea young men and a companion from Lynn were rescued near Norumbega on Sunday afternoon when the canoe in which they were riding tipped over. Those pulled from the Charles River by Patrolman McAniff of the Metropolitan Police were David Aronofsky and Avery Wilbur of Chelsea and Horace Traymore of Lynn, a cripple.

Rotary Club

Mrs. Irving Palmer gave a splendid travelogue at the Newton Rotary Club's Monday meeting this week. In a very vivid way the speaker took her audience across the continent picturing in a few words the most worthwhile things as she and Mr. Palmer saw them on their auto trip from Massachusetts to California, two years ago, their many trips in southern California during their year's stay, and their delightful return by another route.

On their journey west, the Palmers were most impressed by the Yellowstone, the Columbia Highway, Mount Shasta and the Yosemite. They witnessed the earthquake in southern California, and Mrs. Palmer says "One earthquake is enough for me." The swaying sensation was anything but pleasant. Remarkable was the ingenuity and efficiency shown at Long Beach in the first efforts at rehabilitation. Ten days after the disaster the huge park in Long Beach looked more like a large picnic place than the improvised home of refugees after a great disaster.

Graphic were the speaker's description of Palm Springs, the Imperial Valley, Boulder Dam, and particularly the Death Valley as they saw them. There was also a brief journey across into Mexico. On the homeward journey, Mr. and Mrs. Palmer were greatly impressed with the Grand Canyon and the two new national parks, Bryce and Zion, in Utah. One of these, so remarkable in coloring, the speaker referred to as a "Yellowstone in oils." The Rotary members and their guests of the day will long remember the pictures Mrs. Palmer drew, and many no doubt are keen to emulate the Palmer Odysseys.

Choral Festival To Commemorate Fiftieth Year

Dr. Boynton Merrill Commencement Speaker

The American Institute of Normal Methods will close its fiftieth anniversary session with a festival performance of Mendelssohn's "Hymn of Praise" at the Levi Warren Junior High School on Washington street, West Newton, at 8:00 o'clock on Monday evening, July 23rd. Chorus, orchestra, and soloists in this work are under the direction of Mr. Osbourne McConathy, nationally known festival conductor and music educator. The soprano soloist is Miss Melba Abbott, of Philadelphia; the mezzo-soprano, Mrs. Esther Stevens Kendall, of Auburndale; and the tenor, Mr. Raymond A. Simonds, of Newton.

An orchestra of 30 is made up of students of the school augmented by singers from the choirs of Newton and from the Newton Highlands Glee Club.

Both singers and players from Newton have been invited to join with the regularly enrolled student body in order that the festival may be truly a community affair. The public is cordially invited to attend this performance.

The A. I. N. M. Orchestra under the direction of Mr. Francis Findlay, Director of the Public School Music Department of the New England Conservatory, will open the program with Anacreon Overture by Cherubini.

Graduation will occur at Bragdon Hall, Esell Junior College, Auburndale, Tuesday evening, July 24th, at 8:00 p. m. Ten graduates will be awarded diplomas. Dr. Boynton Merrill, minister of the Second Congregational Church, West Newton, will make the address to the graduating class. The entire student body this year represents 21 states from Maine to Wyoming.

Second Period At Camp Day Brings More Boys

One Hundred and Thirty Now At Popular "Y" Camp

The second camping period began on July 15th at Camp Frank A. Day. The following boys joined the large group who are already at Camp making a family of over one hundred and thirty boys.

Jack, Perry, Kenneth MacPherson, Robert MacPherson, and Donald Craig, Newton.

Frank Brimblecom, Charles Thomas, Howard Thomas, and Clifford Wheeler, Newtonville.

John Embach, West Newton.

Wells Brown and Kittredge Fisher, Auburndale.

Robert E. Harding and Robert Guild, Newton Centre.

Olcott Williams, Waban.

F. Kimball Loomis, Richard Brownville, Elwood Morrison and Jack Wood, Needham.

Alan Baston, Waltham.

Richard Bramhall, Frank Marvin, Robert Stiger, William Eckert Jr., Donald Howie, Robert V. Seeds, and Melville Eaton, Watertown.

Edward Prentice, Belmont.

Stanley Summer, Brighton.

Arthur Wright, Allston.

James McLaughlin, Brookline.

Merlen Bullock and Maurice L. Bullock, Jr., Dorchester.

John Ellis Drake, East Braintree.

David Kluge, Jr., Winthrop.

Bruce Kingsbury and David Kingsbury, Shrewsbury.

Merrill A. Davis, Grafton, New Hampshire.

Charles B. Miller, Page Burton, and Charles Llewellyn, Richmond, Virginia.

At the urgent request of many parents, arrangements were made so that some of the Campers who registered for only the first three weeks, can remain for another period.

Visiting days at the Camp are on Saturday afternoons and Sundays. Parents and friends of the boys are invited to attend the Outdoor Chapel Service on Sunday morning at 11 A.M.

Dog Bites Newton Child

Mrs. J. F. Ryan of 64 Fairmont avenue, Newton reported to the Newton police last Friday that her child had been bitten by a dog owned by Lawrence Clark of 29 Richardson street, Newton. An order was given to have the dog restrained.

Union Services At Newton Centre Churches

The Union Services of the Baptist, Congregational and Methodist Churches are continued, beginning next Sunday, July 22nd in the Methodist Church. The services at 10:30 o'clock and the preachers are as follows:

July 22, Rev. John C. Wingett, D.D., Pastor.

July 29, Rev. Maurice L. Bullock, Guest Preacher.

August 5, Rev. George Rath, Guest Preacher.

Drove Car With No License—Case Placed on File

Michael Siriani, 29, of 255 Derby street, West Newton was tried in the Newton court last Friday on the charge of driving a car after his license had been suspended. Patrolman Mague testified that Siriani had been driving a car with a Washington, D. C. registration and with a license issued in that city. Inspector Leary of the Registry of Motor Vehicles testified that a notice had been sent to Siriani's home notifying him that his license had been suspended because he had registered his car in his mother's name without her knowledge. Siriani told the court that he had been in Washington from January to March and did not know his license had been suspended. Judge Bacon placed the case on file.

Upper Falls Woman Killed in Crash At Chelmsford

Miss Florence M. Ingham, 24, of 19 Pennsylvania avenue, Newton Upper Falls was killed Wednesday night when the roadster in which she was riding was in collision with another car at North road, Chelmsford. Miss Ingham was instantly killed and her companion, Eleanor Holt, 36, of Melrose, believed to be the driver of the car, was critically injured. The other car in the collision was driven by Angelo Stinelli of Howard street, Lowell. He was not injured. He reported to the police that he had just turned his car from Westford street onto North road when the roadster came along and hit it. The roadster turned over three times and then hit a stone wall.

Miss Ingham was born in Newton Upper Falls 24 years ago. She was employed as a stenographer in the insurance office of Patterson, Wyld & Wendler at Boston. She is survived by her parents, Mr. and Mrs. Charles F. Ingham; two brothers, John and Leonard Ingham; and a sister, Isabelle Ingham. Her funeral service will be held Sunday afternoon at 2, Rev. G. Vaughan Shedd will officiate.

No Liquor To Be Sold In Newton After Midnight

Starting last Sunday the sale of liquor in Newton was restricted to the hour of midnight instead of 1 a. m. as previously. This order was announced by the Newton License Commission last Friday. Furthermore, all drinking in restaurants and clubs selling liquor must cease at midnight. In some places it had been the practice to serve patrons with liquor just before the closing hour for sales at 1 a. m., and then the patrons were permitted to take their time drinking the liquor thus ordered. Persons in this city having licenses to dispense liquor on the premises have been notified by the Commission of the State law which forbids the playing of music on Sundays in their places of business; and this law applies to radios. At a meeting held this week by the organization composed of owners of lunch rooms and stores selling alcoholic beverages in Newton, it was voted not to sell beer or ale in the future in pitchers. This rule was established recently in Waltham and Watertown. This will prevent the ordering of beer shortly before the closing time for sales by persons who would take such a method to circumvent the closing hour. It also prevents customers who have been refused more beer by lunch room managers, from obtaining it from a pitcher sold to some other customer. The Beverage Dealers Association also voted that its members shall not allow the playing of music, including radios, after 9:30 p. m. in their places of business.

It was suggested by some of the owners of package goods stores that the dispensing of liquor in Newton by common victuallers act be allowed on Sundays. This suggestion, apparently was not impelled by altruistic motives and did not meet with the approval of the common victuallers.

New Bulletin Boards at Newton Centre

Two new bulletin boards for the use of the public have been placed by the Newton Centre Improvement Association at the corner of Langley road and Union street and on the Centre street side of the playground. The boards state that the annual dues of the Association are \$1.00 per year and bear the legend that they are to be used for Newton Centre activities only, except by permission. The new boards are attractive in appearance and are a great improvement over the dilapidated ones which they have replaced.

Newton Family in Newbury Crash

A car driven by James F. Dunn of 58 Morse st., Newton, was in collision on Monday afternoon at Newtonbury with a car driven by John Fitzpatrick of Everett. His wife, Mrs. Catherine Dunn, received an injury to one of her shoulders, and injuries were also received by Mary Dunn, 13, and Mrs. Alice Foster of 58 Morse st.

Newton Elks Again Win National Title in Contest

Need One More Victory To Retire Trophy

The degree team of Newton Lodge of Elks was victorious for the second consecutive year in the national ritualistic contest of the Elks, held this year at Kansas City, Missouri, in conjunction with the annual convention of the organization. Last year the Newton team, after winning the Massachusetts and New England competitions, captured national honors at the Milwaukee convention. This year the team again won the Massachusetts championship and the teams from the other New England teams would not compete against it. In the competition at Kansas City on Monday and Tuesday of this week it contested against ten teams from other parts of the country.

The team which won at Kansas City was composed of William Park, Exalted Ruler; Hugh Boyd, Leading Knight; Thomas L. Ryan, Loyal Knight; David Greer, Lecturing Knight; Thomas F. Coppinger, Secretary; George King, Organist; Robert P. Driscoll, Esquire; George P. Brophy, Chaplain; John C. Cullen, Inner Guard; Matthew J. Hurley, Tiler; Edward A. Wright, Jr., Candidate.

Members of the team will arrive at the Newtonville railroad station at 9:44 o'clock, daylight time, Saturday night. They will be greeted by fellow Elks and friends.

Representatives From Newton to Seek Re-Election

Recent announcements and the circulation of nomination papers has revealed that Newton's four Representatives in the State Legislature will all seek re-nomination at the coming State Primaries in September.

Speaker of the House Leverett Saltonstall, who was a potential candidate for either Governor or Lieutenant Governor prior to the Republican convention in Worcester last month announced his intentions to return to the House for a fourth term as Speaker as a move toward party harmony. This action preceded the convention endorsement of the Republican state ticket clearing up a situation which had been unsettled for many months and leaving the field clear for adoption of the Bacon-Haigis slate to head the list. Yesterday Representative Clarence S. Luitwieler of Newton Highlands, announced his intention of seeking re-election. He has served the 5th Middlesex district which includes the three wards on the South side of Newton, Wards 4, 5, 6, along with Speaker Saltonstall for ten years. For the past several terms Rep. Luitwieler has been chairman of the Committee on State Administration.

In the 4th Middlesex District which includes the four wards on the North side of the city, Wards 1, 2, 3 and 7, nomination papers are being circulated for the re-nomination of Representatives William B. Baker of West Newton and Warren K. Brimblecom of Newtonville. Rep. Baker has served eight years and during that time has been a member of the highly important committee on Ways and Means. He is regarded as one of the most able legislators on that committee and in the entire General Court. Rep. Brimblecom, who is the publisher of the Newton Graphic, recently completed his first term as a member of the Newton delegation and was clerk of the Committee on Power and Light. He is also secretary-treasurer of the Middlesex County Republican Legislators' Club composed of the thirty-seven Republican members from this county.

West Newton Couple Observe Silver Wedding

Mr. and Mrs. Niels Jepsen of 297 Cherry st., West Newton, celebrated their wedding anniversary on Saturday evening, July 14th with a dinner and dance at the Woodland Country Club. About seventy-five guests including relatives and friends were present.

Mr. and Mrs. C. I. Nielsen of Arlington sang several selections accompanied at the piano by Mrs. Maurice Jepsen. There also were piano selections by George Jepsen, Mrs. Viola Jepsen and Jackie Jepsen.

Mr. and Mrs. Jepsen were married in Arlington. They have two sons, William and Robert Jepsen.

Fire Record

At 7:09 p. m. on Monday Engine 2 was called to the yard of the B. S. Hatch Coal Company, Webster street, West Newton, to extinguish a fire which had started in one of the coal sheds. The flames were quenched before much damage resulted. At 9 o'clock the same night Engine 7 was called to the Chadwick Coal Company yard at Oak st., Newton Upper Falls, where a brisk fire was threatening. At 9:46 that night Box 754 was for a fire in the car of Barbara Waldner of Cambridge. A short circuit caused flames to burst out around the motor of the car on the Worcester turnpike near Dudley rd.

SILVER LAKE TUMBLES TO FIFTH PLACE LOSING THREE, U. FALLS FIRST

Silver Lake continuing its downward trend lost to Upper Falls, Auburndale and City Club while winning only from the Scholastics and is now in fifth position in the league standing. Meanwhile Y. M. C. A. has advanced from fifth place to a tie with Auburndale for the runner-up position.

Probably the outstanding game of the week was Auburndale's defeat of Silver Lake, Monday. Leary, a third baseman, pitched for Auburndale and was opposed by Silver Lake's ace, DeAngelo. An error by DeAngelo in left field spoiled a shut-out for Leary and a dropped fly ball by the usually dependable "Odie" O'Connor set the stage for Gleason whose home run drove in all three runs for Auburndale. Final score 3 to 2.

John Joyce was responsible for saving Y. M. C. A.'s game with the Newton A. C. With the score 7-6 for the "Y" and the tying run on base, he went in between the trees in center field at Cabot Park to pull down Butler's long drive that had all the ear-marks of a home run.

Newton A. C. are negotiating with the League leading Upper Falls team for a series to be played on succeeding Sundays to play off their remaining two games. Since Newton A. C. has almost the identical line-up of the old N. A. A. team of four years ago when these two teams battled for the championship this series should be worthwhile.

Upper Falls T. T. vs Auburndale B. B. C. at Upper Falls.

Comedy Duo and Orchestra

Are Film Features Here

Guy Lombardo and His Royal Canadians will feature the show for the first half of the week at the Paramount. They are co-featured with George Burns and Gracie Allen the stage and screen comedians, in "Many Happy Returns", it is a hilarious comedy with lots of Lombardo and his orchestra. On the same program will be James Cagney and Joan Blondell in "He Was Her Man".

For the last half of the week, Shirley Temple, the new celebrated child star will be featured in "Little Miss Marker." She is surrounded by a celebrated cast which includes Adolph Menjou, Dorothy Dell, and Charles Bickford. On the same program will be Helen Twelvetrees and Hugh Williams in "All Men Are Enemies." The usual Family Nights still continue to be popular when the main picture is shown first. They are scheduled for Monday and Friday nights.

Nutation Twists Vines

The tendency of certain vines to twist and bend is due to a characteristic known as nutation. The tendency to grow makes the change in form. In the cases of hollow-stem vines like the morning glory, for instance, this growth tendency or the stimulation of it, travels around the stem, with the result that the stem is constantly twisting as it lengthens. In the case of certain plants, such as the crocus and the tulip, the petals are very susceptible to temperature changes. When it is warm the outer side of the petal grows faster, causing the blossom to open, but with lowered temperature the petals are drawn together. This, of course, explains the opening and closing of the flowers night and morning.

Dryness of Lamp Bulbs

An electric incandescent lamp is no better than its vacuum. And its vacuum is almost incredibly good. Thanks to the work that Doctor Langmuir did two decades and more ago the disastrous chemical effect of the merest trace of water on a filament is understood. But what is a mere trace? Consider these figures. As little water as there is in a drop of dew on a blade of grass is enough to ruin 68,000 lamps. The vapor from a single teaspoonful of water can spoil more than 5,000,000. So the vacuum pumps in a factory are its most important machines. Thanks to them there is a dryness within the glass bulb of a lamp that makes Sahara seem dripping wet in comparison.

And Still Likes It

Jud Tunkins says Barnum got rich by his discovery that the public likes to be fooled and is willing to pay liberally for it.

Rocky Mountains Did Not Exist Ages and Ages Ago

Geologists say that 600,000,000 years ago there were no Rocky mountains. Rather, says a writer in the Philadelphia Record, a huge and pacific sea stretched southward from the Arctic ocean across this now richer territory and perhaps joined another long bay advancing from Arizona.

Then the West began to rise. What was once the floor of seas became low plains and swamps. Armored dinosaurs provided with queer beaks and horns wandered over all those swamps grubbing for roots and eating leaves which looked like palms. Other dinosaurs tried to catch and eat their cousins.

Then terrific earthquakes began. Swamps shook and became hills; hills were bent and tossed into mountain ranges. In the end they stood as two mountain ranges where there once were muddy bays and swamps.

Much later glaciers appeared. These began as snow fields among the peaks. Then the snow froze into ice, and began to creep downhill. As it moved it tore off blocks of rock, using them as planes and chisels to dig valleys deeper and steeper cliffs. At last, joining in huge ice streams, they carved deep canyons through the ranges and thus made their way to the plains.

Where two canyons were dug close together they left steep walls of rock. But they often cut through these walls, leaving sharp triangular mountains.

Visitors to Glacier National park may trace these records of the past. The color of the rock formations tells the story of geologic change.

The buff beds tell of a time disturbed by many storms. The green ones mean shallower waters, with periods when great mud flats lay bare and steaming in the sun. Red rocks mean ever greater shoals, perhaps with periods when the sea disappeared and streams flooded what once were bays.

Music in the U. S. Army Started With First War

The first musicians used in the American army were the fifiers and drummers of the Revolutionary war, according to a writer in the United States Army Recruiting News. Led by the fifer-major and the drummer-major, they furnished martial music for all military ceremonies. The drummers also sounded the various military "calls" which now are performed by buglers.

The earliest available record of the forming of military bands of music may be found in the "Laws for the Regulation and Government of the Militia of the Commonwealth of Massachusetts," which reads: "Passed by Act of Congress, May 8, 1792, and amended by Act of March 2, 1803, section 14. Be it further enacted that each brigadier general or commanding officer of brigade be authorized, by voluntary enlistment, to raise and organize a band of music in each brigade and when so raised to issue warrants to them accordingly."

Shortly thereafter the West Point Military academy band was organized. Louis C. Elson, the historian, tells us that: "Early in the Nineteenth century the West Point band was held to be the best in the country." It consisted of five clarinets, two flutes, two French horns, one bassoon, one trumpet, one trombone, one bugle and one drum (fourteen in all). The famous United States Marine band came into being also at the beginning of the Nineteenth century and boasted an instrumentation of two oboes, two clarinets, two French horns, one bassoon and one drum.

Home Life in Tibet

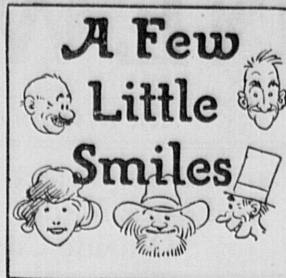

In Tibet religion dominates the life of the people as nowhere else on earth, yet weddings are without benefit of clergy. Marriage is not a holy sacrament, writes Harrison Forman, in Cosmopolitan. In this strange land exist, side by side, more kinds of marriage than anywhere else—and fewer divorces. The Tibetan woman may divorce her husband, or husbands, merely by rejoining her family, which will welcome her gladly—and she will have attained a higher marriage value; and yet few Tibetan women "walk out." Ostensibly, the Tibetan man is dominant; a swashbuckling figure, armed with sword, rifle and spear; journeying far, for festivals, robbery, hunting and trading. Woman keeps the family clothed, the larder filled and the home fires burning—in a yak-hair tent.

Warthog Backs Into Home

There is one animal which always goes into its home backward. This suspicious creature, which fears to take its eyes from the possible approach of enemies as it enters its burrow, is the African warthog. The warthog is so ugly that one writer has described it as "more like the incarnation of some hideous dream than any other living animal." It is a distant cousin of the domestic pig. It gets its name from wary protruberances on its face, which are especially marked on the male.—Field Museum News.

Drugs Obtained From Toads

The ancient Chinese obtained the powerful drug digitalis and a form of adrenalin from the toad by putting pepper in its mouth so that the animal would secrete the drugs from its skin. The giving-off of digitalis and adrenalin by the toad was a form of self-protection. Its enemies did not like the taste, and if they did eat the toad they often died.

AWA, AWA

Muggsley, who rather liked to hear the sound of his own voice, was recounting one of his experiences to a number of long-suffering clubmen. "Yes," he said, with a dramatic touch in his voice, "There was I standing unarmed with a raging lion only five yards away from me. Suddenly it took a flying leap, and—"

"How thrilling!" interposed one of the members who was trying to read his paper, "What on earth would you have done if the bars of the cage had given way?"

Proof Enough

Rastus—Say, Sambo, what time in your life does you think you wuz scared do worst?

Sambo—Once when Ah wuz callin' on a married gal an' her husbun' come in an' caught me. Boy, wuz Ah scared!

Rastus—How are you suah dat was do worstest you evah bin scared?

Sambo—'Cause her husbun' turned to dat wife ob his an' he say: "Mandy, whut's dis white man doin' here?"

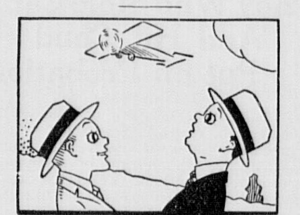

Hold Your Horses

"The people of this country must grow more wheat," declaimed the candidate.

"How about hay?" shouted a heckler.

"I'm talking about food for mankind just now," said the candidate, "but I'll get around to your case in a minute."

IF AND WHEN

"Mrs. Brown is crazy to have her husband get an airplane." "What for?" "So that she can look down on the neighbors, I suppose."

Kind to Her Kin

Having need of three cents the mistress of the house went to the top of the back stairs. "Bessie," she called to the maid below, "have you any coppers down there?"

"Yes'm—two," faltered Bessie, "but they're both my cousins, please, m'm."

Seasoned Spinster

Little Joy, seven years old, remarked as she helped herself to the last biscuit on the plate:

"This won't matter to me, for I've been an old maid about all my life, anyhow."—Christian-Evangelist.

Great Progress

De Lancy—Are you advancing any in her affections?

Reginald—Oh, yes; last night she said I was nothing to her whatever; the night before she said I was less than nothing!

Equilibrium

"Have you no fear of an unbalanced budget?" asked the constituent.

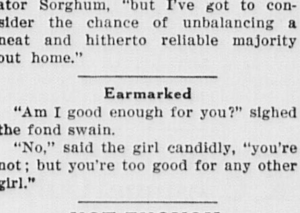

"I fear it greatly," answered Senator Sorghum, "but I've got to consider the chance of unbalancing a neat and hitherto reliable majority out home."

Earmarked

"Am I good enough for you?" sighed the fond swain.

"No," said the girl candidly, "you're not; but you're too good for any other girl."

NOT ENOUGH

"Beauty is only skin deep."

"I consider that a wise provision of nature, as with that limitation only the girls are kept busy enough."

Marble Cross, Too?

She—How dare you say my father is a wretch!

He—Well, I told him I could not live without you, and he said he would willingly pay the funeral expenses!

Wedding Account

Friend—There wasn't a very big account of your daughter's wedding in the paper this morning.

Father (sadly)—No, the big account was sent to me!

By George!

Lady (to new milkman)—How much 's my milk bill?

Milkman—'Scuse me lady, but my milk's too

DO COME!

"Come Friday, and stay over — it's been so long since we've seen you — we'll play as much golf as you like — Tom told me to ask you particularly for next week — good! then we'll look for you."

MANY telephone invitations like the one above, some of them delivered on the spur of the moment, are preludes to delightful week-ends. Guests and parties enliven a summer, and a personally-issued summons to out-of-town friends is an added inducement. Moreover, an invitation by telephone lets plans be made and discussed in advance, and often simplifies preparations in many ways.

To illustrate the low cost of toll calls made during the evening and night rate periods, the following typical rates are cited for a 3 minute station-to-station call (that is, a call by number) from

Recent Deaths

WILLIAM HOPKINS

William Hopkins of 299 Centre st., Newton, a resident of this city for over 40 years, died at the Newton Hospital on July 19 following an operation for appendicitis. He was born in Sherbrooke, Quebec 66 years ago and came to Roxbury with his parents when a small child. He worked for many years for P. A. Murray and in later years conducted an automobile body repair shop at 3 Park st., Newton. He is survived by his widow, Mrs. Anne (Gorell) Hopkins; two sisters, Mrs. Nellie Lawson of West Roxbury and Miss Mary Hopkins of Newton; and a brother, James Hopkins of Miami, Florida. Mr. Hopkins had been active for years in Newton Lodge of Elks and was a trustee of this lodge. His funeral service will be held at 2:30 Sunday afternoon at Elks' Home. Burial will be in Newton Cemetery.

MRS. ELLA S. MALOON

Mrs. Ella S. Maloon, widow of Edward A. Maloon, died on July 14. She was born in Portsmouth, New Hampshire, 84 years ago. On her mother's side she was a descendant of the Laughton family which owned the Isle of Shoals. She was a resident of Beverly for many years and for the past 19 years had made her home in Auburndale with her daughter, Mrs. Charles B. Floyd of 454 Wolcott st. Besides Mrs. Floyd, she is survived by one son, Winthrop L. Maloon of La Jolla, California; and a grandson. Her funeral service was held on Tuesday afternoon at the chapel in Harmony Grove Cemetery, Salem. Rev. Mr. Nichols of Salem officiated.

MRS. JENNIE A. HOGAN

Mrs. Jennie A. Hogan of 12 Allen place, West Newton, wife of Thomas F. Hogan, died on July 16. She was born in Vermont 71 years ago and had resided in West Newton for 14 years. She is survived by her husband, two daughters, Mary E. Hogan and Mrs. J. A. Farrell of New Mexico; and three sons—Thomas F. Hogan, Jr., Lieut. B. W. Hogan, U. S. N. and Leo Hogan. Her funeral service was held on Wednesday morning at St. Bernard's Church. Burial was at Stonington, Connecticut.

CALIXTE N. ROY

Calixte N. Roy of 24 Carleton st., Newton died on July 17. He was born 78 years ago at Sainte George, Henryville, Quebec and had lived in this city for 50 years. He was a carpenter by occupation. He is survived by his widow, Mrs. Azile (Moreau) Roy; three sons, Joseph A. of Newton, Alderick of Wilmington and Ernest of Auburndale; four daughters, Misses Alberta and Medora Roy of Newton, Mrs. Roy Morgan of Newton, and Mrs. Louis Bourneuf of Brighton; fourteen grandchildren.

His funeral service was held this morning at St. John Evangelist Church, Nonantum; burial was in Calvary Cemetery, Waltham.

MRS. HANNAH COLLINS

Mrs. Hannah Collins of 9 Crescent square, Newton, widow of James Collins, died on July 18. She was born in Cork, Ireland and had been a resident of Newton for 64 years. She is survived by three sons, Daniel and Edward Collins of Newton and Patrick Collins of Maine; one grandson and two granddaughters. Her funeral service was held this morning at Our Lady's Church. Burial was in Calvary Cemetery, Waltham.

LOTTIE A. TOMLINSON

Miss Lottie A. Tomlinson of 27 Marshall st., Newton Centre, died on July 14. She was born in Chicago, 70 years ago, and had resided in this city for 54 years. Her funeral was held on Monday and interment was at Forest Hills Cemetery.

"That's our story and we're GOING TO STICK TO IT!"

G-3 Users Report 43% is Too Modest—They're Getting More Extra Non-Skid Mileage Than That—But We Prefer to Be Conservative

Yes, there's quite an uproar over our G-3 advertising. People who got the first G-3's put out—months before the public announcement—say "you're pulling your punch"—cite mileage records to prove 43% more non-skid life is an understatement. Very likely it is low—very likely the G-3 does do better—but, by speeding up to 50, jamming on brakes, every few miles day and night, in harder driving than most people do, the Goodyear test fleet established the average of 43% greater non-skid wear—and we'll stick to that figure because: That much extra safety at no extra cost is plenty to offer! If you have yet to see this amazing new Goodyear All-Weather, don't wait longer—come in right away!

Customers say G-3's have given 50 to 75% more non-skid tread mileage than any other tire.—Fla.

16,226 miles since September—practically no wear.—Ala.

After 15,000 miles of hard use, much of it at high speed, G-3's still have plenty of tread left.—Ore.

27,900 miles since last fall—treads show very little wear.—Vt.

New Delivery Truck of Bram Battery & Tire Service

Bram Battery and Tire Service Progressing

The Bram Battery & Tire Service at 252 Walnut st., Newtonville, is one business enterprise in this city which has prospered and progressed through all the past five years of economic depression. This business was established in 1926 by Philip Bram, a Newton young man, who started a tire service and automobile accessory store at Newtonville. The following year he took on the EXIDE Battery agency for Newtonville and also was appointed distributor for GOODYEAR TIRES in Newtonville. Mr. Bram's business ability and the unusual service he gave to customers consistently built up his trade and increased the number of his customers. It also won for him recognition from the companies which he represented. For several years past he has been distributor of EXIDE Batteries not only for the Newtons, but also for a large surrounding territory. His tire business has also grown to large proportions, until he has become one of the leading GOODYEAR agencies in Greater Boston.

Mr. Bram has, during the past couple of years, purchased the latest and most modern equipment for repairing and testing starters, generators and ignition parts. He has built up a large patronage among the automotive trade in this line. The photograph above is a new delivery truck recently purchased by the Bram Battery & Tire Service. Philip Bram is at the left of the photograph and his brother, Maurice Bram, at the right. The large sign "SEE IT HERE" calls attention to the new line of G-3 GOODYEAR TIRES now being featured.

Babe Opened Parliament It is not generally known that there was an English parliament which was opened by an "infant in arms." It was Henry VI's first parliament. The infant monarch was led through the crowded streets of London from the Tower to Westminster on the back of a tall horse. After the royal infant had been regaled on a diet of bread and milk he was carried into the house of lords. Seated on his mother's knee, he took a dignified part in the proceedings. As an old chronicler says: "It was a strange sight, and the first time it was ever so seen in England."

Ill-Taste, Ill-Tasting These terms date from 1680, at which time they were used for bad or unpleasant taste. "An ill-tasting medicine" (such as castor-oil) is a phrase in frequent use. Of manners and dress we sometimes say that they are in bad taste or in poor taste; but we have ill-mannered, ill-bred, and there is nothing to prevent one from using the word ill with taste if one wishes to do so.—Literary Digest

ANOTHER RISE IN AUTO INSURANCE RATES

It is expected that another rise in automobile insurance rates will be announced early this fall to cover the year of 1935. This rise is due to the increased automobile accidents in 1933 over previous years. Auto insurance rates are based on a scale taking into consideration the accidents of five previous years and whereas 1932 showed a reduction in the number of accidents over the previous figures and a reduction in rates was made possible in some zones for this year an increase of over seven thousand accidents in 1933 brings about a prospective raise. There are many angles to the question of compulsory automobile insurance and there are many opinions also. So much so that a special session of the Legislature a few years ago accomplished nothing after several weeks of discussion. There are proponents of a flat-rate for the entire State which as far as Newton automobile drivers are concerned means little, if any, saving. On the other hand a uniform rate would boost the rates of the small-town owner while reducing the rate of the city owner where the accident hazard is greater. There are proponents of a State fund insurance system of administration which would mean the setting up of another division in the Motor Vehicle Department. In the end this system, while it might mean a reduction in automobile insurance rates, would undoubtedly be offset by a considerable increase in the cost of administration. It is generally conceded that the setting up of additional divisions and bureaus of state administration is far more costly than anticipated at first. These are but a few of the many major problems which must be faced. Meanwhile the best and most reliable way to lower insurance costs is to bend every effort toward the reduction of accidents. Automobile insurance is like any other form of insurance—the greater the safeguards the lower the premiums.

A UNIQUE POLITICAL SITUATION

In North Dakota there is a unique political situation—one which the country has never experienced before—and one of great interest. Governor Langer of North Dakota was one of five convicted by a Federal jury on a charge of defrauding the United States by soliciting from welfare workers funds which were to be used in a political campaign. The conviction was returned shortly before the primaries in which Gov. Langer was a candidate for renomination on the Republican ticket. The Federal Judge on the case postponed sentence until after the primaries in which the Governor received an overwhelming endorsement. Strong efforts were made by the Lieutenant Governor of the State to oust his chief from office but failed. Later the Governor appealed the sentence of eighteen months in prison and a fine of ten thousand dollars. The State Supreme Court recently decided, four to one, that the Governor was not entitled to office, whereupon the latter proclaimed martial law in the State and defied further efforts to remove him as military law takes precedence over civil law. Governor Langer has been in political trouble for nearly six months and has brought about the situation wherein the Legislative and Executive branches are now arrayed against the Judicial. Inasmuch as the intent of the founders of the country set up the three branches of government to serve as a check upon each other the solution of the present checkmate is of more than a little interest to the students of political economy.

AN INSPIRING SIGHT

One of the most inspiring sights we have witnessed recently was in Provincetown Harbor where over thirty of Uncle Sam's naval armada is quartered as a base for manoeuvres off the Atlantic coast in the next several weeks. It is not a question of patriotism, of pacifism or of militarism, when one views these vessels. The outline of the vessels midst a blanketing fog and the lifting of this curtain to reveal a flotilla of warships glistening in the sun upon the bosom of deep blue and a background of lighter blue is one to thrill the blood of every citizen of these United States—"the land of the free and the home of the brave."

THE VICTORS RETURN

Tomorrow evening members and friends of the Newton Lodge of Elks will meet the drill team at the Newtonville railroad station. They were victors in the national ritualistic contest at Kansas City. The Newton drill team competed against ten other teams from various parts of the country and for the second successive year captured the trophy. One more victory and the emblematic trophy will become the permanent possession of the local organization. We are all proud of the achievement of the drill team and wish them every success as they look ahead to another victory in 1935.

THE SUSPENSE IS NEARLY OVER

With July nearing its end we come to the realization that the tax rate for the present year will soon be announced. With an increase in the State tax, an increase of many thousands of dollars in the cost of snow removal last winter, and many other exigencies to be provided for it probably will not be possible to maintain the present rate in the City of Newton. There seems to be every indication of somewhat of a rise although it is possible that the city officials will be able to keep the rise in the rate to a minimum. At any rate the suspense will soon be over.

MANY VISITING NEW ENGLAND

Those who have had occasion to visit various places in New England this summer are impressed by the large number of cars from other states carrying tourists to this section of the country. Some years ago these cars were numerous and then for several years they were almost a rarity. It is good to see that the tourists are beginning to flock to the East again. There are many beautiful places to visit and no one section has the monopoly. Maine, New Hampshire, the Cape, the North Shore and many other sections are equally popular it seems. Compared with recent summer seasons 1934 is extremely satisfactory. The future looks promising.

DRIVE AS YOU WOULD HAVE OTHERS DRIVE

The collective opinion of a group of seasoned drivers in Massachusetts who operate their automobiles more than twenty-five thousand miles a year and who were organized by the Governor's Committee on Street and Highway Safety several months ago, was made public this week and it provides much of interest regarding the automobile accident problem. The result of the questionnaire as to these drivers' personal experiences reveals their belief in the necessity for more rigorous requirements for inspection of motor vehicles and still more enforcement activity by police. Although some of the suggestions made by these drivers are impractical we believe that there is much of interest in the report to every driver of an automobile. There are various practices which every careful driver sub-consciously adheres to and to condense the advice into a brief slogan would be "drive as you would have others drive."

A USUAL ACCOMPANIMENT

As time goes on it develops that the depression of the last few years is similar to those of previous decades except perhaps it has been more intense and prolonged. The news reports of strikes in various industries and business in many parts of the country are similar in many respects to those experienced in previous depressions. We trust that the strike situations will not also be more intense and prolonged. Regardless of what line of intelligent reasoning one may follow there is the old familiar cycle. While capital and labor are at odds it would be well to stop and realize that the only road to recovery is for a united effort on the part of both. Neither can exist without the other and attempts to profit at the other's expense can only go for naught with great hardship to all.

Politics With Color

A Bi-Weekly Series of Political Articles of Local Interest
Written Exclusively for the Graphic by P. W. C.

The Three-Cornered Contest In The Third Councillor District

The Governor's Council contest shapes up at this writing as a very lively scrap. Frank A. Brooks of Waverly naturally has the poll, for he was first in the field and is unquestionably the best known candidate. For eighteen years he has been Chairman of the State Board of Parole, one of the most important administrative positions in the State. A close friend of Calvin Coolidge, he was appointed and reappointed by Governors McCall, Coolidge, Cox, Fuller, and Allen.

Next to have Miss Margaret McGill of Newtonville, the local candidate, who will presumably rely largely on the women of the district to put her over. Miss McGill has had wide experience in the educational field and has been an important factor in the various women's clubs, including the political organizations. At present she is on the Republican City Committee. She is especially popular in Newton, where she taught school for many years, but is handicapped in the other eighteen cities and towns by not being as well known to the voters as Brooks.

Third and last—up to date, anyway—we have that genial and perpetual officeholder, the very personable Russell A. Wood of Cambridge. Wood is an old Bull Moose, and has run several times for Secretary of State. In 1912, when Eugene N. Foss (Dem.) was elected Governor, Wood polled 92,263 votes but Frank J. Donahue (Dem.) of Boston, now a Judge of the Superior Court, was elected with 166,591 votes. Albert P. Langtry (Rep.) of Springfield polled 162,344. I cite this bit of ancient history because it represents to my mind, the high spot of Wood's lengthy and varied political career. He has served in the Legislature and on the Cambridge School Committee as well as other minor offices, but the big time tent has somehow worried along without him. He ran for Governor's Council two years ago, when there were six candidates in the field; Mrs. Andrews, the present incumbent; Arthur W. Blake more of Newton, the runner-up; Wood, in third place; and three relatively unknown Boston candidates, Clyde H. Anderson, William A. Fisher, and Alfred W. Gwinnell. The vote in the 1932 primary was as follows:

Mrs. Andrews	14,912
Blakemore	9,423
Wood	8,522
Fisher	3,692
Anderson	3,455
Gwinnell	2,946

Now for a few comments on the three candidates. Their strength and their weakness. Frank A. Brooks, according to an ardent admirer who has followed his career closely for nearly twenty years, is a most unusual type of public servant. First, last, and all the time he has courage. And if you don't think that courage is an unusual quality in a public officeholder, ask some newspaper man. Don't take my word for it. Of course, Brooks is not a politician—asset No. 2. He has had a Herculean job and he has done it as near 100% as anyone could ask. Imagine a man being importuned by scores of people every day for 18 years, all with an axe to grind, all seeking the parole of husband, wife, sweetheart, son, etc. Many pleas, of course, were based on sentiment and the natural desire of a close friend or relative to secure the pardon of someone dear to them. What success did the "fix it" gentry, including lawyers, politicians, and others, have? None whatsoever. Brooks could be adamant even with the Governor of the State. It was the record that counted in the main. In that respect he was like Al Smith, who used to say, "Let us look at the record."

Brooks is, of course, well on in years—a possible handicap, although I question if either of his opponents will find it expedient to make that an issue. He has made enemies by the

score, thank God! Would that more of our State legislators and National Congressmen had enough intestinal fortitude to make occasional enemies, especially around election time.

Miss McGill comes next. She stands ace high in Newton, which has approximately 32,000 registered voters out of 172,000 in the entire Third Councillor District. She has strong backing in the Republican City Committee. In the women's clubs and in educational quarters. Hundreds of Newton High School alumni will vote for her for old times' sake. Miss McGill is capable, beyond doubt. Her I. Q. (intelligence quota—army term) is considerably above par. She is fair, broad-minded, and anxious to serve. To those who have expressed an objection to me regarding the presence of a woman on the Governor's Council, I have invariably replied that there might be a valid argument along those lines, but if there is to be a woman on the Council, we would go a long way before finding a better candidate.

Miss McGill will, quite naturally, be handicapped as well as helped by the endorsement of Mrs. Andrews, whom she seeks to succeed. Unfortunately, Mrs. Andrews must take a great many enemies while on the Council, and candor impels me to state that the gradual accumulation of these enemies does not appear to be a cause for congratulation, as in the case of Mr. Brooks. Then, too, I suppose there are still some people, including a number of politicians, who question whether years of experience teaching school constitutes an asset in the field of larger statesmanship.

As for Wood, his chief assets are his optimism, energy, and persistence; and his greatest weakness is the fact that he has been running around in political circles for years without arriving at any of his major destinations. My guess is that it will be a pretty close fight between Frank A. Brooks and Miss McGill, with Wood taking about as many votes from one as from the other.

About Town

By Edward H. Powers

The serious labor trouble at San Francisco is but added evidence of the fact that we are living in hectic times.

Propaganda spread for the purpose of giving the impression to the public that the trouble on the Pacific coast is a Communist uprising will do much more harm than good, even to the interests which resort to such propaganda. The widespread strikes at San Francisco and elsewhere are participated in for the most part by workers who are opposed to Communism. It would be well for those who are trying to drag a "Red" herring across the trail to remember that while "you can fool some of the people all of the time, you can't fool all of the people all of the time."

An interesting petition recently filed with the City Clerk for consideration by the Board of Aldermen is that from residents of Solon st., Newton Highlands. This is a short street which runs from 1320 to 1352 Walnut st., south of the Worcester turnpike in a new section. The petition asks that the name of the street be changed to Solon rd. No reason is given for the petition, so the inference must be drawn that the petitioners regard "road" as more euphonious or heightened than "street." The petition also requests that a sign be placed on the turnpike at Walnut st. directing persons to Solon st. While this latter request would aid visitors to find their friends residing on Solon st., it is doubtful if it will be granted. If such a precedent were established, and all short streets which run from streets leading off the main thoroughfares of the city were given such direction service, what a collection of signs would be located at many points along Washington, Beacon and other streets, as well as Commonwealth ave. and the Worcester turnpike.

Generalissimo Hugh Johnson, the "miracle worker" of the NRA, is constituting himself more and more an authority on all subjects. Our opinion is—that Mr. Johnson will eventually pay himself into innocuous desuetude.

Ralph W. Robart of Cambridge is an enterprising, ambitious, young man. He is willing to run for public office at almost anytime. And it does not seem to make much difference just what the office is—provided it is an important office. Mr. Robart's latest candidacy is for the office of Sheriff of Middlesex County.

Self-preservation is one of the first laws of human nature. Because of the failure of constituted authorities to do their duty in preserving humans from destruction by automobiles, the law into their own hands to conduct that individuals must take measures to protect themselves from this constantly increasing method of murdering human beings. No matter how flagrant or inexcusable the killing, almost invariably the offender is either not indicted for manslaughter, or if indicted, is found not guilty. A few years ago a United States senator asserted that persons must take the law into their own hands to discourage killings and maimings by reckless drivers of automobiles, and that one would be justified in shooting any such driver. The writer had the same idea even before reading this declaration by the Senator. And the increased ruthlessness of many drivers on highways hasn't caused us to abandon this thought. We didn't have a pistol, but if the dastard who grazed our old car last Saturday afternoon had hit it and caused any injuries to a couple of friends riding with us, or ourself, we would have felt impelled to have used any hefty tool we could grab out of our car to wallop him, had we the opportunity. We won't admit being atavistic or an abysmal brute. But, when such autoists as he are coddled by those paid to enforce the law, the only resort seems to be a reversion to primitive methods.

We were driving easterly on Route 117 about one-half mile this side of Nine Acres Corner in Concord. Four cars approached from the other direction. Despite the fact that the road there is only of a two-car width, has a rather steep grade and a curve, the driver of the fourth car jumped the other three, and travelling at a speed of at least 50 miles per hour squeezed between them and our car.

In connection with the information that 25 persons were killed by automobiles in Massachusetts last week, Registrar of Motor Vehicles Ryan called attention to the excessive speed at which busses are operated on our highways. He said in part:

A speeding death-dealing bus in the Worcester district besides several previous bus accidents, resulting in fatalities, call public attention to the growing menace of this type of vehicle. Bus drivers and the companies paying them are assuming that the highways were built for their express benefit to drive at 60 miles an hour, and that all others must yield them the right of way. How long will the motoring public that pays millions every year for the use of the highways stand for that, and for the threat of injury or death whenever they meet a bus on the road? As far as lies in my power, I shall do everything possible to stop the reckless driving of bus operators.

For years many citizens, particularly those who operate cars on the highways, have wondered why State police permit the operation of busses, particularly interstate busses at speeds of 50 and 60 miles per hour on State highways. Drivers of these busses have to drive at high speed to maintain their schedules. If they don't maintain schedules, they lose their jobs. As Mr. Ryan commented, the big busses travel at 60 miles an hour. Why have they been permitted to do

NEWTON SAVINGS BANK
"The Place for My Savings"

so in years past? Why do the State Police permit them to continue to do so. This is a big traffic menace that General Needham can assist in stopping.

Pages and columns of newspapers used to tell details of the search for and recovery of one missing little child in New York. A paragraph or two concerning each of 25 persons killed last week by automobiles in Massachusetts. And a number of these persons had several dependents. Queer state of affairs, isn't it

Residents of Newton have been concerned, naturally, as to the conduct of liquor traffic in this city. Since the repeal of the 18th Amendment went into effect last year, and Newton voted to grant licenses for the sale of alcoholic beverages, for the first time in this city's history, it has been interesting to observe the results. The large majority of those who received licenses to dispense beer and wine on their premises have sincerely endeavored to co-operate in conducting their places in a proper manner. A few have not. Some of these have been disciplined. Two or three lunch rooms dispensing beer and wine (and very little of the latter beverage is being sold) can give a black eye to all beer dispensing places in this city. If the License Commission and the police co-operate, it should be a comparatively easy matter to eliminate the undesirable, either by suspending their licenses, or revoking them. The majority of licensees should not be penalized because of a few.

The proposal to stop the dispensing of beer in Newton on Sunday afternoon and evenings, which, we understand emanated in part from owners of stores for the sale of liquor in packages in this city, has a selfish tinge. It is our personal belief that such a rule would do more harm than good. It would not result in the sale by package stores here of beer or ale in any quantity. It would result in many persons in the Newtons who now drink ale or beer in moderation, resorting to the use of alcohol or other strong beverages on Sundays, with more drunkenness. The increase in drunkenness since the 18th Amendment was repealed is caused not by the use of malt beverages, but by the use of straight alcohol, whiskey and gin. The rule adopted in Newton the past week to stop the sale of beer in pitchers should help in lessening the possibility of men becoming drunk in places where beer is dispensed. Drunk addicts have, in loosely conducted lunch rooms, been "spiking" beer in pitchers with alcohol, thus making a mixture which resulted in those quaffing it to become soured.

On the whole, those dispensing beer in this city, seem to be making a real effort to conduct this business so as to make it as objectionable as possible. Incidentally, the GRAPHIC has refused to accept liquor advertisements and has passed up considerable revenue by doing so.

Rates are again to increase on compulsory liability insurance. This is real delightful information for the hundreds of thousands of automobile owners in Massachusetts. Why does the cost of this type of insurance, already very high, keep increasing. Two reasons, one, the constant increase in the speed at which automobiles are operated on our highways. Unnecessary speed, caused by the desire on the part of men and women to "show off," by their inclination to drive hell-bent without any real need. To hasten as if life and death depended on getting some place in a great hurry, and then loaf. The second, and perhaps more important cause of increased insurance rates is the practice of supposedly honest men and women deliberately faking injuries and obtaining sums which aggregate millions of dollars for imaginary injuries received in automobile accidents. These men and women are neighbors and possibly relatives of yours. They would resent being called thieves; but what else are they when they take false oaths and lie. When they pretend to have received injuries so that they may collect substantial damage claims, the money for such damages coming from the

Massachusetts owners of automobiles; from the friends and neighbors of the dishonest claimants of fake injuries. And the physicians and lawyers who connive with the makers of claims for spurious injuries are equally guilty. It is about time that a real campaign against the fake injury racket be started.

CHRISTIAN SCIENTIST

"Life" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, July 22.

The Golden Text is: "As the Father hath life in himself; so hath he given to the Son to have life in himself" (John 5:26).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "I call heaven and earth to record this day against you, that I have set before you life and death, blessing and cursing; therefore choose life, that both thou and thy seed may live; that thou mayest love the Lord thy God, and that thou mayest obey his voice, and that thou mayest cleave unto him: for he is thy life, and the length of thy days" (Deuteronomy 30:19, 20).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The spiritual fact and the material belief of things are contradictions; but the spiritual is true, and therefore the material must be untrue. Life is not in matter. Therefore it cannot be said to pass out of matter. . . . Because Life is God, life must be eternal, self-existent. Life is the everlasting I AM, the Being who was and is and shall be, whom nothing can erase" (p. 289).

Newtonville
Rev. Randolph Seaman Merrill

DURING JULY

Union services in the Newtonville Methodist Episcopal Church—11:00 A.M.

Newtonville

—Clifford B. Cronan has rented the property at 43 Central ave.
—Mrs. E. G. Day of Hull st. is spending the month at Wianno.
—Mr. and Mrs. Horace Orr are at Bangor, Me., for a month's stay.
—Mr. H. C. Anthony of Berkshire rd. is a patient in the Newton Hospital.

—Mrs. Mervin Allen and children are at their summer home in Chatham.
—Mr. and Mrs. Wm. Dearborn of Highland st. have moved to New York.
—Miss Duncan of Berkshire rd. leaves soon for a six weeks' trip to California.

—Mr. and Mrs. Carl Crummett of Walnut st. are at Franklin, N. H. for the summer.
—Mr. and Mrs. Farley of Bullough park have returned from a stay at Belgrade Lakes, Me.
—Helen Nickerson of Walker st. is spending two weeks with her mother's sisters in Barnstable.

—Clovis Crummett of Walnut st. sailed last Friday for Europe with a group of young men.
—Mrs. Maud Sawyer of Newtonville ave. is spending some time with friends in Pelham, N. H.
—Mr. and Mrs. Hardwick Bigelow and family of Walnut st. are at Rehoboth Beach for the summer.

—The Misses Pearl and Dorothy Drew have concluded a two weeks' vacation in Portsmouth, N. H.
—The Misses Grace Taylor and Charlotte Andrews are taking a six weeks' course at the Hyannis State College.

—Branch No. 7, M. C. W. G. conducted a whist party at the home of Mrs. Ellen Gannon, 35 Brooks ave. recently.
—Miss Ethel T. Gammons of Brookside ave. is spending a vacation at the Appalachian Mountain Club Camp at Hall Quarry, Me.

—Dr. and Mrs. Leslie A. Russell are spending the month at Dennisport, Cape Cod, where they have taken the Buell cottage.
—Mrs. R. E. MacInnis and Miss Isabelle MacInnis of Newtonville ave. will go down to Harwich tomorrow for a two weeks' vacation.

—Mrs. Edgar Lawrence with her infant son, David, of 933 Washington st. is spending the summer with her grandmother in Gardiner, Me.
—Miss E. Rosemond Bowen of Parsons st. is a guest of her brother and his wife, Mr. and Mrs. R. Sydney Bowen, Jr., in New York City.

—The Rev. Charles C. P. Hiller of Newton Highlands will preach at the union service in the Methodist Church Sunday morning at eleven o'clock.
—Mr. and Mrs. W. T. Rich celebrated their 50th wedding anniversary on Monday at their summer home in Moganet when they gave a luncheon for about 200 of their friends.

—Mr. and Mrs. Grant VanGundy and their daughter, Marilyn May, left on Saturday for a motor trip in the lake region of Maine. Their son, Richard, is spending a month at a scout camp in Maine.

—Miss Ann Waybright who has a position at the occupational therapy department of the City Hospital in Indianapolis, Ind., is spending a month with her parents, Mr. and Mrs. H. M. Waybright of 92 Walker st.
—Mrs. Francis J. Flagg and daughters, Miss Julia B. and Nancy of Oakwood rd. are in Europe for the summer. Their itinerary includes Oberammergau where they will witness a performance of the Passion Play late in July.

—Mr. Alfred O. Doane of 21 Jenison st. left Saturday morning with a group of about 200 New Englanders for the Chicago Fair on a tour sponsored by the Massachusetts Farm Bureau Federation. A stop was made at Niagara Falls en route to Chicago and the return trip included an all-night sail the length of Lake Erie. The party arrived in Boston last night.

—Mr. and Mrs. Leon Svirsky and their children, Margie and Peter of Sunnyside, Long Island City, N. Y., will arrive at the home of Mrs. Svirsky's parents, Mr. and Mrs. Robert V. Spencer, next week for a month's vacation. Robert Spencer, Jr., who has been with Swift & Co. in Cuba for five years will also arrive at the home of his parents on Wednesday for a vacation of three weeks before going to Hartford, Conn., where he has been transferred. Mrs. Spencer with her daughter, Julia, who is a guest of her parents in Havana, Ill., will join her husband, July 29.

To Be London Policeman

In order to become a member of the metropolitan police force of London, the candidate must be a British subject of pure British descent, over twenty and under twenty-seven, at least 5 feet 9 inches tall, physically fit, and of good moral character. Detectives of the criminal investigation department are recruited from the ranks of the uniformed constables and every candidate must have done at least one year and not more than seven years' duty in uniform. An examination has to be passed.

Lynching

In law, lynching is the procedure of a self-constituted court that summarily executes a person charged with a flagrant offense. It is not confined to hanging as a means of execution.

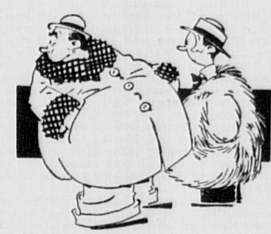

QUITE RIGHT

Jackson looked over his fence and saw his neighbor busy in his garden. "Hallo!" he called out. "What are you burying in that hole? Looks rather suspicious to me."
"Oh," said his neighbor, with a light laugh, "I'm just putting in some early seeds."
"Seeds?" exclaimed Jackson angrily. "It looks more like one of my Plymouth Rock hens."
"That's right," said his neighbor, with a fierce glare. "The seeds are inside her."—Answers Magazine.

No Argument

Henry was doing his best to get along with the new teacher. He was naturally a timid boy who liked to be left in peace. That is how the following drama took place. The actors are Teacher and Henry.
Teacher—What's the shape of the earth?
Henry—Round.
Teacher—How do you know it is?
Henry—All right, it's square then. Honest, I don't want to start an argument about it.

LYNCH HIM!

"How did you know that Colonel Bruff was from Alabama?"
"Because he has such a mobile face."

Answer to That One

Two men who had been bachelor cronies met for the first time in five years.
"Tell me, Tom," said one, "did you marry that girl, or do you still darn your own socks and do your cooking?"
"Yes," was Tom's reply.—Chicago News.

Seeking Seclusion

The waiter—Yes'm. Double portion boiled dinner, two dozen corn on the cob, French pastry, ice cream and pot tea. Anything more, lady?
The Plump Person (abandoning diet)—Yes. You may put a screen around my table. I'm afraid my doctor may come in.

Getting Up to Date

Mrs. Faraway—I wish we had some of those paintings for our drawing room. Ours are so old-fashioned you can tell what every one represents.
Her Husband—Then turn 'em upside down.

Fair Enough

Maw was reading about 12 love letters of Napoleon being offered for sale. "I think it's scandalous."
"Nothing scandalous about it, Maw," declared Paw. "They were all to the same gal."

Otherwise Satisfactory

Night Watchman (to neighbor)—Say, Jim, I don't like to kick! But your rooster's crowing prevents my wife from sleeping after 4 a. m., and your hens' cackling keeps me awake all the afternoon!

NO JOKING

"I took them to be a theatrical couple."
"Did they wear spats?"
"No; but they certainly had plenty of them."

Answer That One!

"Is it right what your mother says—that you are a self-made man?"
"Yes, my dear. But what made you ask?"
"I was only wondering what made you give yourself such a funny face."

We Were Afraid of That

"What's all the rumpus about?"
"Why, the doc just examined us and one of the deficient boys is knocking the stuffing out of a perfect one."

Good Roaster

"Is your mother a good cook?"
"I should say so! You should come over some time when she's roasting the janitor!"

THE SECOND CHURCH IN NEWTON WEST NEWTON

Rev. Boynton Merrill, D.D., Minister

William Lester Bates Organist and Choirmaster

July 22

10:45 A.M.—Morning Worship.

MORTGAGEE'S SALE OF REAL ESTATE

Psmeat—Don't you think this is a fine study I have just made?

Criticus—Great! It's more than a study. It's a puzzle.

Motion Picture Vision

"Persistence of vision," in motion picture parlance, means that the eye retains a single visual impression for about one-sixteenth of a second. Motion picture projection is therefore a series of pictures thrown upon the screen at intervals of approximately one-sixteenth of a second. Because the interval between these pictures synchronizes approximately with the duration of vision, the projected motion picture gives the illusion of actual movement instead of appearing to the eye as a series of unconnected pictures.

WHEREAS, Bert E. Holland, the administrator of the estate of the said deceased, has presented to said Court for allowance the first account of his administration of said estate, and the said application has been made for a distribution of the balance in his hands among the next of kin of said deceased;

You are hereby cited to appear at said Probate Court, to be held at Cambridge, Massachusetts, on the first and thirteenth days of August A.D. 1934, at 10 o'clock in the forenoon, to show cause if any you have, why said account should not be allowed and distribution made according to said application.

And the petitioner is ordered to serve this decree by publishing the same once in each week, for three successive weeks in the Newton Graphic a newspaper published in the town of Newton, Massachusetts, to be one day, at least, before said Court, and by delivering or mailing post-paid copies of this decree to each of the persons interested in the estate seven days at least before said Court.

Witness, John C. Eggert, Esquire, First Justice of the said Court, this twelfth day of July in the year one thousand nine hundred and thirty-four.

JOHN C. EGGERT, P. J. PROBATE, Register.

MORTGAGEE'S SALE OF REAL ESTATE

By virtue and in execution of the power of sale contained in a certain mortgage given by George A. Nutting to the Newton Mortgage Corporation, dated October 14, 1930, and recorded with the Middlesex South District Registry of Deeds, Book 5507, Page 489, for breach of the conditions contained in said mortgage, and for the purpose of foreclosing the same, will be sold at public auction on the premises hereinafter described at ten o'clock in the forenoon on Saturday, August 11, 1934, all and singular the premises comprised in and by said mortgage and therein described as follows:

The land with the buildings thereon in that part of said Newton called Newton Centre shown as lot numbered eighteen (18) on a Plan of Subdivision of Land in Newton Centre, Mass., dated October, 1925, Everett M. Brooks, Civil Engineer, recorded with the Middlesex South District Registry of Deeds, Plan Book 368, Plan 19, bounded and described as follows:

SOUTHERLY: by Moreland Avenue forty six and 21/100 (46.21) feet;

SOUTHWESTERLY: by Moreland Avenue and Pine Crest Road by a curved line fifty nine and 22/100 (59.22) feet;

WESTERLY: by Pine Crest Road one hundred three and 10/100 (103.10) feet;

NORTHERLY: by lot numbered seven (7) on said Plan eighty (80) feet;

EASTERLY: by lot numbered nineteen (19) on said Plan one hundred fourteen and 22/100 (114.22) feet;

Containing 10,470 square feet of land, be any or all of said measurements or contents more or less.

Being the premises conveyed to me by foreclosure deed to be recorded herewith, forsoaking a mortgage of Angelo Cammis to Albert H. McCausland and Merrill C. Nutting dated September 23, 1926, recorded with said Deeds, Book 5019, Page 549.

The premises are conveyed together with whatever rights and assessments I have and over the same shown on said plan, and subject to a first mortgage of \$7,500.00 to the Wilsey Savings Bank.

The premises will be sold subject to the mortgage hereinafter referred to and to all unpaid taxes, tax liens and other encumbrances.

Terms of sale: Two hundred dollars in cash at time and place of sale and balance within ten days thereafter. Other terms to be announced at sale.

MARY C. M. NUTTING Assignee and present holder of said mortgage.

Lisette E. Henderson, 42 Judkins Street, Newton, Mass., Attorney for said assignee.

July 20-27-Aug. 3.

MORTGAGEE'S SALE OF REAL ESTATE

By virtue and in execution of the power of sale contained in a certain mortgage given by Thaddeus S. Grant and Annie E. Grant to the Newton Mortgage Corporation, dated October 4, 1920 and recorded with Middlesex South District Registry of Deeds, Book 5145, Page 164, of which mortgage the said Thaddeus S. Grant and Annie E. Grant are the mortgagors, and for the purpose of foreclosing the same will be sold at Public Auction at eleven o'clock A. M. of the sixth day of August, 1934, on the premises hereinafter described in said mortgage as follows:

The premises situated in Newton, Middlesex County, Massachusetts, belonging to the heirs of George K. Ward, E. S. Smith, Surveyor, dated September 22, 1916, recorded with Middlesex South District Deeds, Plan Book 253, Plan 33, bounded and described as follows:

Southeasterly by Hobart Road, seventy-five (75) feet;

Southeasterly by lot D on said plan, one hundred twenty-five (125) feet;

Northwesterly by land now or formerly of the heirs of George K. Ward, seventy-five (75) feet;

Northwesterly by land now or formerly of said heirs of said George K. Ward, one hundred twenty-five (125) feet;

Containing 975 square feet of land according to said plan.

The premises are conveyed to the said Agnes A. Cavanagh by Sara Shumway Sibley by her deed of even date with the above described mortgage.

The premises are hereby conveyed subject to restrictions of record so far as the same are now in force and applicable.

The said premises will be sold subject to all unpaid taxes, tax titles and other encumbrances, if any.

Terms of sale: \$500. in cash to be paid at the time and place of the sale and the balance of the purchase price to be paid within ten days thereafter. Other terms will be announced at the sale.

(Signed) ELLEN H. HART Assignee and present holder of said mortgage.

WHAT A KNOT IS

A knot is a nautical mile measuring 6,080 feet, or 1 1/7 land miles. Formerly a ship's speed was measured in miles per hour, arrived at by the number of logline knots, 50 feet apart, passing a given point in 30 seconds. The log is an instrument towed by a vessel at the end of a long line.

Valve springs in Terraplane and Hudson motors are pre-set and rust-proofed to assure retention of their original qualities. They will not "soften" after initial usage.

Maltese Dog May Be Most Ancient of Toy Variety

Efforts have been made to acclimatize the Maltese dog in the United States, but the American climate seems unsuited to long-haired dogs, whose coats and general beauty deteriorate, according to an authority in the Los Angeles Times.

Pampering and coddling for centuries caused him to be considered merely an ornament, a "meet play-fellow for mincing ladies" . . . the favorite of great ladies of imperial Rome. Aristotle alluded to him, three hundred years before Christ, establishing his as the most ancient of all toy breeds. He is shown, always with ladies, but not always complementarily, in the work of many Venetian painters. Veronese portrayed him in two of his most famous paintings. "The Presentation of His Own Family to the Madonna" (at Dresden) and "The Queen of Sheba Before Solomon" (at Turin). Of three islands bearing the ancient name Melita, now called Malta, it is generally believed he came from the Adriatic, rather than the Mediterranean or the island off the coast of Sicily. There is no doubt that he is of European origin.

Born smooth-coated, he does not show signs until four months of the profuse coat, that at maturity completely covers his short cobby body of less than ten pounds. The texture is silky and preferably straight, often likened to the consistency of spun glass. He is not to be confused with the Toy French Poodle of like proportions, that has a shorter kinky coat.

Dragon Was Busy Animal in Yellow Man's Belief

The dragon is the most important creature of Chinese mythology. A fearsome creature, indeed, for ancient writers tell that it was a mixture of camel, stag, demon, cow, snake, clam, carp, eagle and tiger!

Yet the dragon did not spend his time in wrongdoing, but had a very busy life. To begin with, it was the "rain lord," and so controlled the weather.

Five dragon gods had charge of the seasons and the divisions of the world. A green or blue dragon presided over the east and spring, a black dragon over the north and winter, a white dragon over the west and autumn, while two dragons, red and yellow, had charge of the south and summer. The red dragon presided over most of the season, but the yellow one took charge for the last month.

The dragons regulated light and darkness, and were life-givers in two ways. They saw that there was a sufficient food supply, and also provided herbs as cures for different diseases.

Highboy's Origin

The highboy, a chest of drawers on legs, is a contribution of the William and Mary period, but its name is French, coming from the words haut (high) and bois (wood). These interesting items of furniture design usually had four legs in front and two in back, all connected by a run-around, flat, curved stretcher. They were straight, and often an inverted cup of the solid wood was part of their structure. The inverted cup leg is a sure indication of the William and Mary period of furniture history. So, also, is the double hood, or double curve which graced the lower fronts of highboys, tall grandfather clocks, mirrors, etc. Slant top desks and chests rested on heavy, round, almost globe-shaped feet, and often the drawer fronts displayed outlines made by moldings, a different design for each pair of drawers. The latter was typically Flemish. The characteristic drawer pulls were the pear drop handles.

Prehistoric Survival

South America has a type of armadillo which has been declared by naturalists to be an attenuated survival of a prehistoric monster. There have long been legends to the effect that, in the unexplored heart of Brazil, there still are remnants of creatures which lived on earth in great numbers some millions of years ago. The rhea leaves tracks very similar to those left in fossil formations by dinosaurs. The dinosaur was not a bird and was, in fact, a quadruped, and the similarity is that both dinosaur of eons ago and rhea leave similar three-toed tracks. The African ostrich has but two toes.

Hard on Teeth

The Eskimo woman's teeth are conspicuous by their absence. They are practically worn down to the gums because she chews the skins before sewing in order to soften them and to have waterproof seams. The tough hide files the teeth down slowly but surely. An ivory splinter, whittled down to a fine point, is used as a needle. Filed teeth are not considered a drawback in Alaska, since it is a foregone conclusion that a woman without teeth is never a lazy woman.

The Eiffel Tower

The Eiffel tower is 984 feet high. It was built as one of the central attractions of the Paris exposition of 1889. Its designer was the French engineer Alexandre Gustave Eiffel; hence its name. After the exposition the French government decided to preserve it, and while it stands chiefly as a monument to engineering skill and an attraction for sightseers, it is also an important government station for meteorological observations and wireless telegraphy.

Auto Inspection Should Be Made More Rigorous

Seasoned Drivers Also Believe
In More Police Enforcement

Much more rigorous requirements for inspection of motor vehicles and still more enforcement activity by police, are the outstanding suggestions for greater highway safety agreed upon by a group of the most seasoned drivers in Massachusetts. These views represent the collective opinion of men who operate their automobiles more than 25,000 miles a year and who were organized into a "Milers" Club by the Governor's Committee on Street and Highway Safety, which today makes public the results of a questionnaire eliciting their personal experience with the automobile accident problem.

The "Twenty-five Thousand Milers" found an almost complete lack of effort by police to inform traffic offenders how their violation of the law affected the accident situation or what might be the accident experience of the location at which the offense was committed. This was the principal complaint against officers of the law. Most of these veteran operators admitted that the police who had stopped them, personally, for violations were justified on nearly every occasion.

More than half the "Milers" credited the police with being courteous. Those who offered criticism, however, were especially bitter in their indictment, attributing much of the public attitude of indifference toward highway hazards, to resentment at the surliness, arrogance and lack of co-operation of police officers. The majority of instances of discourtesy were attributed to local, rather than to State or Metropolitan Police.

The questionnaires revealed that the veteran operators, as a result of their own experiences, were practically unanimous in favoring concentration of effort by the police on only those motor vehicle law violations that cause the most serious accidents. They also favored the prompt apprehension of motorists committing those offenses and speedy disposition of their cases, with disposal of minor offenses through a series of warnings. The importance of certain safe driving habits, generally slighted by most operators, was established by the responses to the questionnaire. Proceeding on the assumption that the "Twenty-five Thousand Milers" observe the basic principles of good driving, the committee queried them only on some of the causes of accidents which are not widely recognized by the public as a whole. Following is a list of practices of the really well-versed driver:

1. Faithfully complies with traffic signals and stop signs, recognizing that the latter literally mean "stop" and nothing else.
2. Observes warning signs, such as "curve," "hill," "school zone," "railroad."
3. Carries spare light bulbs.
4. Is particular about being in the correct lanes for right and left turns.
5. Gives hand signals, believing them to be especially important.
6. Locks the doors, as well as ignition, when leaving the motor vehicle, even for a few minutes, either on the street or on private property.
7. Keeps a constant check on the condition of the motor vehicle and its equipment.

One fact brought out by the questionnaire was that even the State's most experienced operators did not all know the meaning of a flashing red traffic light. This corresponds exactly to an octagonal stop sign and signifies "Stop, then enter." Also a number of the "Milers" were not sure about a flashing green light or a flashing yellow light. The former means "slow down" on account of a special pedestrian crossing where an amber and yellow pedestrian light is likely to flash at any moment. A flashing yellow means caution. The shapes of the road signs had no significance to most of the operators, as for example, diamond—warning; square—informational; octagonal—stop; round—railroad crossing.

According to the veteran operators, motor vehicle laws are quite adequate if anything, there are already too many of them—with the exception of statutes dealing with equipment. In fact only about one-fifth of the replies showed satisfaction with present inspection standards. Most of the "Milers" would extend the inspections to include tires, rear view mirrors, windshields and stop lights. A few would add bumpers to the list. Nearly all would make the inspections more frequent. While about one-half are satisfied with the idea of a semi-annual inspection, the rest would have it at least quarterly. One suggests surprise inspections at irregular intervals. Several would have the State do the work itself, rather than through garages and service stations, with whose work these operators found considerable fault. Nearly all the replies showed that the owners carefully inspected their motor vehicles much more frequently than the law requires. Half of them have thorough inspections made "constantly" or "weekly," and a large number monthly and an equal number, quarterly.

The "Milers" were two to one in favor of the establishment of speed zones with the permitted speeds clearly labelled on main roads, as in Rhode Island and Connecticut. Many of the answers revealed a feeling that a copy of the motor vehicle laws ought to be more readily available to motorists. One proposal was that

any change in the law ought to be sent out to motorists with the blanks for renewals of licenses. A number of individuals asked for clarification and unification of laws relating to speed.

Practically without exception the veterans found that directional and route signs are adequate and understandable. They were evenly divided as to the adequacy of present lighting equipment. Only about a quarter of them claimed credit for reporting to authorities when they encountered dangerous highway conditions, but all readily agreed to do so in the future. One operator was honest enough to answer that he seldom observed traffic signals and stop signs. He said he realized their importance but that he simply disregarded them when there seemed to be no danger.

In addition to the foregoing general conclusion, the questionnaires brought out a number of individual suggestions, the most interesting of which are as follows:

More enforcement and less fixing. More highway patrols and stricter judges. Payment of fines immediately at Police Stations.

Heavier penalties for drunken drivers and great difficulty in such offenders getting their licenses back.

Stricter physical inspection of drivers, with re-examination every two years, together with boosting the age limit for licenses to 18 or even 21 years.

General use of more courtesy, co-operation and control.

Driving and traffic education in the high schools.

Creation of plain-clothes traffic squads. Establishment of a system of reports on violations by selected private citizens. Emblems for good conduct.

REAL ESTATE

John T. Burns & Sons, Inc., report that they have sold for Yvette R. Morrison her English type brick home located at 30 Chestnut Hill rd., Newton. The property desirably located and overlooking the reservoir comprises a single residence of nine rooms and three baths, together with two-car garage and 8,500 square feet of land. The total assessment is \$20,000. Mrs. John W. Corcoran buys for a home and will occupy at once.

Burns & Sons have also sold in Weston a lot of land on the corner of Glen and Pembroke rds. This desirable parcel contains 48,500 square feet, and will be cut into three lots by the purchaser, Guyton Nicolai. Mr. Nicolai intends to develop this land immediately by the erection of three brick single residences. The total assessment on the land is \$6,000. Mrs. Mattie P. Mazur was the grantor. Both of the above sales have been negotiated by the Burns agency.

Will Try to Force Razing of Burned Ice House at Centre

Aldermen To Give Public Hearing on August 6th

As a result of increasing demands on the part of Newton Centre and Newton Highlands residents asking for the razing of the remains of the ice house at Crystal Lake, Newton Centre, a public hearing was scheduled for the next regular meeting of the Newton Board of Aldermen on August 6. Several months ago a fire, apparently of incendiary origin, largely destroyed the ice house. Some of the walls fell down at the time of the fire and the other walls are still standing. It is claimed that the partially destroyed structure is not only an eyesore, but constitutes a danger to children who may stroll onto the property. The structure has a steel framework and double walls of tile. Between these walls, in most ice house construction, is insulation of bark.

Building Commissioner Hagemann, following the fire at the ice house on March 11, 1934, sent an order to the owners of the property to tear down the remaining walls as they constituted a menace. The Metropolitan Ice Company, which took over the property a few years ago from its former owners, the Crystal Lake Ice Company, did not tear down the remains of the building, but shortly afterwards announced that a permit for the rebuilding of the structure would be asked for. As the months have gone by and the unsightly structure has remained in its partly destroyed condition, the protests against permitting this eyesore to continue have increased. A letter of protest was sent on June 28 to Alderman Holden of Ward 6 by Mrs. Ellis Spear, chairman of the Civics Committee of the Newton Centre Women's Club. This letter reads as follows:

Dear Mr. Holden:

As you know, the Newton Centre Women's Club has no more meetings until October; nevertheless the urgency of a problem which has come to my attention as Chairman of the Community Service Committee makes me ask your co-operation.

I do want you to know, however, that my request is based on individual opinions of members of the Executive Board and of my Committee with whom I was able to get in touch at this time, and is not a formal vote of the Club, which it is our custom to obtain before taking part in any public matter.

We would like to request that the City take whatever action necessary to remove the ruins of the ice house on Crystal Lake, not because they are unsightly from every viewpoint, but because, in our opinion, they are a menace to the safety of the Community. Unfortunately, such places are particularly attractive to children and

Alleged Drunken Drivers Arrested

Edwin W. Haskell, 26, of 28 Cotton street, Roslindale was arraigned in the Newton court on Saturday charged by Patrolman Joe Smith with drunkenness and driving while under the influence of liquor. The case was continued to July 28. Smith arrested Haskell after a car driven by the latter had hit another automobile on the Worcester turnpike. Haskell resisted the arrest and was handcuffed. Smith called on a citizen to assist him while he drove his prisoner in a police car to the nearest patrol box.

Stanley Spencer of 40 Leslie road, Auburndale was arrested on Beacon street, Newton Centre at 1:40 a. m. last Saturday by Patrolman O'Donnell and Jenkins on the charges of drunkenness and driving while under the influence of liquor. He was arraigned in the Newton court on Saturday and his case was continued until August 8.

Sincerely yours,
(Signed) MARGARET L. SPEAR.
June 28, 1934.

Building Commissioner Hagemann has been interviewing officials of the ice company relative to the razing of the building. They contended that the structure is not a menace and there is no danger of its walls falling, as contended by those who demand that the ice house be torn down. Recently the ice company engaged the services of the C. T. Main Company, consultant engineers of Boston, specializing in mill construction. Mr. Rose of this engineering company made a survey of the burned ice house and reported that its steel framework is undamaged and in good condition. The ice company also informed the Building Commissioner that it will shortly file an application for a permit to rebuild two sections of the ice house, using the present steel framework, and part of the remaining building. Building Commissioner Hagemann states that although he would like to see the ice house removed and the site beautified, he cannot rule that the building is unsafe in view of the results of the engineering survey and his personal inspection. As a result of this decision of the Building Commissioner, the public hearing will not be held on August 6.

Last year a petition was received by the Aldermen asking that a permit be given to allow the ice house to be used as an automobile laundry and that a filling station be permitted at this property. The petition was refused. For the past few years ice has not been harvested at Crystal Lake and the big building has not been used for the storage of natural ice, as in past years. The Metropolitan Ice Company manufactures artificial ice and the supply of this ice for Newton is brought largely from a plant of the company at West Watertown. There has been a demand on the part of some that the city take the ice company property by purchase and use the site as a park to beautify Crystal Lake. Because of the depression, the large burden on taxpayers for welfare purposes, and the desire to save taxpayers from extra burdens, it is not probable that the city at the present time would buy any properties for park purposes.

Residents of Ward 6 and Ward 5 who are demanding the removal of the ice house will not abandon because of the contention that the remains of that building are not unsafe. They assert that the structure is unsafe and is legally a nuisance. Lawyers, among the protestants, cite the case of a turn-table in a railroad yard which was legally declared a nuisance because some children were injured while playing about it. Those who insist that the ice house ruins constitute a nuisance intend to continue their efforts to have the walls razed. Another building in this city which some citizens contend is a nuisance and should be razed is the large residence formerly used as the DeWitt Clinton School on Cotton st., Newton. This was largely destroyed by an incendiary fire a few years ago and has since remained in an unsightly condition.

Driver Involved In Fatal Accident Found Not Guilty

Frank Edgar of Wellesley, who was the driver of an automobile which hit John McBride of 432 Cherry st., West Newton on the night of June 1st as the aged man was crossing Washington st., West Newton, was found not guilty of driving to endanger by Judge Bacon in the Newton court last Friday. McBride, a city employee, died shortly after the accident at the Newton Hospital. An inquest was held before Judge Brown on the accident, and after hearing the evidence, he authorized the issuance of a complaint against Edgar, who was driving on a Connecticut registration.

At the trial Edgar testified he was driving at a speed of about 20 miles when the accident occurred and was blinded by headlights from a car behind striking the mirror in his car. Patrolman John Murphy testified that he observed Edgar's car and would estimate the speed at about 25 miles. William Gannon of Westland ave., West Newton said he heard the brakes applied on the car, and from the sound of the brakes would estimate the speed at about 20 miles. Special Officer Feeley, who was the complainant in the case testified that Edgar, at the inquest had estimated the speed at about 35 miles. Judge Bacon ruled that the evidence did not warrant the conviction of Edgar.

Guzzi's Efforts Restore Water Bubblers at W. New.

Two water bubblers are now providing water for the thirsty at the business section in West Newton. They are available for free drinks of the pure temperance beverage at the little park at the junction of Washington and Putnam streets. Credit for the restoration of the bubblers after they had been discontinued for several years is due largely to Alfred V. Guzzi of Mague place, West Newton. Mr. Guzzi, who has been a candidate for Alderman at several elections in recent years, has endeavored for the past few years to get the bubblers replaced. He interviewed Mayor Weeks on this matter recently and as a result of the Mayor's co-operation, West Newton children and adults are during the present hot spell obtaining great relief from the cool water issuing at the bubblers.

Mr. Guzzi informed the GRAPHIC that he requested Mayor Weeks to have settees placed at the small park (Blodgett Memorial) at the junction of Washington and Putnam streets, West Newton, and that the Mayor informed him that settees will be placed according to plans at the site of the old City Hall at Washington and Cherry streets, West Newton, when this site will have been landscaped. Mr. Guzzi said that he conversed with the Mayor regarding the installation of traffic lights on Washington street at Elm and Waltham streets and the Mayor said he would give this matter serious consideration.

Nonantum Man Injures Head While Diving

Arthur Boughan of 414 Watertown street, Nonantum, former Newton High School football star, received a severe head injury when he hit a rock after diving into the Charles River from Kendrick street bridge at Nahant street, Oak Hill last Friday evening at 6:30. The long drought has lowered the level of the water in the river and when Boughan took a dive off the bridge his head came in contact with the rock and he received a severe gash which bled profusely. He was assisted to the shore by Louis Lupo of 983 Chestnut street, Upper Falls and then taken to the Newton Hospital in a police car by Patrolman Smith.

Two Girls Hit by Car at Nonantum

An automobile driven by John McDonald, 23, of 103 Beech street, Belmont hit two young women on California street, near Dalby street on Wednesday. Helen Neville, 19, of 4 Meade street, Allston and Angelina Centola, 20, of 26 Portsmouth street, Brighton, were the victims. A third girl who was walking with them escaped. The Neville girl was pushed to the Newton Hospital in a car driven by Ambrose Corcoran of Salem; the Centola girl was taken to the hospital in a car driven by Joseph Cohen of Brookline. Both girls received head and leg injuries. McDonald reported that he was passing another car when he hit the young women.

Burglary At Newton Centre

The home of T. L. Dean at 131 Lake avenue, Newton Centre was entered and ransacked over the weekend. The loot taken was a child's bank containing several dollars. The jewelry of the family had been placed in a safe deposit box and this precaution foiled the burglar who entered and searched the residence. Entrance was made by breaking a kitchen win-

Forty From Newton at B.U. Summer School

Over Thousand From Many Places Attending

Among the thousand students attending Boston University's twentieth annual Summer Session are forty men and women from the various Newtons. Statistics released by Professor Altee L. Percy of Newtonville, director of the summer session, show a number of unusual facts. Thirty of the forty-eight United States are represented as are the District of Columbia, Canada, Nova Scotia, New Brunswick, China, Japan, Puerto Rico, the Canal Zone, Finland and Greece. The students have previously attended 220 other colleges or universities in the United States, Canada, England, Germany, Puerto Rico, Armenia, Smyrna, and Sweden.

Teachers head the list of students in the Summer Session, with 453 registered. Only two women listed themselves as housewives. The next two places are far below this group, with 192 listing themselves as unemployed, and 182 as students. Besides these three major groups, 59 other positions are enumerated and include such varied jobs as physical education directors, music supervisors, optometrist, retired naval officer, ministers, missionary, social workers, newspaper man, athletic trainer, teacher of expression and dramatic art, salesman, Symphony Orchestra violinist, legislator, mechanic, dean of women, college president, fireman, and investigator. The forty students from the Newtons are as follows:

Newton—Mrs. Dorothy Tremble Moyer, 382 Remick st.; Helen Sandstrom, 15 Richardson st.; Helen S. Shepherd, 50 Elliot Memorial rd.; Mary Stuart, 90 Boyd st.; John G. Teevens, 1367 Walnut st.; Ethel D. Green, 1011 Washington st.

Newtonville—Sadie V. Johnstone, 8 Otis row; Erna van der Groen, 34 Madison ave.

Newton Centre—Charles J. Brider, 127 Langley rd.; Reginald Lawrence Capon, 58 Channing rd.; Joseph Beery Eldridge, 44 Ellison rd.; Marie Cole Powell, 64 Garland rd.; Florence Sharpe, 472 Dedham st.; Ruth Taylor Stone, 53 Elmore st.; Pearl F. Zelevner, 49 Rowena rd.

Newton Highlands—Janet Kelleran Clark, 138 Allerton rd.; Clarence Elliott Churchill, 7 Ashcroft rd.; Priscilla Louise Hayden, 44 Harrison st.; Julian Ernest Jackson, 179 Allerton rd.; Mary Carroll McGary, 36 Rockledge rd.

Newton Upper Falls—Richard B. Crosscup, 999 Chestnut st.

Auburndale—Mildred March, 21 Melrose ave.; Arthur R. Wilson, 211 Central st.; Marjorie Winslow, 145 Woodland rd.; Jane M. Wyman, 38 Woodbine st.

Waban—Hertha Bergner, 180 Kent rd.; Doris Therese Davis, 83 Agawam rd.; Roger H. Haddock, 5 Irving rd.; Robert C. Patterson, 51 Holly rd.; John C. Rosenfeld, 26 Dorset rd.; Horace Denton Wood, Jr., 470 Chestnut st.

West Newton—Mrs. Elizabeth Benjamin, 22 Perkins st.; Evelyn R. No-

reen, 60 Adams ave.; Maurice E. Peters, Jr., 55 Ellis rd.

Rotary Club

If the United States would join Great Britain and Russia in a united front through diplomatic channels, Japan's aggressive policy against China in Manchuria would be greatly modified, was the opinion expressed by Mr. William C. Sandberg, of Boston, in answer to a question of one of the members of the Newton Rotary Club at Monday's meeting at the Brae Burn Country Club.

Mr. Sandberg, who as a member for several years of the Intelligence Department of the United States Army had a fine chance to observe conditions in the Far East, said it was hard to get the Japanese point of view unless you have lived in the country. They feel that nothing must stand in the way of getting relief from the density of their population. China's need of getting relief as well from a greater density even than that of Japan is of no concern to the Japanese. They simply feel that they must have Manchuria and are ready to break all agreements to gain their ends. They find the United States the greatest stumbling block in their way, and their ambassador is now hard at work trying to smooth the situation over.

The speaker expressed the need of a larger navy and more army planes as an answer to Japan. He had no sympathy for the pacifists, he said, and thought some of them must be in the pay of foreign powers. The interesting talk of Mr. Sandberg stirred up many questions and half of the audience remained for a special question period.

Among the guests present at the luncheon was Harold T. Dougherty for nine years librarian of the Newton Free Library and now holding a similar position at Westfield, Mass. Mr. Dougherty joined the local club soon after its organization in 1923 and remained until 1925, when he resigned his Newton position.

Newton Chamber of Commerce Has Annual Outing

The Newton Chamber of Commerce conducted a very enjoyable outing on Wednesday afternoon and evening at Old Silver Beach, West Falmouth. About 75 members of the Chamber and their friends journeyed in automobiles from this city to one of the most delightful spots on the Cape, and all agreed that the long trip was worth taking. The clean ocean water at this beach had a temperature of 71 degrees and there was just enough surf to add zest to the bathing which most of those who attended enjoyed. The full facilities of THE RIVIERA, the entertainment resort at Old Silver Beach, which is conducted by Newton men, were afforded to those who attended the outing.

During the afternoon in addition to bathing, an informal program of sports was conducted, which included a horse-shoe contest and a couple of foot races. Following dinner, which was served at 6:30, James P. Gallagher, next presented briefly on the role of toastmaster, delivered an address on co-operation in business and good will between men. He paid a glowing tribute to the dean of Newton business men, John T. Burns and introduced him as the first speaker of the evening. Mr. Burns spoke in a reminiscent vein and spoke in an optimistic way of the outlook for the future. Mr. Gallagher next presented Thomas W. White who commented briefly on some of his political experiences. The third and last speaker of the evening was James Dempsey who represented Mayor Weeks and who paid a high tribute to the Mayor.

The success of the outing was due in large part to the efforts of Rupert Thompson, secretary of the Chamber of Commerce, and to William A. Swett, well known Newton constable, who attended to the sale of tickets and transportation.

License Comm. Renews Molloy's Victualler License

The Newton License Board at its meeting on Thursday voted to grant to Thomas A. Molloy at 100 Needham st., Newton Upper Falls, a renewal of his common victualler license. The Board also recommended to the State Alcoholic Beverage Commission that Molloy again be granted a license to dispense beer and wine. Molloy, who is a native of Newton and bears a good reputation, was for years engaged in the trucking business. He formerly conducted the lunch room at Needham st., but was denied a renewal of his common victualler's license last May by the Board of Aldermen largely because he had turned over the management of the place to other parties. He now promises to manage the lunch room personally. The Board of Aldermen formerly had control over the issuance of common victualler licenses, but a State statute which places such control in License Boards, caused the transfer of authority in this city last month from the Aldermen to the Newton License Board.

Life Insurance Payments Increase

Statistics furnished by the "National Underwriter" show that in 1933 policyholders and beneficiaries in Massachusetts were paid \$168,500,000; an increase of 7% over the total paid in this State in 1932. Massachusetts ranks 8th in population among the States and 6th in payments of life insurance. Boston ranked 9th among the cities of this country and was 1st among the cities of this State. Life insurance payments there in 1933 amounted to \$19,700,000. Brookline was second with payments of \$9,225,000. Newton was in 13th place with payments of \$752,000. Among the communities leading it were Worcester, Lynn, Cambridge, Springfield, Fall River, Lowell, Lawrence, Somerville, Salem, Haverhill. The largest individual life insurance death payment in Newton in 1933 was \$85,000 on the policy of R. M. McLellan of Newton Highlands.

Brophy Candidate For Congress

Albert L. Brophy of 26 Eddy st., Waltham, announces that he is a candidate for the Democratic nomination as Congressman from the 9th District. He is a salesman for the Western Biscuit Company and is a former resident of Brighton. He is a member of the Waltham Democratic City Committee, but does not state that he has held any other elective political office.

Find Stolen Clocks In Cabot Woods

Special Officer Charles Feeley found two clocks off Blake street, Newton, near Edmonds Park on Wednesday. Following a tip, Feeley found the clocks hidden under some shrubs. He laid in hiding near the place until late Wednesday night to see if the person who hid the clocks would appear, but his vigil was without results.

Aldermen Hold Special Meeting

A special meeting of the Board of Aldermen was held on Monday night. The principal business transacted was the confirmation of Mayor Weeks' appointment of Richard Ellis as Director of Public Works. This followed a long session of the Board, sitting as a committee of the whole in secret session.

The following appropriations were made: Welfare Department, temporary clerks, \$373.53; Treasury Department, interest on water debt, \$1140.73; deficit bills of 1932, \$150; Street Department, drain in Temple street, \$1980; drain in Neholden road, \$3060; Water Department, main in Day street, \$1100; main in Shady Hill road and other streets, \$7400; salary of Director of Public Works, \$2312.60.

Because of opposition from residents of Oakleigh road, the petition of the Edison Company for a permit to erect three poles on this street, was given leave to withdraw. The Street Traffic Committee recommended that the curbs be removed on the turnpike reservation to allow a traffic crossover on Walnut street, which is now closed at the turnpike. The committee also recommended that a traffic signal be installed at the turnpike and Woodcliff road.

Auxiliary of Legion Presents Two Scholarships

Newton Unit No. 48, American Legion Auxiliary, held its regular monthly meeting Wednesday evening, July 25, in the War Memorial Building following which two scholarships were presented. These scholarships are the first presentations of their kind made by any single Unit of the American Legion Auxiliary in the Department of Massachusetts.

The guests of the evening were William Richard O'Connell, 1934 graduate of The High School of Our Lady, Newton, and his mother Mrs. Maurice O'Connell.

Mr. O'Connell and Miss Doris Viles, 1934 graduate of Newton High School were presented to the Unit after the regular business of the meeting had been transacted and were received by Mrs. Corabelle G. Francis, past president of Newton Unit, and Past Department President of American War Mothers, who made most impressive and inspiring remarks to the two young people and presented each of them with the Unit scholarships which were voted in June.

Mr. O'Connell will attend Holy Cross College while Miss Viles has registered as a student at Burdett College in Boston.

Miss Viles and Mr. O'Connell made appropriate expressions of thanks to the Unit. Mrs. O'Connell and Mrs. Viles, mothers of the two young people were also presented.

Mrs. Gracy Carey, Unit member and originator of the Scholarship fund was presented and gave an additional message of inspiration.

Scott Candidate for Assoc. City Comr.

Carroll E. Scott of Medford, secretary of the Middlesex County Taxpayers' League, and president of the 14th Engineers (A. E. F.) Veterans' Association, has announced that he will be a candidate for the Republican nomination to the non-salaried office of Associate Commissioner, Middlesex County. His name will be on the ballot in 54 cities and towns in Middlesex; Revere and Winthrop in Suffolk at the September 20 primary.

Mr. Scott is a communications engineer with offices in Boston; captain in the army reserve; graduate of Tufts College; has been active in the county as a member of the American Legion and the V. F. W., and is a member of several professional, scientific and fraternal organizations.

Newton Centre Man Suicide

Michael J. Hickey, 64, of 1056 Beacon street, Newton Centre, committed suicide by hanging himself at his home last Friday afternoon. He had become despondent following the death of his wife, which occurred about a year ago. He was a native of Ireland and had resided in this city for about twenty years. He had been a gardener by occupation and was employed for many years by Frank Remick of West Newton. He was an expert grower of pansies. His funeral service was held on Monday morning at Sacred Heart Church, Newton Centre and interment was at Paterson, New Jersey.

Speeders Fined In Newton Court

Antonio Ferrari of Wellesley was fined \$10 in the Newton court last Friday for speeding and \$5 for not having his license in his possession. Harold A. Somers of Dorchester and George Murray of Milford were each fined \$5 for speeding. Clarence Hayward of Worcester, charged with speeding offered the alibi to Judge Brown, that he was trying to pass another driver who had prevented him several times from passing, when Patrolman Dowling intercepted him for speeding. The judge placed his case on file.

Ellis Appointed Director Public Works by Mayor

Aldermen Suspend Rules to Confirm Appointment

Richard H. Ellis, Water Commissioner of Newton since 1930, was appointed to the newly created office of Director of Public Works for the City of Newton by Mayor Weeks on Monday. The appointment was submitted to the Board of Aldermen at a special meeting held on Monday night, and the Board suspended the rules to permit the confirmation of the appointment on that night, instead of waiting until the succeeding meeting to make the confirmation. The salary attached to the new office is set at \$6000, minus the 7 1/2% existent salary deduction taken from city officials and employees. The Aldermen also appropriated \$2312.60 to pay the salary of the Director from August 1st to the end of this year.

Mr. Ellis was born on August 12, 1893, at Lawrence, Massachusetts. He was educated in the Lawrence schools, at Phillips Exeter Academy and at Dartmouth College, from which he graduated in 1916. While at Dartmouth he majored in civil engineering at the Thayer School of Engineering. After graduating he was appointed Superintendent of Public Works for the Town of North Andover. In 1917 he entered the United States Army and was commissioned as an officer in the Meteorological Section of the Signal Corps. He served with the A. E. F. in France until 1919. He then returned to his position at North Andover where he had charge of the water and sewer departments and municipal engineering.

In 1930, following the retirement of J. Clifton Whitney, veteran Water Commissioner of Newton, Mr. Ellis was appointed in the Mayor's place as his successor. The appointment was made following long recommendations of Mr. Ellis by leading experts in the field of water works engineering in New England. During the several years that he has served as Water Commissioner of Newton he has modernized the Water Department of this city. Among the major improvements made have been the remodeling and enlarging of the former station of the Water Department at Edinboro street, Newtonville so that now there is an up to date service plant and garage there; the enlarging of the pumping station at Newton Upper Falls and the installation of new turbine pumps and generators in it; the elimination of dead ends in water mains throughout the city for the purpose of preventing sediment from being washed into the water supply; the construction of filtration basins at the water reservation in Needham; and the treatment of the water to make it more palatable. In addition to improving the efficiency of the Water Department, Mr. Ellis has shown executive ability to a marked degree. He is highly commended by his subordinates.

The new Director of Public Works is married and resides at 37 Halcyon road, Newton Centre. His wife is the former Violet Appleyard of Methuen. They have one child, Richard W. Ellis, who will enter the Newton schools next September. Mr. Ellis is a member of the Boston Society of Civil Engineers and the New England Water Works Association. He is a Past President of the latter organization. In his new office he will have direction and advisory control of the Street Commissioner, Water Commissioner and City Engineer. In recommending the creation of the new office, Mayor Weeks told the Board of Aldermen that he believes it will assist in co-ordinating the activities of the departments involved and result in large economies to the city.

The retirement of Street Commissioner Stuart and the promotion of Water Commissioner Ellis will necessitate in the immediate future of the appointments of their successors in these two offices.

Testimonial To Sergeant Sullivan

About 200 persons gathered at Elks Hall, Newton on Tuesday night to honor Sergeant Michael J. Sullivan of the Newton police department who was recently promoted to this rank. The committee in charge was headed by Ralph Petrillo and Raymond Sullivan. Serg. Sullivan was presented with a wrist watch and his wife with a bouquet of roses. The presentation speech was made by Charles P. York. Following a collation a program of speeches and music was enjoyed. James P. Gallagher was toastmaster and those who spoke included Chief Hughes, Captain Veducello, Lieut. Mahoney of the Newton police, and Alderman William Sproat.

Arrest Many for Drunkenness

The extreme humidity of last Friday apparently caused an unusual number of persons to become too humid in this city. Friday afternoon and night eleven men were arrested in Newton charged with drunkenness. Ten of these were arraigned in the Newton court on Saturday; the other had been released. Two, also charged with drunken driving, had their cases continued. Two were fined \$10 each, one youth was sent to the Shirley Industrial School, from which he was on parole; one was committed to the State Farm, and another was given a suspended jail sentence of 10 days.

TEAMS IN TWI LEAGUE STRENGTHEN FOR COMING PLAYOFFS

At a meeting of the Newton Twi League held at Newton Centre, Wednesday, the final players lists for this season and the play-offs in the Newton Twilight League were approved and by vote of the managers became effective Thursday, July 26th.

Many teams strengthened for the final drive; Y. M. C. A. adding 3 pitchers, "Red" Joyce and Geo. Hokanson of last year's championship team and Brad Dyer, former Cub ace. Umpires are given full power to remove from the game players who become abusive or who deliberately violate rules of good sportsmanship.

Tentative plans were made for a benefit game for Tabald, second baseman of the Silver Lake team, who was injured in Tuesday's game with the City Club. This game will be played at the close of the regular season.

The race for play-off positions has narrowed down to six teams with Auburndale by virtue of 10 wins and with only six games remaining to play being practically sure of a place.

The outstanding upset of the week was the defeat of Newton A. C. at the hands of Centre A. C., this being the first win of the season for the latter team.

Outstanding pitching performances were turned in by Joe Green of Upper Falls in defeating the Boys' Club and Cliff Choquette for Boys' Club in defeating Upper Falls.

STANDING
(Including Tuesday, July 24th)

	W.	L.	P.C.
Auburndale B. B. C.	10	4	715
Upper Falls T. T.	8	4	667

Donovan, Robert Fernald, Richard Jarrell, Gordon Naylor, Kersam Chochman, Paul Ober, Basil Ridgeway, Leo Geary, Franklin Rich, David Guherman, Carl Geis, Jackson Skillings, Gilbert Adams, Richard Fraser, Jean Fredey, Jack Morris, Herbert Rich, Louis Bremmer, Everett Brooks, Porter Jarrell, Joseph Manning, Robert Borovoy, Malcolm Clarke.

Lower Half—Francis Broughton, Daniel Goodridge, Donald Grant, Frank Peola, Thomas Slattery, John Scott, Paul Rich, William Vawter, Willard Babcock, Chester Wilson, Victor Haven, T. Peterson, Frank Wetherbee, Horace Wood, T. O. Sylvester, Harry Sylvester, Gordon Kitchin, Sam Wyatt, Wesley Dynes, Walter Michael, William Porter, Arthur O'Neill, Edwin Codman, Charles Hall, J. Donovan, George Bown, Robert Foley, Brewster Williams, Robert Ashley, Frank Killian, Donald Manchester, Norman Harris.

Seeded players are as follows: 1, Donald Martin; 2, Norman Harris; 3, Malcolm Clarke; 4, Harry Sylvester; 5, Gordon Kitchin; 6, Leo Geary; 7, Francis Broughton; 8, Basil Ridgeway.

NEWTON CENTRE TOWN CLUB SEEKS GAMES

On Monday, July 30th, the Newton Centre Town Club will play the St. Ignatius of Chestnut Hill at the Newton Centre Playground. The game will start at 6:15 P. M. The Newton Centre Town Club would like games with any team averaging nineteen years. Call Antony Lombardi N. N. 4654M.

Have you read the Boston Globe lately? Have you seen Emily Post's etiquette talks, Lois Leeds' beauty tips, and Culbertson's bridge lessons? Next time, get a Globe!

BACON ALREADY HOME

The paterfamilias explains daily to his small son that he has to go downtown to work "to bring home the bacon."

The other evening some friends called and invited the family to go on a motor trip the following day. The parent said he couldn't go. He'd have to go to work. At that the son dashed out of the room and came back in a moment to shout delightedly:

"It's all right, daddy, you can go with us. I just looked in the ice box and there's plenty of bacon there!"—Cleveland Plain Dealer.

Taking No Chances
Mummy was listening to little Dennis saying his prayers, while grannie sat knitting.

Toward the end of his prayers mummy was surprised to hear her little son raise his voice and positively roar:

"And, please, can I have a motor car for my birthday?"

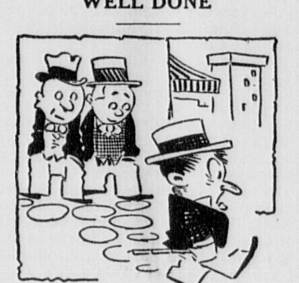

"But, darling," she protested, "God isn't deaf!"

"No," answered the little chap seriously, "but grannie is!"

Will Get the Best
A lady walked up to a flower seller in London and asked for a shilling's worth of blossoms. After the purchase the lady inquired, "Will you be here next Wednesday, as I shall want some flowers for my daughter. She's coming out on that day?"

"She shall have the best in the market, ma'am," the woman answered. "What is she in for?"

WELL DONE

"So Tom lost his position at the city hall. Did he get a raw deal?"

"No; he was fired on a cooked-up charge."

A Sticker for Mother
"Mother, it's polite always to say 'Thank you' for anything, isn't it?"

"Yes, dear."

"And it's rude to speak with your mouth full, isn't it?"

"Certainly."

"Well, then, mother, if I say 'Thank you' with my mouth full, am I polite or rude?"

His Pal
A private, walking down a street with his sweetheart, met a sergeant belonging to his regiment.

"My sister, Sergeant," said the bashful young man.

"That's all right," said the sergeant, smiling, "she used to be mine."

A Smart Postman
The man is angry with the postman for not delivering a letter correctly.

Man—Now, suppose I addressed a letter to "The Biggest Idiot in Christendom," where would you deliver it?

Postman—Send it back marked "Returned to Sender."

Must Be
Mother—Willie, how is it that no matter how quiet and peaceful things are, as soon as you appear on the scene, trouble begins?

Willie (modestly)—I guess it's just a gift, mother.

TOO MANY HEIRS

"Where there's a will there's a way." "Not always. Sometimes there's a law suit."

Can't Fire the Cook
Woman—Does your husband kick about the meals?

Other Bridge Player (smiling)—No; what he kicks about is having to get them.

His Friends Won't Tell Him
"I have here an anonymous letter in which the writer calls me a rogue, swindler, liar—"

"It must be from a business connection."

"The Fied Piper" and How He Disposed of the Rats

In the Middle Ages, Hamelin, Germany, suffered terribly from a plague of rats and mice. In the spring of 1284, according to the story, a man appeared, dressed in the varicolored costume of a strolling musician, and told the city fathers that he could free the town from the small pests. A sum of money was agreed on, recalls a writer in the New York World-Tribune, to be paid if the stranger could fulfill his promise. He thereupon went through the streets playing on his pipe, and the rats and mice streamed out and followed the musician in a long procession into the Weser, where they all drowned, while the piper swam to shore.

He then demanded his payment. The city fathers demurred. The job had been too easy, they declared, to justify giving out so much money. The piper, angered, went away. He came back on June 26, clothed this time as a hunter. It was a Sunday morning, and all the citizens were in church.

The piper began blowing a strange melody, and all the children in the town from four to fifteen years old, followed him, dancing as they went.

When they reached the Koppenberg, a hill not far from Hamelin, a door opened and all entered, except two children, but one was deaf and the other blind, and they could give no clear report of what had happened.

One of the many interesting Renaissance houses in the town recalls the vengeance of the deceived piper. This is the "Rattenfaengerhaus," the rat-catcher's house, a beautiful specimen of German Renaissance. It was built in 1603 as part of the dowry of a young noblewoman.

Sudden Death Is Natural for Big Game, Says Guide

Very few big game animals die of old age or disease, though occasionally some of them do meet death from such causes in the late winter or very early spring, in the opinion of a woods guide, who related some of his observations on causes of death among animals, in the Boston Transcript.

According to this authority most animals that are weakened by disease or age fall easy prey to their enemies before death can overtake them from either of the former causes.

"A few times I have found a dead moose," he wrote. "Probably it had become weakened from disease and died from exposure and lack of food. Some years moose are found with large lumps on the body; lumps such as rabbits have, a tick we call it. That is, in the early spring. I doubt if many big game animals die a natural death during the summer and fall. When deer or moose get to be so old that they are not able to keep out of the clutches of such animals as may prey upon them, they are hunted and killed and eaten."

"Black bears go after moose, and bears and wildcats after deer."

Roman Numerals
Roman numerals chiefly used are I for 1, V for 5, X for 10, L for 50, C for 100, D for 500 and M for 1,000. Thousands are sometimes indicated by drawing a line over a numeral; V with a dash above it is 5,000. In combining the symbols, a letter placed after one of greater value adds to it; thus XI is 11. A letter placed before one of greater value subtracts from it, so that IV is 4. When a symbol stands between two of greater value it is subtracted from the second and the remainder is added to the first; XIV is 14. Of two equivalent ways of representing a number, that in which the symbol of larger denomination precedes is preferred. For 45, XLV is preferable to VL. Usage tends to favor the shorter form, however, if the alternative is very long; it prefers IX to VIII for 9, and MCM rather than MDCCC for 1900.

7-Foot Roman Skeleton Found
Peasants plowing near Potenza in southern Italy found the skeleton of a soldier still wearing his helmet and the medal he won in the Second Punic war of 200 B. C. The medal is inscribed Scipio Africanus on one side and Hannibal Punicus on the reverse, showing that the warrior fought for the Roman Scipio who, having conquered Hannibal the Carthaginian, took to himself the name of Africanus. The man was nearly seven feet tall, as his skeleton proved before it crumbled into dust at the touch of the fresh air. All that then remained were the embossed helmet and the medal.

Odd Way to Punish
An odd way of punishing incorrigible prisoners is used in Fontevault abbey, one of the grimmest prisons in France. From 10 a. m. to 7 p. m. daily, they are locked in a large room and made to march for 50 out of every 60 minutes between stone blocks set in checkerboard arrangement at 4 feet apart. After this nine-hour ordeal, they are given one bowl of soup and sent to bed.—Collier's Weekly.

Then and Now
Due to excessive ice and snow in the winter of 1839-40, copies of the Presidential message that was delivered early in December did not get to the Ohio state capital until January 2. In 1845 President Polk's message was brought by stage coach in 34 hours and 2 minutes. "Such rapidity," declared the Ohio Statesman, "can hardly be believed, and speaks volumes for the enterprise of the age."

"Brakes Can't Break"

Suspending a 3500 pound Nash Big Six coupe by one of the $\frac{3}{8}$ " cables used in its Bendix braking system was the manner in which N. E. Wahlberg, vice-president in charge of engineering, proved the tremendous factor of safety built into all Nash cars. Measurements made following the impressive demonstration showed no stretching had occurred in the cable strands and that the tensile limit of the cable had scarcely been approached. E. H. McCarty, president of Nash, and C. H. Bliss, vice-president and director of sales, were interested observers of the test.

Recent Deaths

JAMES F. MURPHY

James F. Murphy of 84 Boyd st., Newton, died on July 23 following a long illness. He was born in County Meath, Ireland, 69 years ago, and came to Newton with his parents when 3 years of age. His father, the late James Murphy, was for many years a well known Nonantum business man. The deceased was for many years superintendent of the Newton Forestry Department, retiring a few years ago because of poor health. He was a member of Newton Lodge of Elks and Waltham Lodge of Moose. His funeral service was held on Wednesday at Our Lady's Church and burial was in Calvary Cemetery, Waltham. He is survived by his widow, Mrs. Emma (Devine) Murphy; two daughters, Miss Agnes Murphy and Mrs. Harry Thomas; five sons, James, Nicholas, Thomas, Robert and Joseph Murphy; and a sister, Mrs. Mary Dunn of Washburn st., Newton.

MRS. IDA J. JACOBSON

Mrs. Ida J. Jacobson of 37 Pleasant street, West Newton, wife of Axel Jacobson, died on July 20. She was a native of Sweden and had lived in West Newton for 22 years. She is survived by her husband; a son, Albert R. Jacobson; a daughter, Edith Jacobson; a sister, Mrs. Hilda Anderson of Harvard; and a brother, Enoch Anderson of Detroit. Her funeral service was held last Sunday afternoon at Swedish Congregational Church, Waltham. Burial was in Mount Peake Cemetery.

MRS. MARGARET HAINES

Mrs. Margaret (McAuley) Haines of 723 Beacon st., Newton Centre, died on July 24. She was born 55 years ago at Big Bras d'Or, Cape Breton and had lived in this city for over 30 years. She is survived by her husband, Harry L. Haines; four sisters and a brother. Her funeral service will be held this afternoon at 2 at her late home. Rev. Donald McCloud of Belmont will officiate. Burial will be in Newton Cemetery.

THOMAS F. BOHEN

Thomas F. Bohen of 11 Merton st., Newton, died on July 25 at St. Luke's Hospital, New Bedford. He was born in Brooklyn, N. Y., 67 years ago, and had resided in this city for about 10 years. He was a bonded weigher by occupation. He is survived by his widow, Mrs. Margaret M. Bohen; a son, Thomas M. Bohen of New York; and three daughters, Miss Margaret Bohen of Newton, Mrs. F. E. McCarthy of Waltham and Mrs. Joseph Roster of Taunton. He was a member of Newton Council, Knights of Columbus. His funeral service will be held Saturday morning at the Church of the Presentation, Brighton, and burial will be in St. Joseph's Cemetery, West Roxbury.

MRS. HARRIET de FREYTAGS

Mrs. Harriet J. deFreytas of 830 Commonwealth avenue, Newton Centre, died on July 22. She was the widow of Charles S. deFreytas and for many years made her home in Wellesley. She was born in Brookline 69 years ago, the daughter of George and Jane (Ogilby) Mumford. She is survived by four daughters, Mrs. E. C. Cummings of 830 Commonwealth avenue, Newton Centre, Mrs. W. S. Farnsworth of New York City, Mrs. Claude Fillion of Weston and Miss Lillian deFreytas of Weston; and three sons, Clifford deFreytas of Newton, Edmund deFreytas of Roslindale and John deFreytas of Boston. Her funeral service was held yesterday afternoon at her late home; Rev. Edward T. Sullivan officiated. Interment was at Newton Cemetery.

Deaths

JACOBSON; on July 20 at 37 Pleasant st., West Newton; Mrs. Ida J. Jacobson, age 47 yrs.

HAINES; on July 24 at 723 Beacon st., Newton Centre; Mrs. Margaret Haines, age 55 yrs.

BOHEN; on July 25 at St. Luke's Hospital, New Bedford; Thomas F. Bohen of 11 Merton st., Newton; age 67 yrs.

SPINNEY; on July 20 at 57 Mount Vernon st., Newtonville; Harry R. Spinney, age 57 yrs.

MURPHY; on July 26 at 61 Bourne st., Auburndale; Mrs. Veronica B. Murphy.

Marriages

MacDOUGALL—DONALDS; on July 14 at Newton by Rev. Daniel Rioridan; Hugh MacDougall of Boston and Catherine Donalds of 22 Orchard st., Newton.

WOOD—SEELEY; on June 1 at Hartford, Conn., by Rev. F. H. Jacobs; Cecil N. Wood of 450 Highland st., Newtonville and Myrtle Seeley of 450 Highlands st., Newtonville.

MORRISON—McLEAN; on July 19 at West Somerville by Rev. Alexander Mitchell; John Morrison of Malden and Jennie McLean of 10 Burnham rd., West Newton.

MUTRIE—BOYDEN; on July 21 at Brookline by Rev. J. B. Welch; Francis P. Mutrie of 17 Fellsmere rd., Newton Centre and Alice Boyden of Brookline.

EATON—KELLY; on July 21 at Chestnut Hill by Rev. James Risk; Charles Eaton of 483 Dedham st., Newton Centre and Anna Kelly of Boston.

COSSETT—HAUPTMAN; on July 21 at Natick by Rev. E. B. Holmes; Bruce Cossett of 60 Elmwood st., Newton and Alice Hauptman of Natick.

WINSHIP—LYNES; on July 21 at Waban by Rev. Dennis Donovan; John F. Winship and Louise Lynes, both of 15 Coyne rd., Waban.

McKINNON—DUNBAR; on July 21 at Brookline by Rev. E. B. Van Zandt; Loughlin McKinnon of Bronx, N. Y. and Annie Dunbar of 255 Fuller st., West Newton.

OLMSTEAD—BARNUM; on July 16 at Cambridge by Rev. C. B. Wyman; Curtis Olmstead of Boston and Marcelle Barnum of 116 Chestnut Hill rd., Chestnut Hill.

CALNAN—BUTMAN; on July 24 at Newtonville by Frank Grant, J. P.; John Calnan of 64 Beecher place, Newton Centre and Elizabeth Butman of 11 Hale st., Newton Upper Falls.

BERARD—METHOT; on July 22 at Nonantum by Rev. J. K. Madore; Solime J. Berard of 25 Capital st., Nonantum and Marie Methot of 44 Capitol st., Nonantum.

BARBERIO—SCANDALE; on July 18 at Needham by Clarence Foss, J. P.; Francis Barberio of 57 Oak ave., West Newton and Mary Scandale of 333 Cherry st., West Newton.

NOURSE—McALEER; on July 23 at Newton Centre by Rev. C. H. Davis; Morton Nourse of Arlington and Helen M. McAleer of 136 Clark st., Newton Centre.

MAIDAN—CALNAN; on July 24 at Boston by Rev. W. P. Foley; Leo Maidan of Belmont and Mabel Calnan of 1329 Centre st., Newton Centre.

Births

HANSEN; on July 24 to Mr. and Mrs. Elmer Hansen of 50 Cummings rd., a son.

HEAD; on July 24 to Mr. and Mrs. Julian Head of 118 Langley rd., a son.

NORLEY; on July 24 to Mr. and Mrs. Arthur Norley of 4 St. James terrace, a daughter.

WILLEY; on July 22 to Mr. and Mrs. John Willey of 635 Washington st., a son.

LORD; on July 18 to Mr. and Mrs. Howard Lord of 19r Adams st., a daughter.

SHELTON; on July 19 to Mr. and Mrs. Clarence Shelton of 82 West Pine st., a daughter.

RUTLEDGE; on July 19 to Mr. and Mrs. John Rutledge of 336 Ward st., a son.

LIVERMORE; on July 20 to Mr. and Mrs. George Livermore of 92 Varick rd., a son.

MULOCK; on July 13 to Mr. and Mrs. Harold Mulock of 17 Scribner park, a daughter.

KELLY; on July 14 to Mr. and Mrs. James Kelly of 1071 Beacon st., a son.

McLEAN; on July 14 to Mr. and Mrs. George McLean of 14 Thornton pl., a daughter.

ZELLA; on July 14 to Mr. and Mrs. James Zella of 63 Lincoln rd., a son.

CARUSO; on July 16 to Mr. and Mrs. Sebastian Caruso of 8 Mague pl., a son.

MURPHY; on July 6 to Mr. and Mrs. Cornelius Murphy of 89 Faxon st., a son.

CAPACHETTI; on July 10 to Mr. and Mrs. Eugene Capachetti of 34 West st., a son.

O'DONNELL; on July 11 to Mr. and Mrs. John O'Donnell of 61 Broadway, a daughter.

Sandpaper Backing Was Originally Just Paper

Sandpaper backing was originally ordinary paper. With the development of strong manila fiber papers these were adopted as more satisfactory backing materials. Later, says a writer in the Scientific American, for special uses, backings of cloth or a combination of cloth and paper gave better service and endured greater stress. The strength of glues and adhesives also was vastly improved.

The primary form of sandpaper has generally been the roll, made in widths up to 36 inches. From this were cut sheets, disks, covers for drums and molded forms to meet special requirements in various industries. The nature of the grits, or abrasive particles, was exhaustively studied, and countless experiments made to improve their efficiency. Quartz, though tough, did not provide sufficient strength for severe work in the metal trades. Experiments were made with other materials. Garnet, the same mineral used for jewelry, was found to be highly satisfactory, especially for woodworking, and is used to produce the familiar "red" sandpaper.

A revolutionary development came with perfection of the electric furnace. It was found that aluminum oxide and silicon carbide could be fused at high temperature to make two synthetic minerals which, when crushed, provided grains of amazing hardness with extremely efficient cutting edges. Garnet, aluminum oxide and silicon carbide are the minerals almost exclusively used for sandpaper coatings.

Darwin Discovered Rhea; Bird Was Named for Him

It was Darwin who first brought world attention to the rhea. When, a century ago, he visited Patagonia, he found the bird and captured a specimen. This type became known to science as the Rhea Darwini. It was not until about a half century ago that domestication of the ostrich and ostrich farming on a commercial scale was undertaken. In the late Victorian days it was a good business. Reference to any Godey book or other Victorian fashion plate will reveal how necessary was the ostrich feather as an appurtenance of dress. The fact that the prince of Wales bears three ostrich feathers as the crest of his coat of arms, and that it was decreed that all women presented at the Court of St. James must wear ostrich feathers in their hair, all served to give vogue to the handsome plumes.

At first the Patagonia rhea was hunted on the pampas. The gauchos, mounted on their fleetest horses, pursued the swift-striding birds with boleadoras. The boleadora is a wicked weapon consisting of two or three weights attached to the ends of leather thongs. The rider, on gaining striking distance, would whirl his boleadora round his head and then let fly. The weights would carry the thongs whistling through the air, the object being to strike the neck or legs of the rhea which would be likely to stumble from the impact and, in any event, would become entangled in the thongs.

Must "Capture" Brides

The marriage ceremony in many parts of Poland is an elaborate pageant. Marriage by capture still prevails, with the groom and his friends dashing up to the bride's house on spirited horses, seizing the bride and running off with her. The procession through the village is led by bagpipers, fiddlers and flutists. The married and maiden friends of the couple wage a mock tug-of-war symbolizing the struggle of the bride whether to marry or remain in single blessedness. The groom and his friends are dressed in costumes of black and red, with hats adorned with peacock plumes. The bride is crowned with a tall wreath of roses and daisies tied with rainbow ribbons; she is sure to have rows and rows of beads wound about her neck and a bright velvet cloak and silk apron over her full skirt. Dancing and feasting last for two days and nights.

Great Apes Pair for Life

The great apes have a strong family sense. This is particularly true of the gorilla and the chimpanzee. In the African bush gorillas live in herds that travel together, the herds being made up of monogamous pairs and their children. A gorilla pair mates for life, and often there will be several children of different ages in a family at the same time, explains an explorer. This stair-step arrangement of children is educationally advantageous, for the youngsters learn from the older children. Many of the lower species of monkeys live polygamously—the baboon, for example, supports a large harem—but practically all monkeys are zealous, and indeed jealous, in attendance on the solicitude for their offspring.

Wolverine Is Disliked

The wolverine is a despicable character, according to a zoologist. Larger than a shepherd dog, he prowls alone. He is such a greedy thief that by common repute he is known throughout the Canadian northwest as "the glut ton" and "the devil." The wolverine raids cabins and systematically destroys. He will follow a trapper's line of traps and destroy every animal he finds in them. The wolverine is the only animal known which deliberately spoils property and fouls foods which he cannot eat or carry away. He is exceedingly sly and clever; it is almost impossible to keep a wolverine in confinement.

CAP AND BELLS

COUGHT TO KNOW

Little Maryellen lives near a college campus and she spends much time watching the college students.

"Mother, what are those girls doing?" she asked one day when she noticed a class of nature study students catching butterflies.

The mother was busy and instead of answering in a way that would satisfy the child's curiosity, she replied: "I don't know."

"Well," said the four-year-old severely, "you should know; you went to college."—Indianapolis News.

He Needs a Bleaching

An Irish Guards officer called up a sergeant and spoke of the unsoldierly appearance of a recruit.

"He looks very slovenly, sergeant."

"Yes, sir."

"Are you sure he washes?"

"Yes, sir."

"Absolutely certain he washes?"

"Yes, sir, but he dries a bad color, sir."—Tit-Bits Magazine.

Hardest Part

Brown entered the artist's studio and gazed at the draped canvas on the easel.

"Have you finished with your picture yet?" he asked.

"No; I still have the hardest part of it to do," replied the artist.

"Really! What is that?" asked Brown.

"Sell it," came the doleful reply.

GONE TO HIS HEAD

"You look so queer, Mr. Candle."

"Well I do feel awfully light headed!"

Speculation

"Can the stock exchange be regulated?"

"Of course," answered Mr. Dustin Stax. "You can make speculation more difficult. But that won't make any difference to people who really want to gamble. Some of 'em are even now gambling on whether new rules can be made to work."

His Terrifying Experience

Miss Gushin—It must be wonderful to be a parachute jumper. I suppose you've had some terrible experiences. Parachutist (fed up)—Yes, miss, terrible. Why, once I came down where there was a sign "Keep off the Grass."

Wife's Experiment

Hubby—What kind of cookies are these?

Wife—Oatmeal cookies, dear. Hubby—They taste rather queer.

Wife—I was afraid they would. I didn't have any oatmeal to put in them.

Indirect

"There is direct and indirect taxation. Give me an example of indirect taxation."

"The dog tax, sir."

"How is that?"

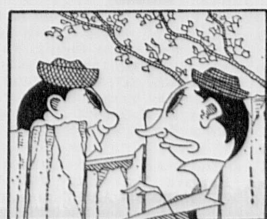

"The dog does not have to pay it."—Globe (Toronto).

Play No Favorites

Man—Do you girls really like conceited men better than the other kind?

Girls (simultaneously)—What other kind?—Christian Advocate.

LEAVE IT TO 'EM

"Did you tell your wife everything you did while she was away?"

"No, the neighbors attended to that."

A Slight Mistake

Washerwoman—I can't think why you are complaining. The lace curtain is not spilt.

Lady—Lace curtain—that was a bedspread.

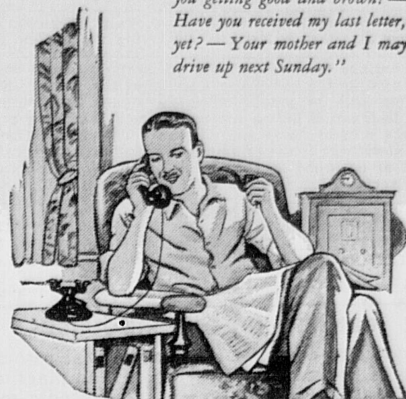

Pictures

Movie Hero—My X-ray picture will be expensive.

Movie Queen—Yeh, I hope they won't need any retakes.

CALL AGAIN, SON!

"It's nice to hear from you—Glad you like camp so well—Are you getting good and brown?—Have you received my last letter, yet?—Your mother and I may drive up next Sunday."

ONLY A TELEPHONE can fill the bill when sons and daughters are away at camp or school, or just visiting. The sound of their voices every so often is tremendously reassuring, and there are a lot of little things that mothers—and fathers, too—want to say, and many questions for which they'd like to have answers in person.

To illustrate the low cost of toll calls made during the evening and night rate periods, the following typical rates are cited for a 3 minute station-to-station call (that is, a call by number) from

Recent Weddings

RICHARDSON—DURBIN

Last Saturday afternoon at 4:30 p. m. in the First Baptist Church of Newton Centre Miss Mary Durbin, daughter of Mr. and Mrs. Vernon Durbin of Woodward st., Waban, was married to Mr. William E. Richardson of West Newton, Rev. Mr. Arbuckle officiating. Only the families and a few close friends were present. Mr. and Mrs. Richardson left soon afterward for New York where they sailed on the Britannic for a summer cruise.

BAIRD—CLEVERDON

Mr. and Mrs. Herbert S. Cleverdon of Newton Center, announce the marriage of their daughter, Miss Elizabeth Cleverdon, to Stuart D. Baird, son of Mr. and Mrs. Fred H. Baird, also of Newton Center. They will make their home in that section of Newton.

Recent Engagements

RECENT ENGAGEMENTS

Mr. and Mrs. Harry P. Cottle of West street, Reading have announced the engagement of their daughter, Miss Marion A. Cottle, to Edward A. Kevorkian of 126 Eastbourne road, Newton Centre. Miss Cottle is a graduate of Colby Junior College, 1931 and of the Pierce Secretarial School. Mr. Kevorkian graduated from Brown University in 1927.

Mrs. Edith T. Barber of Newton has announced the engagement of her daughter, Miss Priscilla Barber, to Dr. Percy Moore Fitch, son of Dr. and Mrs. William Fitch of St. Johnsbury, Vermont. Miss Barber attended Lasell Junior College. Dr. Fitch is a graduate of Tufts College and Tufts Dental School. A September wedding is planned.

NEWTON RENTALS

The Mahlon W. Hill Rental Department reports a continued rental activity evidenced by the following homes recently leased through their office: The brick and Colonial located at 70 Temple street, West Newton Hill, consisting of nine rooms and four baths, and unusually well-landscaped grounds was leased to William J. Ireland; Mr. Ellory Peabody was the lessor. At 115 Dorset rd., Waban, the French Norman home owned by Edwin L. Sprague has been leased to H. G. Kern. The home at 231 Mill st., Newtonville, owned by Louise Wright has been leased to Edward L. Bond. At No. 13 Betrand rd., West Newton, Harry H. Baird has leased a home from Davis & Vaughan Realty Co. The furnished home at No. 14 Ellison rd., Newtonville has been leased to A. G. Konkle by A. G. Marshall. The brick and frame Colonial owned by Caroline J. Aldred has been leased to Mr. Carl McKinley. This home is located at 353 Woodward st. in Waban. The single frame home located at 34 Bothfield rd., Newton Centre, has been leased to Mrs. Herbert S. Potter. Mr. Milton Fisher has rented the single home at 15 Burr rd., Newton Centre, from Mr. F. F. Martin. The duplex located at the corner of Centre st. and Commonwealth ave., Newton Centre, has been leased to E. H. Anderson by C. E. Libby, and the apartment at 183 Al- lerton rd., Newton Highlands has been leased by Mr. Phillip Molloy; Laura Knight being the lessor.

CONSERVING OUR RESOURCES

The proposal to conserve the agricultural resources of the great plains of the middle west through the planting of a tree belt from Canada to Mexico would undoubtedly seem as fantastic to Jules Verne as "Twenty Thousand Leagues Under the Sea" did to his readers of several generations ago. Yet the project is backed up by modern day science. The area affected is about 1000 miles long and 100 miles wide, nearly one-tenth of it planted to trees. It is proposed to plant windbreaks, one mile apart, running north and south. Each windbreak will be about 115 feet wide and will cover fourteen acres out of each square mile. The western border of this belt will follow approximately the line of eighteen inches annual rainfall. The Government will purchase or lease only the land needed for the strips with the area between remaining under private ownership. The project will cost at least seventy-five million and will be completed in approximately ten years. One of the initial steps will be the establishment of a chain of nurseries where seedlings of trees of native origin will be grown for planting.

The project entails a small sum in relation to some of the other governmental expenditures under the various letters of the alphabet, but this one, at least, should meet with almost universal approval. The present summer of drought and the noticeable signs of the encroaching of the desert upon the fertile plains of the middle west is not to be taken lightly. The establishment of the Civilian Conservation Corps camps within the past two years has furnished an army of young foresters upon whom much of the work will doubtless fall. Historians of the future may well ignore many of the other alphabetical experiments but this one seems to have an excellent chance of becoming permanent. And what a story of pioneering and romance of nature it will unfold.

TWENTY YEARS AGO

Twenty years ago on July 29th the world war opened following the earlier assassination of the Crown Prince of Austria. Today Austria is the locus of another assassination which may again lead the nations of Europe on the road to war. Who knows what rapidly succeeding events will bring in the near future. It does not seem possible that the world could again be plunged into another morass similar, and even more dreadful than the last. When we stop to realize that either Germany or France, the two largest of the eastern European nations are only approximately the size of the States of Texas and New York together we often wonder how it is possible for events in such a small corner of the world to affect the destiny of even the most humble of us. Yet Germany, with about one-half the population of the United States and France with about one-third are densely populated areas. What would conditions in the United States be, we wonder, if half of the population was concentrated in the States of Texas and New York with other nations of different languages, different customs and different policies surrounding us on all sides.

During the past fifteen years there has been constant emphasis placed on the utility of war. It cannot be denied War is futile. War breeds fear and hate—it fosters revenge. The world does not want war—it wants peace. It would seem almost that the lessons of twenty years ago are being forgotten.

THE NEW PUBLIC WORKS COMMISSIONER

Mayor Weeks has appointed Water Commissioner Richard H. Ellis to the newly created position of Director of Public Works for the City of Newton. The director's duties will be to coordinate the work of the street, water and engineering departments to the end that the work of each may be carried on with economy and efficiency. In his position as Water Commissioner for the past four years Mr. Ellis has shown much ability and has lived up to the recommendations which preceded him as a possible successor to the previous Water Commissioner, Clifton Whitney. Since 1930 the Water department, aided by the proper and judicial appropriation of necessary funds, has taken several important steps toward providing an adequate and pure water supply for the citizens of Newton. To be sure Mr. Ellis has encountered some criticism in various ways, but that criticism, we believe, has not been harmful to either Mr. Ellis or the users of Newton's water. Furthermore, Mr. Ellis has had previous experience in a position similar to that which he will occupy beginning August first, which should be of great value to him in setting up the new position here. He was employed in an almost similar capacity by the town of Andover for several years prior to coming to Newton. We believe that Newton citizens wish Mr. Ellis the greatest success in the larger work for which he has been chosen.

TWO MORE APPOINTMENTS TO BE MADE

The appointment of Water Commissioner Ellis to the position of Director of Public Works and the resignation of Street Commissioner George E. Stuart, both to become effective on August first, leaves two more appointments for Mayor Weeks to fill in the very near future. These two positions are among the most important of all city departments. Each position requires visionary, yet conservative progressiveness, together with practical experience. In addition, like in all other municipal positions, the appointee must have personality and ability to deal with his employers—the citizens—in order to be of real value to the city. Not an easy task, by any means, to make such appointments. However, that is just one of the many reasons why the voters of Newton elected Mayor Weeks—because of their confidence that he would exercise the proper care and judgment in making such important appointments as became necessary.

The report that Washington will authorize the building of new naval vessels at the Charlestown Navy Yard is welcome around Boston. It means continued employment of two thousand or more persons. There are few who believe that the strength of the United States naval force should not be brought up to that authorized by the naval treaty. Uncle Sam is duty bound to protect his citizens.

New Director of Public Works

RICHARD H. ELLIS

NEWSBOYS' WEEK

The seven days beginning last Wednesday have been set aside as "Newsboys' Week" and particular attention is being called to the work of the Burroughs Newsboys Foundation in Boston. Here is a worthwhile enterprise. Through the interest and efforts of the late Harry Burroughs many newsboys have experienced a helping hand over the difficult places in their young lives. They have been given opportunities for education, for improved health, for athletics and other beneficial activities which can never be calculated in terms of dollars and cents. Who has not thrilled to the stories of men who have climbed to the topmost rungs of the ladder from a humble beginning as a newsboy on the street corner? When we stop to purchase our daily newspaper we may not know but what we are helping a future captain of industry, a future financier, or perhaps even a future political leader. Surely the Newsboy is entitled to his "week."

The spark of inspiration bids fair to return the Davis Cup, trophy of international tennis superiority, to its native shores in the coming weeks' play in England. While John Bull may be the favorite the play of the American team against Australia in the inter-zone finals, if continued, will not accept defeat.

Dillinger has met the expected end. No one doubted a different result. It was only a question of how long he could evade it. Although he left a trail of robbery and murder that even surpassed that of Jesse James there is still a moral in his life that we may well impart to the youth of the nation.

Jewett Candidate For County Comr.

County Commissioner Victor F. Jewett, of 756 Westford street, Lowell, who has the distinction of being one of the two oldest members in point of continuous service in the history of the Massachusetts General Court, today announces his candidacy for the Republican nomination and for reelection as county commissioner of Middlesex County.

Commissioner Jewett, who has been Republican floor leader in the House of Representatives for the past 14 years, was appointed as a Middlesex County Commissioner last December, to fill the vacancy caused by the death of the late Commissioner Erson Barlow, of Lowell.

He was the unanimous choice of the other commissioners and of the Middlesex clerk of courts, who are legally designated to make such appointments, and his selection was hailed in Republican circles as a master stroke which brought to Middlesex County an official of vast experience and outstanding ability.

Mr. Jewett subsequently resigned from the floor leadership, which he has held for so many years, and devoted his entire attention to Middlesex affairs.

Born in Lowell and educated in the public schools of that city, Mr. Jewett is a member of a family which has been identified for generations with the politics of that city and of the State. His grandfather served three terms as Mayor of Lowell and was also a Governor's council member.

Commissioner Jewett graduated from Harvard University with the class of '05 and an A.B. degree, and shortly thereafter made his initial venture into politics, being elected to the Lowell City Council. In 1910 he was unanimously elected as president of the Council, and in 1912 he was elected as Representative in the Legislature, along with Rep. Henry Achin, Jr., also of Lowell.

From that time until his appointment as County Commissioner last December, he and Rep. Achin served together in the Legislature, the two Representatives thereby establishing an all time record for length of such service in this State.

A careful reading of the Boston Globe over a period of one month will show you why you want the Boston Globe in your home every day.

Tide Water Oil To Build Huge Boston Terminal

The Tide Water Oil Company will proceed at once with the building of a 45-acre fireproof marine petroleum terminal on the Chelsea River, in the harbor at Boston, giving employment to between 500 and 1,000 men, it was announced recently by Edward L. Shea, President.

The ultimate development of the site will provide for the storage in fireproof tanks of 43,000,000 gallons of Tide Water gasoline, range oil, fuel oils, lubricating oils and greases. Immediate construction plans call for the erection of eight large tanks, of a capacity of 21,500,000 gallons, together with ample warehouses, garages, loading facilities and a large dock for the mooring of the Tide Water marine fleet of ocean-going and coastwise vessels and barges.

Contracts have already been awarded for the foundations and tanks. The entire project is expected to be completed by January 1, 1935.

"The development of the Boston terminal follows a study of several years to discover and adopt the most economic method of transporting gasoline, and other petroleum products into our rapidly increasing New England market," says Mr. Shea's statement. "This particular location has the advantages of deep water for the docking of our largest ocean-going tankers, excellent rail facilities for shipments and receipts by tank car, and the availability of the new highway running directly north from the center of Boston to points along the eastern New England shore which we shall use for trucking operations. We have requested contractor to draw upon the local communities for the labor necessary."

"This project is another step taken by Tide Water Oil Company to round out its program of developing water terminals along the Atlantic Coast, which has been in progress for the past eight years. Through the chain of terminals and its marine fleet which, in 14 years has grown from one small coastwise vessel of 6,500-barrel capacity to 14 large vessels of 904,000-barrel capacity, this company can now avail itself of the lowest cost transportation facilities possible for the distribution of its products in any area. The latest features of design will be incorporated to make this one of the most modern fireproof terminals in the world."

About Town

By Edward H. Powers

Newton druggists are good natured men but their patience is taxed providing free drinks of water to scores of thirsty children. One druggist suggests that the City of Newton should have some consideration for children, as well as adults, who can't afford to buy sodas or other cooling drinks. Bubbler have been installed at Newton Centre, Upper Falls and West Newton. One certainly is needed at Newton Corner.

We have been requested by a resident of Jewett street, Newton to comment on the fact that automobiles are parked on both sides of this narrow street, making it almost impossible for cars to pass. In 1931 the Board of Aldermen passed a traffic ordinance prohibiting parking on one side of Jewett street. This ordinance is not being enforced. The Jewett street resident also complains that automobiles are being garaged on Jewett street all night long without being properly lighted.

The practice of double parking, or stopping trucks and cars on streets in business districts of the Newtons has become so common as to cause increasing traffic hazards. If the policemen on duty at the various business sections would summon into court those who violate the traffic ordinance in this manner, this nuisance might be abated.

In last Sunday's BOSTON GLOBE was a well written and interesting article by one of the staff of that paper in which he described a trip on a huge truck which is one of the hundreds carrying freight between Boston and New York. He told of the terrific speed at which these big vehicles are operated on public highways. As we remarked in last week's GRAPHIC in commenting on Registrar of Motor Vehicles Ryan's criticism of the speed at which busses are operated on highways—"Why are busses and trucks allowed to be operated at such speeds by the State Police?"

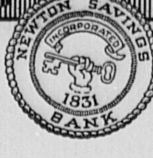

John Dillinger met the kind of death he rated the other day. This young man from a small country town in a little over a year burst from obscurity to national notoriety by his reckless and ruthless career of robbery and murder. And, strange though it may seem to many, Dillinger is regarded as quite a hero by many thousands of folks in the mid-west; people who are not of the criminal class; every day, law abiding persons. Probably they arrived at this queer state of mind because they realize that while Dillinger was a robber, he was a bandit who risked his life each time he raided a bank and he stole openly and brazenly. These admirers of Dillinger's audacious methods may have been the victims of bank robbers of a different type. Robbers who did their looting in a cancerous way; working stealthily from the inside; as officials of the banks they wrecked by embezzling the life savings of many thousands of persons in humble circumstances. Dillinger and his gang took the lives of nearly a score of persons, directly or indirectly. According to Associated Press information it is estimated that he and his comrades in crime stole about \$241,700 in his hectic career of banditry.

Compared to the unctious, hypocritical bank robbers who speculated the moneys entrusted to their care in banks in this country during the orgy years of speculation which preceded the crash, Dillinger was a "piker." One doesn't have to go to Indiana or Chicago to find those who did "inside jobs" on banks and who by devious ways took millions of dollars. We had some of these polite crooks in Massachusetts. They were not shot; they didn't even go to jail. They escaped through powerful influence of one sort or another. They ruined the lives of thousands of confiding victims who were reduced to poverty, who suffered worry over the misappropriation of their savings. The great majority of bank officials in this State and the country are honest men who have labored under tremendous difficulties during the past five years. It is too bad their task of helping solve the existent economic mess has been made harder by the dishonesty of a comparative few.

Twenty years, almost to a day, since the fatal events occurred which precipitated the World War, a recrudescence of the European political disease breaks out in the same country (or the little left of it) which started the World War. Do you use your memory to visualize how this country was sucked into the rotten European mess in 1917? Do you pause to think how we have been double-crossed by the countries the gullible U. S. A. saved from defeat and conquest? France, the alleged bulwark of Liberty; England, the Mother Country of this nation; dear little heroic Belgium; Italy and the rest of our beloved allies to whose aid we sent millions of men and billions of dollars. And who have since been according us the Bronx cheer. Isn't it too bad we are not tangled up in the League of Nations so that we would have to participate in the next European orgy of wholesale murder?

We had a visitor last Monday in the person of Frank A. Brooks of Watertown who is a candidate for the Republican nomination for the Governor's Council from the 3rd District, which includes Newton. We had never met Mr. Brooks before, although we had read many times of his activities during the 17 years he was chairman of the Parole Board of Massachusetts, and we had admired him for the courageous racket for several years prior to his retirement last August. A mutual friend suggested to Mr. Brooks that he visit the writer, and he came.

Frank A. Brooks is a native of Pittsfield. He was a county commissioner of Hampshire County for 6 years and

NEWTON SAVINGS BANK

"The Place for My Savings"

was responsible for the building of the first county hospital in this State. He also was responsible for the installation of the water works system in the Town of Williamsburg, while a resident of that section. At the request of President Coolidge, whose personal friend he was, Mr. Brooks accepted from Governor McCall the Chairmanship of the Parole Board, to which office he was reappointed by Governors Coolidge, Cox, Fuller and Allen. His work in this office merited high praise from all these Governors. He differed with Governor Ely because of the many pardons granted by the latter to murderers. In making these pardons Governor Ely had the support of the majority of the members of the Executive Council, including Mrs. Esther Andrews, member from the 3rd Councillor District. Shortly after he retired from the Parole Board last August, Mr. Brooks announced that he would be a candidate for the Governor's Council. He had observed so much pernicious activity for the purpose of obtaining pardons for murderers and other criminals in recent years, that he deemed it his duty to the people of the Commonwealth to use his knowledge of conditions and his experience to combat insidious political influence from nullifying the proper administration of justice in this State.

There has been much ado in recent months about the prevalence of crimes of violence in Massachusetts; about the apparent immunity of so many vicious criminals. The activity of General Needham and others in their efforts to arouse Massachusetts to the seriousness of the situation, and the atrocities committed by the Millens and Faber, climaxed in much agitation against crime, and in large sums of money being appropriated by cities and towns to purchase modern equipment and weapons to cope with criminals. Newton, within the past few months has expended some thousands of dollars for such purposes.

There has been much criticism by the press, by citizens and particularly by Republicans against Governor Ely and members of his council during the past few years because of the many pardons they have granted to prisoners convicted of murders. It has been made a political issue. There has been much publicity given to the efforts of Mrs. Esther Andrews, councillor from this district, not only for her efforts in assisting "lifers" to obtain pardons, but for her activity in the case of "Red" Snyder, for whom a determined fight was waged so that he would escape being executed for the brutal murder of a filling station attendant at Somerville. Mrs. Andrews is actively opposing the candidacy of Mr. Brooks.

One murderer who received a pardon, for whose pardon Mrs. Andrews worked, was Harold Vandercar who had served 13 years of a life sentence for slaying Charles Thomas, a Leo-minster policeman at the victim's home when Thomas entered it unexpectedly and found Vandercar there; the latter having had intimacies with the wife of the victim.

Mr. Brooks is not and never has been, a politician, in the common understanding of this term. He is strongly opposed to political influence being used either to prevent the sentencing of criminals, or the paroling or pardoning of criminals. He is not hard hearted, but he does stand for the policy that those serving life terms, or other terms as a result of having committed crimes, should be paroled or pardoned on merit and not on political or other insidious influence. He calls attention to the fact that the pardoning of undeserving criminals disrupts the morale of prisoners in this State. The other prisoners, many of whom are much more deserving of pardons than those favored, naturally become disgruntled.

Propaganda is being disseminated against Mr. Brooks by the rumor that he is the recipient of a pension. He states that he has never received a penny from any kind of a pension, either from the State or otherwise. He did not even accept the contributory retirement benefit to which he was entitled. He only was repaid the amount of money he had paid into the contributory retirement fund.

CHRISTIAN SCIENCE

"Truth" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, July 29.

The Golden Text is: "Lead me in thy truth, and teach me: for thou art the God of my salvation; on thee do I wait all the day" (Psalms 25:5). Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And he was casting out a devil, and it was dumb. And it came to pass, when the devil was gone out, the dumb spake; and the people wondered" (Luke 11:14).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The same power which heals sin heals also sickness. This is 'the beauty of holiness,' that when Truth heals the sick, it casts out evils, and when Truth casts out the evil called disease, it heals the sick. When Christ cast out the devil of dumbness, 'it came to pass, when the devil was gone out, the dumb spake'" (p. 135).

Railroads in War Time

Under government operation during the World War the primary railroad goal was to move the traffic arising out of war demands as expeditiously as possible. Railway executives had admitted their inability to do this satisfactorily. That is why the government assumed operation of the properties.

Fishes Have Tongue

The tongue is present in fishes, but is a hard and immovable swelling in the floor of the mouth and is practically devoid of muscles. In a few species, teeth are developed on the tongue.

All Kinds of Household and Family Articles Needed

HIS MEAN IDEA

The bachelor was paying his recently married friend a visit.

"Well," said the latter, after they had inspected the flat, "what do you think of it?"

"Pretty good," praised the bachelor; "but there's one thing that has struck me as rather strange. Why did you choose a flat with such a tiny kitchen?"

The married man winked artfully. "You're the first man I've told this to, so keep it quiet," he whispered. "It's so small that I can't get in there to help my wife when she's doing the dishes."—Stray Stories.

No Self-Starter

When the clock struck midnight, and there was still no evidence of departure from the parlor, father came to the head of the stairs.

"I think you should give the young man his coat," he called to his daughter.

"Your father is just a crank," said the boy friend.

"Perhaps so," replied the father, who had overheard the remark, "but when there is no self-starter, one is necessary."

WISE TO HUBBY

"Did your husband take you to the ball game?"

"Yes, and I wonder why I can't ever get him to talk to the cook like he does to the umpire."

Salesmen Get Lonesome

Salesman (beginning to unroll his samples)—I'd like to show you—

Merchant (emphatically)—No, no, I'm not interested.

Salesman (eagerly)—But couldn't I just show you?

Merchant (firmly)—Not a chance. I'm not interested.

Salesman (wistfully)—Well, would you mind if I looked at them myself? I haven't had a chance to look at them for three weeks.

The Stolen Rope

"Have you a copy of 'The Stolen Rope'?" inquired the visitor to a music seller.

"I am afraid I don't know of such a song."

"Why, it goes like this:—And the customer hummed the tune."

"Why, you mean 'The Lost Chord,'" said the assistant.

"Ah, that's it!"

Precious Package

As a teacher I have heard many funny things said by children, but this is the best.

"What is cowhide chiefly used for?" I inquired of my class one day.

A boy raised his hand.

"I know, sir," he said brightly. "To keep the cow together, sir."

was the reply.

FATAL

"Children should be seen and not heard."

"True, and in that respect I know a lot of old folks who haven't grown up."

Energetic Reformation

"Crimson Gulch used to be famous for its bad men," said the traveling salesman.

"We're reformed," answered Cactus Joe. "We're on the side of law and order. Roundup an outside bandit or kidnaper is a heap better sport than merely shooting up one another."

Should One Tell All?

"Can you forgive me and love me still?" asked the new-made bride, "when I confess that my teeth are artificial?"

"Thank goodness," cried the groom as he snatched off his wig. "Now, I can cool my head!"—Tit-Bits Magazine.

Complete

"Please, ma'am, there is a beggar outside."

"Give him some bread and jam."

"He says he has seen better days."

"Then give him a linen napkin as well."

Popularity

"Are you trying to be popular?"

"Yes," answered Senator Sorghum, "and it's a hard game. In order to be popular with one element of society you've got to make yourself as unpopular as possible with another."

No Doubt About It

Mother—Did you ever hear of a person who suffered by imitating a good example?

Child—Yes, mother, a counterfeit.

THE SECOND CHURCH IN NEWTON WEST NEWTON

Rev. Boynton Merrill, D.D., Minister

William Lester Bates Organist and Choirmaster

July 29

10:45 A.M.—Morning Worship. Rev. Roswell Park Johnson will preach.

MORTGAGEE'S SALE
OF REAL ESTATE

By virtue and in execution of the power of sale contained in a certain mortgage given by Osgood Nutting to the Newton Mortgage Corporation, dated October 14, 1930, and recorded with the Middlesex South District Registry of Deeds, Book 5507, Page 487, for breach of the conditions contained in said mortgage, and for the purpose of foreclosing the same, will be sold at public auction on the premises hereinafter described at ten o'clock in the forenoon on Saturday, August 11, 1934, all and singular the premises conveyed in and by said mortgage and thereinafter described as follows:

SOUTHERLY: by Moreland Avenue forty six and 21/100 (46.21) feet; SOUTHWESTERLY: by Moreland Avenue and Pine Crest Road by a curved line fifty nine and 22/100 (59.22) feet; WESTERLY: by Pine Crest Road one hundred three and 10/100 (103.10) feet; NORTHEASTERLY: by lot numbered eighteen (17) on said Plan eighty (80) feet; and EASTERLY: by lot numbered nineteen (19) on said Plan one hundred fourteen and 22/100 (114.32) feet.

Containing 10.09 square feet of land, be any or all of said measurements or contents more or less.

The premises will be conveyed to me by foreclosure deed to be recorded herewith, foreclosing a mortgage from Angelo Cammarino to Albert H. Macaulay and Merrill C. Nutting dated September 23, 1926, recorded with said Deeds, Book 5019, Page 59.

The premises are conveyed together with whatever rights and easements I have in and over the ways shown on said plan, and subject to first mortgage of \$7,500.00 to the Widely Savings Bank.

The premises will be sold subject to all unpaid taxes, tax liens and other municipal assessments, if any.

Terms of sale: Two hundred dollars in cash at time and place of sale and balance within ten days thereafter. Other terms to be announced at sale.

MARY C. M. NUTTING
Assignee and present holder of said mortgage.

Lisette F. Heersson,
42 Judkins Street,
Newtonville, Mass.,
Attorney for said assignee.
July 20-27-Aug. 3.

MORTGAGEE'S SALE

By virtue and in execution of the power of sale contained in a certain mortgage given by Thaddeus S. Grant and Annie E. Grant, his wife, in her right as Newton Cemetery Corporation, dated October 4, 1920 and recorded with Middlesex South District Registry of Deeds, Book 5145, Page 163, for breach of the condition of said mortgage and for the purpose of foreclosing the same, will be sold at public auction on the premises hereinafter described as follows:

SOUTHERLY: by Austin street eighty (80) feet; EASTERLY: by a drive-way, lot numbered eight (8) on said Plan eighty-four and 47/100 (84.47) feet; SOUTHERLY: by lot numbered ten (10) on said Plan eighty (80) feet; WESTERLY: by lot numbered nine (9) on said Plan eighty-four and 47/100 (84.47) feet.

Containing according to said plan sixty-nine and 1/10 (69.1) square feet of land, be any or all of said measurements or contents more or less.

The premises are conveyed to said Annie E. Grant by James L. Richards and Eugene C. Smith, Trustees up Austin st. and the said deed dated March 20, 1919 and recorded with Middlesex South District Registry of Deeds, Book 4251, page 565.

The premises will be sold subject to all unpaid taxes and assessments if any, and to the effect of outstanding tax deeds or titles if any.

Three Hundred Dollars (\$300) in cash will be required of the purchaser at the time and place of sale. Other terms at the sale.

NEWTON CEMETERY CORPORATION,
Mortgagee.

By H. Wilson Ross, Treasurer.
